

A copy of this preliminary prospectus has been filed with the securities regulatory authorities in each of the provinces of Canada but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary prospectus may not be complete and may have to be amended. These securities may not be sold until a receipt for the prospectus is obtained from the securities regulatory authorities.

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise. This prospectus constitutes a public offering of these securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities. These securities have not been and will not be registered under the United States Securities Act of 1933, as amended and, subject to certain exemptions, may not be offered or sold in the U.S.

PRELIMINARY PROSPECTUS

Initial Public Offering

May 2, 2008

SUNSTONE U.S. OPPORTUNITY REALTY TRUST (the "Trust")

SUNSTONE U.S. (2008) L.P.
(the "Investment LP")
(collectively with the Trust called the "Issuers")

Minimum: US\$5,000,000 (4,000 Trust Units)
Maximum: US\$50,000,000 (40,000 Trust Units)
US\$1,250 per Trust Unit
(the "Offering")

The price per Trust Unit is stated in U.S. dollars.

This Prospectus qualifies the distribution of up to 40,000 units of the Trust (each a "Trust Unit") at a price of US\$1,250 per Trust Unit (the "Offering Price"). **Purchasers are required to acquire a minimum of ten Trust Units.**

	Price to Public ⁽¹⁾⁽²⁾	Agents' Commission ⁽¹⁾⁽³⁾	Proceeds to Issuer ⁽¹⁾⁽⁴⁾
Per Trust Unit			
Per Trust Unit ⁽⁴⁾	\$1,250	\$100	\$1,150
Minimum Offering⁽⁵⁾			
4,000 Trust Units ⁽⁴⁾	\$5,000,000	\$400,000	\$4,600,000
Maximum Offering			
40,000 Trust Units ⁽⁴⁾	\$50,000,000	\$4,000,000	\$46,000,000

(1) The price per Trust Unit is stated in U.S. dollars.

(2) The Offering Price was determined by negotiation between the Lead Agent and the Trust. No third-party valuation was obtained.

(3) The promoter of this Offering, Sunstone Realty Advisors Inc., will co-ordinate the placement of the Trust Units through the Agents and sub-agents in the jurisdictions where the Trust Units are offered for sale. A commission and fees will be paid to the Agents and any sub-agents in connection with this Offering, at a rate equal to 8% of the gross proceeds of the Offering (the "Agents' Commission"). As a further incentive to the Agents, Sunstone LLC has agreed to pay to the Agents an amount equal to 25% of any amounts realized by Sunstone LLC in respect of its Incentive Management

Interest. The Agents may assign all or part of their compensation entitlements to sub-agents effecting sales of Trust Units. As well, Sunstone LLC will pay to the Agents, on an annual basis in arrears, a trailer fee equal to 1/6th of the Asset Management Fee paid to Sunstone LLC pursuant to the General Partner Services Agreement. Such trailer fee will only be paid by Sunstone LLC to the Agents if it is collected by Sunstone LLC. The Agents may assign all or part of the trailer fee to sub-agents effecting sales of Trust Units. Pursuant to the Cost Sharing and Recovery Agreements the Agents' Commission and expenses incurred with respect to the Offering will be borne entirely by the Property LP (refer to "Plan of Distribution – Agency Agreement").

(4) Before deduction of the balance of the expenses of the Offering estimated at \$225,000 to \$400,000.

(5) Subject to the qualifications and assumptions discussed under the heading "Canadian Federal Income Tax Considerations", the Trust Units will, on the date of closing, be qualified for investment by RRSPs and similar Plans. If the Trust ceases to qualify as a mutual fund trust, a Trust Unit will cease to be a qualified investment for RRSPs and similar Plans. Adverse tax consequences may apply to a Plan, and an annuitant thereunder, if the Plan acquires or holds property that is not a qualified investment for the Plan (refer to "Canadian Federal Income Tax Considerations").

(6) There will be no closing unless a minimum of 4,000 Trust Units are sold not more than 90 days after the date of the receipt for the Final Prospectus (as hereinafter defined). **Purchasers are required to acquire a minimum of ten Trust Units.**

This is a "blind pool" Offering. Although the Issuers expect that the available net proceeds of the Offering will be applied by the Property LP in the purchase of one or more Properties, the specific Properties in which the Property LP will invest have not yet been determined. In any event, if the maximum Offering of 40,000 Trust Units is sold, the Issuers expect that the Property LP will apply approximately \$45,600,000 (approximately 91.2% of the gross proceeds of the Offering) to the purchase price and other acquisition costs of one or more Properties (including the Financing Fees payable to Sunstone LLC), and to the creation of working capital reserves and reserves for renovations and upgrades. If only the minimum Offering of 4,000 Trust Units is sold, the Issuers expect that the Property LP will apply approximately \$4,375,000 (approximately 87.5% of the gross proceeds of the Offering) to the purchase price and other acquisition costs of one or more Properties (including the Financing Fees payable to Sunstone LLC), and to the creation of working capital reserves and reserves for renovations and upgrades.

There is no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. See "Risk Factors".

An investment in the securities offered by this Prospectus must be considered speculative as the securities are subject to certain risk factors as set out under the heading "Risk Factors". An investment in Trust Units is appropriate only for Purchasers who have the capacity to absorb a loss of some or all of their investment.

The cumulative, non-compounded Minimum Return of 8% per annum payable to limited partners of the Property LP, which will ultimately form part of the distributions available from the Trust to Trust Unitholders, is a preferred return, but is not guaranteed and may not be paid on a current basis in each year or at all. However, such return will be paid prior to payment of the Incentive Management Interest to the Property GP.

"Related Parties" (as defined in the Glossary of Terms) shall not, in total, subscribe for more than 25% of the Trust Units sold pursuant to the Offering.

Sunstone Realty Advisors Inc. ("Sunstone") is a connected issuer of one of the Agents, Sora Group Wealth Advisors Inc. ("SGWA"), due to the ownership by the principals of Sunstone, Darren Latoski and Steve Evans, of an aggregate of 3.4% of the outstanding shares in the capital of SGWA (refer to "Relationship Between the Trust and Investment LP and the Agents").

Given the uncertainties involved in connection with predicting the Trust's annual earnings and debt servicing requirements, it is impossible to determine the amount of earnings that the Trust will require to attain an earnings coverage ratio of one-to-one.

The return on an investment in the Trust Units is not comparable to the return on an investment in a fixed-income security. Cash distributions are not guaranteed and their recovery by an investor is at risk and the anticipated return on investment is based upon many performance assumptions. Although the Trust intends to distribute its available

cash to the holders of Trust Units, such cash distributions may be reduced or suspended. The ability of the Trust to make cash distributions and the actual amount distributed will depend on the operations of the Properties acquired by the Property LP with the proceeds from its issuance of Property LP Units, and will be subject to various factors including those referenced under the heading “Risks of Real Estate Ownership” in the “Risk Factors” section of this Prospectus. In addition, the market value of the Trust Units may decline if the Trust is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for Purchasers to consider the particular risk factors that may affect the real estate market generally and therefore the stability of the distributions to Trust Unitholders (refer to “Risk Factors” for a more complete discussion of these risks and their potential consequences).

The after-tax return from an investment in Trust Units to Trust Unitholders who are subject to Canadian income tax can be made up of both a return on and a return of capital, and will depend, in part, on the composition for tax purposes of distributions paid by the Trust (portions of which distributions may be fully or partially taxable or may be tax deferred). Subject to the SIFT Measures (as defined herein) and various other tax considerations (refer to “Canadian Federal Income Tax Considerations” and “U.S. Federal Income Tax Considerations”), income (i.e. return on capital) is generally taxed in the hands of a Trust Unitholder as ordinary income, capital gains, or dividends. Amounts in excess of the income of the Trust that are paid or payable by the Trust to a Trust Unitholder (i.e. return of capital) are generally non-taxable to a Trust Unitholder (but reduce the Trust Unitholder’s adjusted cost base in the Trust Unit for purposes of the Tax Act). The extent to which distributions will be tax deferred in the future will depend on the extent to which the Trust can reduce its taxable income by claiming available non-cash deductions such as capital cost allowances. Distributions in excess of current and accumulated earnings and profits and U.S. adjusted tax basis of the Trust Units may, however, trigger U.S. income tax. Reference should be made to “Canadian Federal Income Tax Considerations” and “U.S. Federal Income Tax Considerations.”

The directors of the Trustee, the Investment GP, Sunstone LLC and Sunstone are subject to various potential conflicts of interest arising from the relationships among and between each of them and their affiliates (refer to “Potential Conflicts of Interest (Directors and Officers)”).

No person is authorized by the Issuers to provide any information or to make any representation other than as contained in this Prospectus in connection with this issue and sale of the securities offered by the Issuers.

The Trust Units offered hereunder are offered on a “commercially reasonable best efforts” basis in each of the provinces of Canada until ♦, 2008 by Dundee Securities Corporation, as lead agent, Raymond James Ltd., Canaccord Capital Corporation, Sora Group Wealth Advisors Inc., Bieber Securities Inc., Blackmont Capital Inc., HSBC Securities Inc., Laurentian Bank Securities Inc. and MGI Securities Inc. subject to: (a) prior sale, if, as and when issued and delivered by the Trust in accordance with the conditions of the Agency Agreement referred to in “Plan of Distribution”; (b) the approval of certain legal matters by Clark Wilson LLP, Vancouver, British Columbia on behalf of the Trust; and (c) the approval of certain legal matters by Miller Thomson LLP on behalf of the Agents. The Agents may enter into co-brokerage/selling group agreements with other investment dealers to market the Trust Units offered hereunder.

Registration and transfers of Trust Units will be effected only through the book entry only system administered by The Canadian Depository for Securities Limited (“CDS”). A Purchaser of Trust Units will receive only customer confirmation from the registered dealer which is a CDS participant and from or through which Trust Units are purchased. Beneficial owners of Trust Units will not have the right to receive physical certificates evidencing their ownership of such securities (refer to “Plan of Distribution”).

FORWARD-LOOKING STATEMENTS

This Prospectus includes forward-looking statements with respect to the Issuers, including their business operations and strategy, and financial performance and condition. These statements generally can be identified by the use of forward-looking words such as “may”, “will”, “expect”, “intend”, “plan”, “estimate”, “anticipate”, “believe” or “continue”, or the negative thereof, or similar variations. Although management of the Issuers believe that the expectations reflected in such forward-looking statements are reasonable and represent the relevant Issuer’s internal projections, expectations and belief at this time, such statements involve known and unknown risks and uncertainties which may cause a particular Issuer’s actual performance and results in future periods to differ materially from any estimates or projections of future performance or results expressed or implied by such forward-looking statements. Important factors that could cause actual results to differ materially from a particular Issuer’s expectations include, among other things, the availability of suitable Properties for purchase by the Trust, the availability of mortgage financing for such Properties, and general economic and market factors, including interest rates, business competition, changes in government regulations or in tax laws, in addition to those factors discussed or referenced in the “Risk Factors” section (refer to “Risk Factors”).

PROSPECTUS SUMMARY

The following is a summary of the principal features of this Offering and should be read together with the more detailed information and financial data and statements contained elsewhere in this Prospectus. Reference is made to the “Glossary of Terms” for the meanings of defined terms used in this summary.

Sunstone U.S. Opportunity Realty Trust

Sunstone U.S. Opportunity Realty Trust (the “Trust”) is an unincorporated, open-ended investment trust formed under and governed by the laws of the Province of British Columbia and resident in Canada. The Trust was established for the purposes of indirectly acquiring, owning and operating a diversified portfolio of multifamily apartment properties in the United States.

Sunstone Realty Advisors Inc. (“Sunstone”) is a Vancouver-based company engaged in the identification, acquisition, ownership and operation of revenue-producing real estate properties. Sunstone’s principals, Darren Latoski and Steve Evans, have a successful track record of identifying undervalued and underperforming properties; acquiring such properties; and enhancing value through refurbishment, repositioning and re-tenanting.

Sunstone has identified the multifamily apartment property sector in a number of regions in the U.S. as a sector in which investors can take advantage of current economic circumstances, which have created investment opportunities. The tightening of credit markets in the U.S. over the past 12 months, arising as a result of the collapse of the “sub-prime” mortgage market, coupled with a general economic slowdown have caused an erosion of residential real estate prices in many areas of the U.S. Sunstone has created the Trust to take advantage of these opportunities in order to generate positive investment returns over the medium to long term investment horizon.

The Trust will invest the proceeds from the issuance of Trust Units in the acquisition of an equal number of Investment LP Units. The Investment LP will invest the proceeds from the issuance of Investment LP Units in the acquisition of an equal number of Property LP Units. The Property LP will invest the proceeds from the issuance of the Property LP Units in the Properties (refer to the Investment Structure chart on page 2). As a result, an investment in Trust Units will be an indirect investment in the acquisition, ownership and operation of the Properties and the Minimum Return and other returns on and of capital payable to limited partners holding Property LP Units will ultimately flow through to Trust Unitholders.

Investment Highlights and Strategy

Multifamily Apartment Property focus

Sunstone will target the U.S. multifamily apartment property sector as its underlying economic fundamentals are strong and Sunstone believes that it represents an excellent buying opportunity:

- *Historical Stability* – From 1984 to 2007, the U.S. multifamily apartment property sector has earned a very attractive 10.3% average annual total return, as compared to a 9.2% average annual return for other real estate property classes.
- *Impact of Sub-Prime Mortgage Crisis Has Created A Unique Buying Opportunity* – In recent years, mortgage financing became readily available to U.S. homebuyers who had not previously qualified based on their income (commonly referred to as the “sub-prime” mortgage market). As a result, many people who would traditionally have been renters were able to purchase homes, and the result was a decreased demand for rental housing. Sunstone believes that the recent tightening of the credit markets has resulted in many of these same buyers no longer being able to qualify for or afford the mortgage financing they required to purchase a home, and they will once again return to renting, increasing demand for rental housing.
- *Increasing Demand for Rental Housing as a Result of Economic Downturn* – In an economic downturn, demand for rental housing can increase as consumer confidence erodes, job losses mount and potential

home buyers postpone their purchase and elect to continue renting. Sunstone expects rental occupancy rates in the multifamily apartment property sector to increase as a result of this increased demand for rental housing.

- *Strong Population Growth* – Despite current economic concerns, population growth in the U.S. continues at the rate of nearly 1% annually, with much of the growth coming in the Southwestern and Southeastern portions of the country, in which Sunstone will target property acquisitions. Sunstone expects that new immigrants to the U.S. will first seek out rental housing rather than buying homes, increasing demand for rental housing.
- *Limited Supply of New Properties* – Sunstone expects that another result of tightening credit markets will be a decrease in the new construction of multifamily apartment properties, thereby putting demand on existing properties and leading to increasing occupancy rates.
- *“Shadow” Rental Housing Supply* – Sunstone believes that many individual units in multifamily condominium properties have been acquired in recent years by owners who speculated that they would be able to re-sell those units within the short term for a profit. Current economic conditions have forced these owners to temporarily convert their units into rental housing, creating an artificial rental housing supply. However, as the current tightening of credit markets resolves and the resale market improves over the next several years, Sunstone expects that these units will eventually be sold, thereby reducing this “shadow” rental housing supply and increasing the demand for traditional rental housing properties.
- *Abundance of Multifamily Property Supply* – The U.S. multifamily apartment property sector is vast and there is an abundance of multifamily apartment property supply. Sunstone expects that current economic circumstances will result in many owners being required to sell their properties in order to repay financing or repatriate capital for other properties or businesses. Sunstone believes there will be significant opportunities to acquire high quality multifamily apartment property assets at attractive valuations and to further enhance their value through asset refurbishment and re-positioning in the marketplace.

Focus on Newer Properties

Sunstone will focus on the acquisition of existing multifamily apartment properties which were constructed in 1980 or later, in order to reduce capital expenditures on replacement and repairs of the Properties. Given the size and scope of the U.S. real estate market and the multifamily apartment property sector in particular, Sunstone believes limiting their focus to newer properties will not act to limit the investment opportunities which are available. Due to the challenging economic conditions in the U.S. currently, Sunstone expects there will be a decrease in new construction of multifamily apartment properties, fuelling an increasing demand for existing rental properties.

Geographic Focus on the U.S “Sunbelt” Regions

Sunstone will focus on the acquisition of Properties in the “Sunbelt” regions of the U.S., being in the Southwestern and Southeastern areas of the United States. States such as California, Arizona, Texas, Georgia and Florida have experienced strong population growth rates (4%, 13%, 8%, 10% and 8% respectively) over the last five years that are well above the national average and this is expected to continue, creating additional demand for multifamily apartment properties. These same five states accounted for 52% of the nation’s population growth from 2004 to 2005. These same regions have relatively high concentrations of sub-prime mortgages which Sunstone believes enhances the environment for opportunistic investments in multifamily apartment properties. Increased levels of “forced selling” by current owners will result in opportunistic valuations being obtained by Sunstone on purchased properties.

Experienced Management Team with a Strong Track Record of Creating Value

Through the General Partner Services Agreement between the Property LP and Sunstone LLC, investors will have the benefit of Sunstone’s experienced real estate management team with a breadth of experience in all facets of commercial real estate, including acquisitions, asset management, property management, lease administration and

finance. Darren Latoski and Steve Evans are co-founders, directors and senior officers of Sunstone and have an extensive track record of successful property investments. They have been involved in the acquisition, development and/or disposition of over \$770 million of real estate assets and have raised a series of Sunstone Opportunity Funds (launched annually from 2003 to 2007) which have raised an aggregate of \$179 million in equity financing for the purposes of investing in real estate. Since 2004, Sunstone funds have acquired 44 properties totaling \$333 million. The principals have also been involved in the acquisition of US\$180 million in real estate across the U.S. Sunbelt regions.

Attractive U.S. Dollar Based Investment

The Offering Price for Trust Units is denominated in U.S. dollars. With the Canadian dollar trading close to its 40 year high in relation to the U.S. dollar, Sunstone believes that this is an opportune time for Canadian investors to invest in a U.S. dollar denominated security.

Alignment of Interests Between Management and Trust Unitholders

Sunstone believes that individual investors should have the same opportunities as institutions, pension funds and high net worth individuals with respect to real estate investing. With this in mind, an investment in Trust Units has been structured to align the interests of Sunstone (through Sunstone LLC) with those of the Trust Unitholders. Accordingly, Trust Unitholders are entitled, by way of the Trust's interests in the Investment LP and the Property LP, to the cumulative Minimum Return in the Distributable Cash of the Property LP before any amount is paid to Sunstone LLC on account of the Incentive Management Interest. In addition, in the event of any capital transaction in respect of the Properties, including a sale or a refinancing of the Properties, Sunstone LLC will be entitled to receive any unpaid Incentive Management Interest only after 100% of the Net Equity has been returned to the limited partners holding Property LP Units, and such limited partners have received full payment of the Minimum Return (refer to "Description of the Securities Distributed – The Property LP").

Prudent Use of Financial Leverage

The current real estate debt financing market offers long-term debt financing at attractive interest rates which the Property LP intends to fully utilize in order to increase its return on equity. Sunstone expects that Properties will be available for acquisition at prices which provide an initial annual return on the unlevered purchase price of approximately 7%, while long-term mortgage financing will be available at annual interest rates of between 5.0% and 6.0%, providing positive financial leverage upon acquisition. As well, Sunstone LLC will target the overall loan to value ratio of the Mortgage Loans at not more than 75% of the purchase price of the Properties as a whole, plus the amount of any property improvement reserve account approved by the Lenders. Further, the Lender's recourse under each Mortgage Loan is expected to be limited to the Property secured in respect of the Mortgage Loan, thereby insulating other Properties from recourse in the event that one Property suffers financial distress.

Structure of the Offering

The Trust will invest the proceeds from the issuance of Trust Units in the acquisition of an equal number of Investment LP Units. The Investment LP will invest the proceeds from the issuance of Investment LP Units in the acquisition of an equal number of Property LP Units. The Property LP will invest the proceeds from the issuance of the Property LP Units in the Properties. As a result, an investment in Trust Units will be an indirect investment in the acquisition, ownership and operation of the Properties and the Minimum Return and other returns on and of capital payable to limited partners holding Property LP Units will ultimately flow through to Trust Unitholders.

The Trust

The securities being distributed pursuant to this Prospectus are units of the Trust ("Trust Units"). The Offering consists of a minimum of 4,000 Trust Units and a maximum of 40,000 Trust Units, at a price of \$1,250 per Trust Unit (refer to "Plan of Distribution"). **Purchasers are required to acquire a minimum of ten Trust Units.**

The Trust is an open-ended unincorporated investment trust governed by the laws of the Province of British Columbia and created pursuant to the Trust Declaration. It was established, among other things, for the purpose of:

- (a) acquiring Investment LP Units;
- (b) temporarily holding cash and investments for the purposes of paying the expenses and liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Trust Units, and making distributions to Trust Unitholders;
- (c) investing its funds in property and acquiring, holding, maintaining, improving, leasing or managing real property (or interests in real property) that is capital property of the Trust; and
- (d) in connection with the undertaking set out above, reinvesting income and gains of the Trust and to taking other actions besides the mere protection and preservation of the Trust Property.

The principal business of the Trust will be to issue Trust Units and to acquire and hold Investment LP Units.

The Investment LP

The Investment LP is a limited partnership formed pursuant to and governed by the laws of Delaware and created by the Investment LP Agreement. It will make an election pursuant to the Internal Revenue Code (“Code”) to be taxed as a corporation for U.S. federal income tax purposes effective on the date of its formation and intends to make an election to be treated as a real estate investment trust (“REIT”) pursuant to the Code and to take the necessary steps to qualify as a REIT pursuant to the Code. The Investment LP was established, among other things, to:

- (a) acquire Property LP Units; and
- (b) temporarily hold cash and investments for the purposes of paying the expenses and liabilities of the Investment LP and make distributions to the holders of the Investment LP Units.

The principal business of the Investment LP will be to issue Investment LP Units and to acquire and hold Property LP Units.

The Property LP

Sunstone LLC is a company engaged in identifying real estate investment opportunities in income-producing real estate located in the U.S. In order to take advantage of such investment opportunities, Sunstone LLC has established the Property LP pursuant to the laws of Nevada for the purposes of owning and operating a diversified portfolio of high quality, income-producing REIT-eligible multifamily apartment properties in the U.S. (or proportionate interests in such Properties). The principal business of the Property LP will be to issue Property LP Units, to invest the proceeds from such issuance in the Properties, and to own and operate such Properties.

Distributions of Distributable Cash from Operations and Proceeds from Capital Transactions

The Trust, through its investment in Investment LP Units, will indirectly be a limited partner in the Property LP. Limited partners holding Property LP Units will be entitled to receive from Distributable Cash a minimum return of 8% per annum, cumulative but not compounded, calculated on their Net Equity in the Property LP (the “Minimum Return”) and, after payment to Sunstone LLC of the Incentive Management Interest, 80% of the balance of Distributable Cash. The net proceeds from a capital transaction, such as a refinancing, sale or expropriation of a Property, or the receipt of insurance proceeds, after payment of current obligations of the Property LP and the retention of reserves and the payment of any Disposition Fees, will be used to pay the outstanding Minimum Return, to repay the limited partners’ Net Equity, and to pay to Sunstone LLC the Incentive Management Interest. The balance of any such proceeds will be paid 80% to the limited partners holding Property LP Units and 20% to Sunstone LLC (refer to “Description of the Securities Distributed – The Property LP”).

As a result of the Trust's indirect investment in Property LP Units, the amounts payable to limited partners holding Property LP Units in respect of the Minimum Return and other distributions of Distributable Cash and Net Equity will ultimately be distributed to Trust Unitholders.

Investment Objectives

The Property LP's primary investment objectives are as follows:

- (a) to own a diversified portfolio of high quality, income-producing REIT-eligible, multifamily apartment properties in the U.S., with positive cash flow;
- (b) to provide quarterly cash flow distributions upon full investment of the net proceeds allocated to the purchase price of Properties; and
- (c) to enhance the potential for long-term growth of capital through value-added enhancements to the Properties and organic growth in rental rates, combined with an overall reduction in capitalization rates.

Guidelines for Property Acquisitions

The net proceeds of the offering of Trust Units will be used by the Property LP in the acquisition of Properties in accordance with the following general guidelines:

- (a) assuming all 40,000 Trust Units offered under this Prospectus are issued, not more than 40% of the net proceeds from such issuance (being the gross proceeds less the amount paid by the Property LP pursuant to the Cost Sharing and Recovery Agreement – Property LP on account of the Agents' Commission and the expenses of this Offering) will be applied by the Property LP to the acquisition of any one Property;
- (b) in the event that less than 40,000 Trust Units are issued, it may be necessary for the Property LP to apply more than 40% of the net proceeds to the acquisition of any one Property, given the guideline discussed in paragraph (c) below, including applying up to 100% of the net proceeds to the acquisition of as little as one Property (after the creation of a reasonable reserve for renovation and upgrading of the Property, and the creation of a reasonable working capital reserve for the Property);
- (c) upon purchase, each Property would be expected to generate a positive return on the Property LP's invested capital in the Property of not less than 6% per annum, with a target range of 8% per annum. Sunstone LLC will be able to waive this minimum requirement for Properties which Sunstone LLC believes provide unique value added opportunities through replacement of management, re-leasing or similar initiatives; and
- (d) the Property LP intends to acquire properties which are eligible for investment by a REIT and which produce REIT-eligible income. To the extent that the Property LP intends to acquire an interest in a property which is not eligible for investment by a REIT, a taxable subsidiary of the Property LP (which will be a taxable REIT subsidiary of Investment LP for U.S. federal income tax purposes) will be established to acquire such property.

General Partner Services Agreement

Pursuant to the General Partner Services Agreement between the Property LP and Sunstone LLC, Sunstone LLC has agreed to provide certain services relating to the Property LP and the Properties, including structuring this Offering, structuring the Trust, the Investment LP and the Property LP, liaising with legal and tax counsel; overseeing the preparation and filing of this Prospectus, and preparing annual financial reports to the Trust Unitholders.

In consideration of providing such services, Sunstone LLC will be paid the Financing Fee, in an amount equal to 1.5% of the gross purchase price of each Property (or interest in a Property), the Disposition Fee, in an amount equal to 1.5% of the selling price for each Property, and the Asset Management Fee, in an annual amount equal to 1.5% of the Net Asset Value, payable monthly on the last day of each month during the term of the General Partner Services Agreement in an amount equal to 0.125% of the Net Asset Value at the beginning of each such month.

Cost Sharing and Recovery Agreements

Pursuant to the Cost Sharing and Recovery Agreement – Investment LP and the Cost Sharing and Recovery Agreement – Property LP, the Property LP will ultimately bear all costs and expenses in respect of this Offering. Therefore, all proceeds of this Offering, net of expenses, will ultimately be used by the Property LP in the purchase, ownership and operation of the Properties.

Plan Of Distribution

Sunstone will co-ordinate the placement of the Trust Units through the Agents and sub-agents in the various jurisdictions where the Trust Units are offered for sale.

There will be no closing unless a minimum of 4,000 Trust Units are sold. The distribution under this Offering will not continue for a period of more than 90 days after the date of the Receipt for the Final Prospectus if subscriptions representing the minimum number of Trust Units are not obtained within that period, unless each of the persons or companies who subscribed within that period consents to the continuation. During such 90 day period, funds received from subscriptions will be held by the Agents in trust.

Sales commissions (the “Agents’ Commission”) will be paid to the Agents at a rate equal to 8% of the purchase price of Trust Units. Pursuant to the Cost Sharing and Recovery Agreements the Agents’ Commission and expenses will be ultimately borne entirely by the Property LP as a cost of issuing Property LP Units. As a further incentive to the Agents or any sub-agents, Sunstone LLC has agreed to pay to the Agents an amount equal to 25% of any amounts realized by Sunstone LLC in respect of its Incentive Management Interest. The Agents may assign all or part of their compensation entitlements to sub-agents effecting sales of Trust Units, such assignment to be made on a basis determined by Sunstone LLC. As well, Sunstone LLC will pay to the Agents, on an annual basis in arrears, a trailer fee equal to 1/6th of the Asset Management Fee paid to Sunstone LLC pursuant to the General Partner Services Agreement. Such trailer fee will only be paid by Sunstone LLC to the Agents if it is collected by Sunstone LLC. The Agents may assign all or part of the trailer fee to sub-agents effecting sales of Trust Units (refer to “Plan of Distribution”).

Use Of Proceeds

Assuming that the maximum Offering of 40,000 Trust Units is sold, the gross proceeds to the Trust will be \$50,000,000. The Trust will use these proceeds to buy an equal number of Investment LP Units and the Investment LP will use the proceeds from the issuance of Investment LP Units to buy an equal number of Property LP Units. The Trust may also temporarily hold cash and investments for the purposes of paying the expenses and liabilities of the Trust, pay amounts payable by the Trust in connection with the redemption of any Trust Units, and make distributions to Trust Unitholders. The Property LP will use the gross proceeds from the issuance of Property LP Units, plus estimated Mortgage Loans in the aggregate principal amount of \$115,932,203 to: pay the Agents’ Commission of \$4,000,000; pay the other expenses of this Offering estimated at \$400,000; pay the estimated aggregate purchase price of as yet unidentified Properties of \$154,576,272; pay due diligence, documentation and financing costs relating to the purchase of such Properties of \$2,318,644; create reserves for renovation and upgrading of such Properties of \$1,545,762; create reasonable working capital reserves for such Properties of \$772,881; and pay the Financing Fee of \$2,318,644 (refer to “Use of Proceeds”).

Assuming that the minimum Offering of 4,000 Trust Units is sold, the gross proceeds to the Trust will be \$5,000,000. The Trust will use these proceeds to buy an equal number of Investment LP Units and the Investment LP will use the proceeds from the issuance of Investment LP Units to buy an equal number of Property LP Units. The Property LP will use the gross proceeds from the issuance of Property LP Units, plus estimated Mortgage

Loans in the aggregate principal amount of \$11,122,881 to: pay the Agents' Commission of \$400,000; pay the other expenses of this Offering estimated at \$225,000; pay the estimated aggregate purchase price of as yet unidentified Properties of \$14,830,508; pay due diligence, documentation and financing costs relating to the purchase of such Properties of \$222,458; create reserves for renovation and upgrading of such Properties of \$148,305; create reasonable working capital reserves for such Properties of \$74,152; and pay the Financing Fee of \$222,458 (refer to "Use of Proceeds").

Redemption of Trust Units

Trust Units will be redeemable at any time on the demand of the Trust Unitholders, subject to applicable law and certain other conditions. Trust Units will be redeemed at a redemption price per Trust Unit equal to either:

- (a) where the Trust Units are listed on a stock exchange or similar market, an amount equal to the lesser of
 - (i) 95% of the market price of the Trust Units during the 10 trading day period after the redemption date; and
 - (ii) 100% of the closing market price of the Trust Units on the redemption date; or
- (b) where the Trust Units are not listed on a stock exchange or similar market, 95% of:
 - (i) the aggregate Property LP Unit Value of the Property LP Units indirectly held by the Trust through the Investment LP on the last day of the most recent calendar quarter that ends prior to the redemption date; plus
 - (ii) the aggregate value of cash, working capital or other assets of the Investment LP on the redemption date, other than Property LP Units the value of which is accounted for under (b)(i) above; plus
 - (iii) the aggregate value of the cash, working capital, or other assets of the Trust on the redemption date, other than Investment LP Units the value of which is accounted for under (b)(i) and (ii) above; less
 - (iv) the aggregate value of the liabilities of the Trust and the Investment LP on the redemption date; less
 - (v) the aggregate value on the redemption date of any interest in the Investment LP other than Investment LP Units held by the Trust,

divided by the number of outstanding Trust Units on the redemption date.

The redemption price per Trust Unit multiplied by the number of Trust Units tendered for redemption will be paid to a Trust Unitholder by way of a cash payment no later than the last day of the calendar month following the calendar quarter in which the Trust Units were tendered for redemption, provided that:

- (a) the total amount payable by the Trust by cash payment in respect of the redemption of Trust Units for that calendar quarter will not exceed \$100,000;
- (b) the total amount payable by the Trust by cash payment in respect of the redemption of Trust Units in any twelve month period ending at the end of that calendar quarter will not exceed 3/4 of 1% of the aggregate subscription price of all Trust Units that were issued and outstanding at the start of such twelve month period; and
- (c) in the event the Trust Units are listed on a stock exchange or similar market, the normal trading of the Trust Units is not suspended or halted on any stock exchange on which the Trust Units are listed for trading on the redemption date or for more than five trading days during the 10 day trading period commencing immediately after the redemption date.

If any of the conditions in paragraphs (a) to (c) above preclude the payment of the redemption price in cash (and the Trustee does not, in its sole discretion, waive such limitation in respect of all Trust Units tendered for redemption in any particular calendar quarter), the redemption price shall be paid and satisfied by way of either of the following methods to be selected by the Trustee, using its sole discretion:

- (a) the issuance and delivery of a number of Trust Notes, each in the principal amount of \$100, having an aggregate principal amount equal to the redemption price per Trust Unit multiplied by the number of Trust Units tendered for redemption; or
- (b) a distribution *in specie* to the Trust Unitholder of a number of Debt Securities (each in the principal amount of \$100) having an aggregate principal amount equal to the redemption price per Trust Unit multiplied by the number of Trust Units tendered for redemption; or
- (c) a distribution *in specie* to the Trust Unitholder of a number of Investment LP Units with an aggregate value (having regard to the Property LP Unit Value at that time) equal to the aggregate redemption price of the Trust Units tendered for redemption, which number of Investment LP Units is expected (in the event that the Trust's only property consists of Investment LP Units and the Trust has no liabilities) to be equal to the number of Trust Units tendered for redemption.

Management

The directors of the Trustee are Robert King and James Redekop. The sole officer of the Trustee is Darren Latoski, President. The directors and officers of the Investment GP and Sunstone LLC are Steve Evans and Bryan Kerns (refer to "Directors and Officers").

Risk Factors

These securities are speculative in nature. Purchasers should consider the following risk factors before purchasing Trust Units:

This is a Blind Pool Offering – The net proceeds of the Offering will ultimately be invested in the acquisition by the Property LP of one or more Properties. However, the specific Properties in which the net proceeds will be invested have not yet been determined. Depending on the return on investment achieved on the Properties that may be acquired through the Property LP, the Trust Unitholders' return on their respective investments in the Trust Units will vary.

Reliance on Management – Prospective purchasers assessing the risks and rewards of this investment should appreciate that they will, in large part, be relying on the good faith and expertise of the Sunstone group of companies and its principals, Darren Latoski and Steve Evans.

No Market for Trust Units or the Underlying Securities – There currently is no market for the Trust Units and it is expected that there will be no market for the Trust Units.

Less than Full Offering – There can be no assurance that this Offering will be completely sold out.

Risks of Real Estate Ownership – An investment in Trust Units is an indirect investment in real estate through the Trust's indirect interest in the Property LP and the Properties acquired by the Property LP. Investment in real estate is subject to numerous risks, which include but are not limited to the following:

- (a) *Financing Risks* – There is no assurance that the Property LP will be able to obtain sufficient Mortgage Loans to finance the acquisition of Properties on commercially acceptable terms or at all. There is also no assurance that any Mortgage Loans, if obtained, will be renewed when they mature. In the absence of mortgage financing, the number of Properties which the Property LP will be able to purchase will decrease and the return from the ownership of Properties (and ultimately the return on an investment in Trust Units) may be reduced.

The operation of the Properties may not generate sufficient funds to make the payments of principal and interest due on the Mortgage Loans, and, upon default, one or more Lenders could exercise their rights including, without limitation, foreclosure or sale of the Properties.

- (b) *Interest Rate Fluctuations* – The Mortgage Loans may include indebtedness with interest rates based on variable lending rates that will result in fluctuations in the Property LP's cost of borrowing.
- (c) *Environmental Matters* – Under various environmental and ecological laws, the Property LP and/or its subsidiaries could become liable for the costs of removal or remediation of certain hazardous or toxic substances that may be released on or in one or more of the Properties or disposed of at other locations. The failure to deal effectively with such substances, if any, may adversely affect the Property LP's ability to sell such a Property or to borrow using the Property as collateral, and could potentially also result in claims against the Property LP by private parties.
- (d) *Uninsured Losses* – Sunstone LLC will, under the terms of the Property LP Agreement, arrange for comprehensive insurance of the type and in the amounts customarily obtained for properties similar to those to be owned through the Property LP and will endeavour to obtain coverage where warranted against earthquakes and floods. However, in many cases certain types of losses are either uninsurable or not economically insurable.
- (e) *Reliance on Property Management* – In certain cases, Sunstone LLC will rely upon independent management companies to perform this function. The employees of the management companies will devote so much of their time to the management of the Properties as in their judgment is reasonably required and may have conflicts of interest in allocating management time, services and functions among the Properties and their other development, investment and/or management activities.
- (f) *Competition for Real Property Investments* – The Property LP will compete for suitable real property investments with other individuals, corporations, real estate investment trusts and similar vehicles, and institutions which are presently seeking or which may seek in the future real property investments similar to those sought by the Property LP. Such competition would tend to increase purchase prices of real estate properties and reduce the yield on such investments.
- (g) *Revenue Shortfalls* – Revenues from the Properties may not increase sufficiently to meet increases in operating expenses or debt service payments under the Mortgage Loans or to fund changes in any variable rates of interest charged in respect of such loans.
- (h) *Fluctuations in Capitalization Rates* – As interest rates fluctuate in the lending market, so too do capitalization rates which affects the underlying value of real estate. As such, when interest rates rise, so too do capitalization rates. Over the period of investment, capital gains and losses at the time of disposition can occur due to the movement of these capitalization rates.

Liability of Trust Unitholders – There is a risk that a Trust Unitholder could be held personally liable for obligations in connection with the Trust (to the extent that claims are not satisfied by the Trust). The Trust Declaration provides that no Trust Unitholder shall be held to have any personal liability as such for satisfaction of any obligation in respect of or claim arising out of or in connection with any contract or obligation of the Trust or the Trustee (to the extent that claims are not satisfied by the Trust). In any event, the Trust Declaration requires the Trustee to ensure that any written contract or commitment of the Trust include an express limitation of liability except where not reasonably possible.

Risks Associated with Redemptions

- (a) *Use of Available Cash* – The payment in cash by the Trust of the redemption price of Trust Units will reduce the amount of cash available to the Trust for the payment of distributions to the holders of Trust Units, as the payment of the amount due in respect of redemptions will take priority over the payment of cash distributions.

- (b) *Limitation on Payment of Redemption Price in Cash* – The total cash amount available for the payment of the redemption price of Trust Units by the Trust is limited to \$100,000 in each calendar quarter and is also limited in any twelve month period to 3/4 of 1% of the aggregate subscription price of all Trust Units that were issued and outstanding at the start of such twelve month period.
- (c) *Payment of Redemption Price in Kind* – As a result of the foregoing limitations, the redemption of Trust Units may be paid by way of a Trust Note, Debt Security or an Investment LP Unit. Trust Notes and Debt Securities are payable over a term of several years with annual interest at the Canada Five-Year Yield. Trust Notes, Debt Securities and Investment LP Units received as a result of redemptions of Trust Units may not be liquid. Further, they may not be qualified investments for Plans, and this could give rise to adverse consequences to a Plan or the annuitant under a Plan, including the redeeming Trust Unitholder becoming subject to a penalty tax, the Plan annuitant being deemed to receive income from the Plan, or, in the case of an RESP, having the Plan’s tax exempt status revoked. Accordingly, Plans that propose to invest in Trust Units should consult their own tax advisors before doing so and before deciding to exercise the redemption rights attached to such Trust Units.

Currency Exchange Rate Risk – The Offering Price for Trust Units is denominated in U.S. dollars. The Canadian dollar is not maintained at a fixed exchange rate compared to foreign currencies but rather the value of the Canadian dollar has a floating exchange rate in relation to other currencies. Although investors are Canadian residents, an investment in Trust Units is required to be made in U.S. dollars and the Property LP and its affiliates will conduct business in the U.S. Consequently, any income and gains will be earned and any expenses and losses will be incurred in U.S. dollars. As a result of fluctuations in the Canada/U.S. dollar exchange rate, the value of an investment in Trust Units and the return on the original investment, when expressed in Canadian dollars, may be greater or less than that determined only with reference to U.S. dollars. Accordingly, investors are subject to currency exchange rate risk.

Tax Matters – The tax treatment of investment and real estate activities and of the Trust has a material effect on the advisability of an investment in the Trust Units and reference should be made to the discussion under the headings “Canadian Federal Income Tax Considerations” and “U.S. Federal Income Tax Considerations”. For example, if the Trust does not qualify or ceases to qualify as a “mutual fund trust” under the Tax Act, adverse consequences may arise, including the Trust becoming liable to pay certain additional tax liabilities, resulting in less cash being available for distributions, and the Trust Units not being or ceasing to be qualified investments for Plans, with the result that a Plan or its annuitants may become subject to additional tax or penalties or may be otherwise adversely affected. Further, the Trust and Investment LP may be exposed to the new tax imposed by the SIFT Measures.

From the perspective of U.S. federal income tax (and without limiting the generality of the foregoing), the Investment LP is not currently qualified as a REIT for U.S. federal income tax purposes and it may fail to meet the requirements to qualify as a REIT, which will require the Investment LP to pay additional taxes and which could reduce funds available to make distributions to the Trust Unitholders. Even if the Investment LP becomes qualified as a REIT for U.S. federal income tax purposes, it may be subject to other tax liabilities that reduce its cash flow and its ability to make distributions to the Trust. For example, if the Investment LP (through the Property LP) sells property, other than foreclosure property, that it holds primarily for sale in the ordinary course of business, the gain recognized would be subject to a 100% “prohibited transaction” tax. Furthermore, future legislative, judicial or administrative changes to Canadian and U.S. federal income tax laws could affect the tax implications to the Property LP, the Investment LP, the Trust and the Trust Unitholders.

For a more complete discussion of the risks associated with an investment in Trust Units, refer to “Risk Factors” and also to “Potential Conflicts of Interest (Directors and Officers)”.

Summary Financial Information

Included in this Prospectus are audited financial statements of Sunstone U.S. Opportunity Realty Trust for the period from formation on April 23, 2008 to May 1, 2008 and audited financial statements of Sunstone U.S. (2008) L.P. for the period from formation on April 28, 2008 to May 1, 2008.

US Currency

The Subscription Price for Trust Units is stated in U.S. dollars.

GLOSSARY OF TERMS

Certain terms and abbreviations used in this Prospectus are defined below:

- (a) **“Agency Agreement”** means an agreement dated as of ♦ between the Trustee, as trustee for and on behalf of the Trust, Sunstone, and the Agents;
- (b) **“Agents”** means, collectively, the Lead Agent, Raymond James Ltd., Canaccord Capital Corporation, Sora Group Wealth Advisors Inc., Bieber Securities Inc., Blackmont Capital Inc., HSBC Securities Inc., Laurentian Bank Securities Inc. and MGI Securities Inc.;
- (c) **“Asset Management Fee”** means an annual fee equal to 1.5% of the Net Asset Value payable monthly on the last day of each month during the term of the General Partner Services Agreement in an amount equal to 0.125% of the Net Asset Value at the beginning of each such month, plus an amount equal to the amount of any portion of the Asset Management Fee for a previous year or years of the term of the General Partner Services Agreement, the payment of which was waived by Sunstone LLC, payable within 30 days of the presentation by Sunstone LLC of an invoice therefore;
- (d) **“Business Day”** means any day which is not a Saturday, Sunday or statutory holiday in the Province of British Columbia;
- (e) **“Canada Five-Year Yield”** means on any date means the yield to maturity on such date (expressed as a percentage), assuming semi-annual compounding, which a non-callable Government of Canada bond would carry if issued in Canadian dollars in Canada at 100% of its principal amount on such date with a term to maturity of approximately five years, which Canada Five-Year Yield shall be determined by a major Canadian investment dealer selected by the Trustee;
- (f) **“CBCA”** means the *Business Corporations Act* (Canada), as amended from time to time;
- (g) **“Code”** means the United States Internal Revenue Code of 1986, as amended from time to time;
- (h) **“Cost Sharing and Recovery Agreement – Investment LP”** means an agreement dated as of May 1, 2008 between the Trust and the Investment LP pursuant to which the Investment LP has agreed to bear all of the costs of this Offering incurred by the Trust, as a cost of issuing Investment LP Units;
- (i) **“Cost Sharing and Recovery Agreement – Property LP”** means an agreement dated as of May 1, 2008 between the Investment LP and the Property LP pursuant to which the Property LP has agreed to bear all of the costs of this Offering incurred by the Investment LP, as a cost of issuing Property LP Units;
- (j) **“Cost Sharing and Recovery Agreements”** means, collectively, the Cost Sharing and Recovery Agreement – Investment LP and the Cost Sharing and Recovery Agreement – Property LP;
- (k) **“Debt Securities”** means debt securities of any subsidiary of the Trust that may be created and issued from time to time, that are subordinated and unsecured, have a maturity of five years or less, are prepayable at any time at the option of the issuer prior to maturity, and pay an annual rate of interest equal to the Canada Five-Year Yield, payable monthly in arrears;
- (l) **“Disposition Fee”** means a fee in the amount of 1.5% of the gross sales price of a Property payable to Sunstone LLC by the Property LP pursuant to the General Partner Services Agreement in consideration of Sunstone LLC negotiating and finalizing the sale of such Property on behalf of the Property LP;
- (m) **“Distributable Cash”** means, for any period, an amount equal to the Gross Rents, less the Operating Expenses, less any other costs or expenses payable by the Property LP, and less reasonable reserves determined by Sunstone LLC to be necessary to operate such Property or the affairs of the Property LP in a prudent and businesslike manner, but does not include Extraordinary Distributions.

- (n) **“Extraordinary Distributions”** means distributions to the partners of the Property LP arising from or related to funds received by the Property LP on account of matters other than revenues arising from the ordinary course of operations of the Properties, including distributions arising from a refinancing or a sale of a Property, after deduction of any Disposition Fee, but excluding distributions of Distributable Cash.
- (o) **“Final Prospectus”** means the final version of this Prospectus which will be filed by the Issuers with the Securities Commissions;
- (p) **“Financing Fee”** means a fee payable to Sunstone LLC by the Property LP pursuant to the General Partner Services Agreement for financing services, in an amount equal to 1.5% of the gross purchase price of a Property and payable to Sunstone LLC upon the completion of the purchase of each Property;
- (q) **“General Partner Services Agreement”** means an agreement dated as of May 1, 2008 between the Property LP and Sunstone LLC pursuant to which Sunstone LLC has agreed to provide certain services relating to the Properties;
- (r) **“Gross Rents”** means, for any period, all rental and other income from the Properties (including interest income earned on any such monies prior to their distribution) but excluding therefrom security deposits and advance rents, unless and until applied, tenant incentive payments or allowances, tenant expense recoveries, net proceeds from refinancing, and net proceeds from sale;
- (s) **“GST”** means the goods and services tax imposed under Part IX of the *Excise Tax Act* (Canada), or, if the context requires, any similar sales or value added tax;
- (t) **“Incentive Management Interest”** means an allocation and distribution to be made, subject to the payment of the Minimum Return, to Sunstone LLC from the Property LP in an amount equal to 20/80ths of the total payments made to the date of such allocation and distribution to limited partners holding Property LP Units in respect of the Minimum Return, thereby providing Sunstone LLC with a 20% share of the total amounts allocated and distributed to the limited partners and Sunstone LLC by the Property LP up to such date;
- (u) **“Investment LP”** means Sunstone U.S. (2008) L.P., a Delaware limited partnership established by the Trust and the Investment GP pursuant to the laws of Delaware and the Investment LP Agreement, which will make an election pursuant to the Code to be taxed as a corporation for U.S. federal income tax purposes effective on the date of its formation and intends to make an election to be treated as a REIT pursuant to Section 856 to 859 of the Code;
- (v) **“Investment LP Agreement”** means the agreement establishing the Investment LP made as of April 28, 2008 between the Trust and the Investment GP;
- (w) **“Investment GP”** means Sunstone Realty Advisors (Delaware) Inc., a Delaware corporation;
- (x) **“Investment LP Units”** means Class A limited partnership units of the Investment LP;
- (y) **“Issuers”** means, collectively, Sunstone U.S. Opportunity Realty Trust and Sunstone U.S. (2008) L.P.;
- (z) **“Lead Agent”** means Dundee Securities Corporation;
- (aa) **“Lender”** means a lender and mortgagee of any of the Mortgage Loans;
- (bb) **“Minimum Return”** means a minimum return to the limited partners holding Property LP Units equal to 8% per annum, cumulative but not compounded, calculated on the limited partners’ Net Equity in the Property LP, which amount represents a cumulative preferential entitlement of the limited partners holding Property LP Units to distributions and allocations of Distributable Cash, Extraordinary Distributions, net income and taxable income of the Property LP in priority to any allocations or distributions of the Incentive Management Interest to the Property GP;

- (cc) **“Mortgage Loans”** means one or more mortgages, charge, pledge, hypothec, lien, security interest or other encumbrance of any kind or nature whatsoever of the Properties to be granted by the Property LP (or, if a Property is held by a nominee entity on behalf of the Property LP, by such entity) to one or more Lenders, the proceeds of which will be used to finance the purchase, ownership and operation of such Properties;
- (dd) **“Net Asset Value”** means the greater of: (a) the total gross cash proceeds from this Offering; and (b) the total purchase price of the Properties including all fees and expenses and cash reserves, less the outstanding Mortgage Loans;
- (ee) **“Net Equity”** means the cash paid by a limited partner holding Property LP Units in respect of such Property LP Units, being \$1,250 per Property LP Unit, less the aggregate of any Extraordinary Distributions;
- (ff) **“Offering”** means the offering of a minimum of 4,000 Trust Units at a price of \$1,250 per Trust Unit for gross proceeds of \$5,000,000 and a maximum of 40,000 Trust Units at a price of \$1,250 per Trust Unit for gross proceeds of \$50,000,000.
- (gg) **“Offering Price”** means \$1,250 per Trust Unit;
- (hh) **“Operating Expenses”** means all amounts paid or payable on account of expenses in the operation of the Properties, determined in accordance with generally accepted accounting principles;
- (ii) **“Ordinary Resolution”** means a resolution of the Trust Unitholders, the holders of Investment LP Units or the limited partners holding Property LP Units, as the case may be, approved by not less than 50% of the votes cast by those persons who vote in person or by proxy at a duly convened meeting of Trust, Investment LP or Property LP, as the case may be, or a written resolution signed by the Trust Unitholders, the holders of Investment LP Units or the limited partners holding Property LP Units, as the case may be, entitled, in the aggregate, to not less than 50% of the aggregate number of votes of the those persons;
- (jj) **“Plans”** means RRSPs, RESPs, registered retirement income funds, and deferred profit sharing plans, as those phrases are defined in the Tax Act, and **“Plan”** means any of them;
- (kk) **“Property”** means one of the Properties;
- (ll) **“Property LP”** means Sunstone U.S. Opportunity Limited Partnership, a Nevada limited partnership established by the Investment LP and Sunstone LLC pursuant to the laws of Nevada and the Property LP Agreement for the identification, acquisition, ownership and operation of the Properties;
- (mm) **“Property LP Agreement”** means the agreement establishing the Property LP made as of April 30, 2008 between the Investment LP and Sunstone LLC;
- (nn) **“Property LP Unit Value”** means, on any particular date:
 - (i) the aggregate value of the real estate assets of the Property LP on the last day of the most recent calendar quarter that ends prior to such date; plus
 - (ii) the aggregate value of the cash and other working capital assets of the Property LP on such date; less
 - (iii) the aggregate of:
 - (A) the aggregate value of the Property LP’s liabilities on such date (including the aggregate amount of the Mortgage Loans outstanding on such date);

(B) the amount to which Sunstone LLC would be entitled under the Property LP Agreement (to the extent not taken into account in (i) above) if the Property LP was terminated and liquidated on such date; and

(C) the amount which would be payable to Sunstone LLC (other than amounts included in (iii)(A) above) if the General Partner Services Agreement was terminated on such date,

divided by the number of outstanding Property LP Units on such date;

- (oo) **“Property LP Units”** means limited partnership units of the Property LP;
- (pp) **“Properties”** means the lands and premises or interests therein to be purchased, owned and operated by the Property LP;
- (qq) **“Prospectus”** means this prospectus and any amendments hereto;
- (rr) **“Purchaser”** means a purchaser of Trust Units;
- (ss) **“Qualifying Provinces”** means the provinces of British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick, Nova Scotia, Newfoundland and Labrador, and Prince Edward Island;
- (tt) **“Receipt”** means a receipt for the Final Prospectus issued by the British Columbia Securities Commission as principal regulator pursuant to Part 3 of Multilateral Instrument 11-102, *“Passport System”*;
- (uu) **“Related Party”** means, with reference to the Trust, the Investment LP or the Property LP, any of the following: (1) any person who participates in the management of any of the Trust, the Investment LP, the Property LP or the Trustee; (2) any person who participates in the management of a Property; (3) a promoter or an affiliate of a promoter; (4) an affiliate of a person mentioned in (1), (2) or (3), or a person with whom any such affiliate is associated, including limited partnerships or other real estate entities set up by any such persons; or (5) any director or officer of a person mentioned in (1), (2), (3) or (4), as well as the persons with whom he or she is associated;
- (vv) **“RESPs”** means registered education savings plans as defined in the Tax Act;
- (ww) **“REIT”** means a real estate investment trust pursuant to the Code or to the Tax Act, or both, as the context may require;
- (xx) **“RRSPs”** means registered retirement savings plans as defined in the Tax Act;
- (yy) **“Securities”** means the Trust Units;
- (zz) **“Special Resolution”** means a resolution approved by not less than 75% of the votes cast by those Trust Unitholders, holders of Investment LP Units or limited partners holding Property LP Units, as the case may be, who vote in person or by proxy at a duly convened meeting of Trust Unitholders, holders of Investment LP Units or limited partners holding Property LP Units, as the case may be, or a written resolution signed by Trust Unitholders, holders of Investment LP Units or limited partners holding Property LP Units, as the case may be, entitled, in the aggregate, to not less than 75% of the aggregate number of votes of the such persons;
- (aaa) **“Sunstone”** means Sunstone Realty Advisors Inc., a private, closely-held British Columbia company, and the promoter of this Offering;
- (bbb) **“Sunstone (2004) LP”** means Sunstone Opportunity Fund (2004) Limited Partnership, a British Columbia limited partnership;

- (ccc) **“Sunstone (2005) LP”** means Sunstone Opportunity Fund (2005) Limited Partnership, a British Columbia limited partnership;
- (ddd) **“Sunstone (2006) LP”** means Sunstone Opportunity Fund (2006) Limited Partnership, a British Columbia limited partnership;
- (eee) **“Sunstone (2007) Co-Ownership”** means the co-ownership established by Sunstone Opportunity (2007) Realty Trust and Sunstone Investments (2007) Inc. as co-owners pursuant to a Co-ownership Agreement made as of September 4, 2007;
- (fff) **“Sunstone LLC”** means Sunstone U.S. Opportunity (2008) LLC, a Nevada limited liability company and the general partner of the Property LP;
- (ggg) **“Sunstone LP”** means Sunstone Opportunity Fund Limited Partnership, a British Columbia limited partnership;
- (hhh) **“Tax Act”** means the *Income Tax Act* (Canada), as amended from time to time;
- (iii) **“Trust”** means Sunstone U.S. Opportunity Realty Trust, an open-ended investment trust established pursuant to the laws of the Province of British Columbia;
- (jjj) **“Trust Declaration”** means the Declaration of Trust establishing the Trust made as of April 23, 2008 among the Trustee, Sunstone as settlor, and all persons who become holders of Trust Units as provided therein;
- (kkk) **“Trust Note”** means promissory notes of the Trust issued that are subordinated and unsecured, have a maturity of five years or less, are prepayable at any time at the Trust’s option prior to maturity, and pay an annual rate of interest equal to the Canada Five-Year Yield, payable monthly in arrears;
- (lll) **“Trust Property”** means all of the property and assets of the Trust held in trust by the Trustee pursuant to the Trust Declaration;
- (mmm) **“Trustee”** means Sunstone U.S. Realty Services (2008) Inc., a private, closely-held British Columbia corporation;
- (nnn) **“Trust Unit”** means a redeemable unit of beneficial interest in the Trust;
- (ooo) **“Trust Unitholder”** means a holder of record of any Trust Unit.

1.1 Name and Incorporation

The Trust

The Trust is an open-ended unincorporated investment trust governed by the laws of the Province of British Columbia. The Trust was formed by a Declaration of Trust made April 23, 2008 among the Trustee, Sunstone as settlor, and all persons who become holders of Trust Units as provided therein.

The trustee of the Trust is Sunstone U.S. Realty Services (2008) Inc., which was incorporated pursuant to the *Business Corporations Act* (British Columbia) on April 18, 2008 under incorporation number BC0822595. The head office and address for service of the Trust and the Trustee is located at 910 - 925 West Georgia Street, Vancouver, British Columbia, V6C 3L2. The Trustee's registered and records office is located at 800 - 885 West Georgia Street, Vancouver, British Columbia, V6C 3H1.

The Investment LP

The Investment LP is a limited partnership formed pursuant to and governed by the laws of Delaware by the filing of a Certificate of Limited Partnership under the Delaware Revised Uniform Limited Partnership Act on April 30, 2008 under No. 4541299. The head office and address for service of the Investment LP is located at 2711 Centreville Road, Suite 400, Wilmington, Delaware. The Investment LP's registered and records office is located at 2711 Centreville Road, Suite 400, Wilmington, Delaware. The Investment LP will make an election pursuant to the Code to be taxed as a corporation for U.S. federal income tax purposes effective on the date of its formation and intends to make an election to be treated as a REIT pursuant to the Code and to take the necessary steps to qualify as a REIT pursuant to the Code.

The general partner of the Investment LP is Sunstone Realty Advisors (Delaware) Inc., which was incorporated pursuant to the Delaware General Corporation Law on April 23, 2008 under file number 4538134. The head office and address for service of the Investment GP is located at 1209 Orange Street, Wilmington, Delaware. The Investment GP's registered and records office is located at 1209 Orange Street, Wilmington, Delaware.

The Property LP

The Property LP is a limited partnership formed pursuant to and governed by the laws of Nevada by the filing of a Certificate of Limited Partnership under Chapter 87A of the Nevada Revised Statutes on May 1, 2008 under No. E0283582008-1. The head office and address for service of the Property LP is located at 6529 Preston Rd., Suite 100 Plano, Texas. The Property LP's registered and records office is located at 6529 Preston Rd., Suite 100 Plano, Texas.

The general partner of the Property LP is Sunstone U.S. Opportunity (2008) LLC, a limited liability company formed pursuant to and governed by the laws of Nevada by the filing of Articles of Organization under Chapter 86 of the Nevada Revised Statutes on May 1, 2008 under No. E0283572008-0. The head office and address for service of Sunstone LLC is located at 6529 Preston Rd., Suite 100 Plano, Texas. Sunstone LLC's registered and records office is located at 6529 Preston Rd., Suite 100 Plano, Texas. The manager of Sunstone LLC is Suntip Management Inc., a Nevada corporation, the directors of which are Steve Evans and Bryan Kerns, each of whom indirectly owns 50% of Suntip Management Inc.'s issued shares.

1.2 Intercorporate Relationships

The following chart sets forth the relationships among the Trust, the Trustee, the Investment LP, the Investment GP, the Property LP and Sunstone LLC. The chart also illustrates the means by which funds invested by the public under this Prospectus flow through to the Property LP and are invested by the Property LP in the Properties.

- (3) *Sunstone U.S. Realty Services (2008) Inc. (the Trustee) is a British Columbia company, the shareholders of which are Redekop Holdings Inc. and King Pacific Capital Corp. Robert King and James Redekop are the directors of the Trustee and Darren Latoski is the sole officer of the Trustee.*
- (4) *The terms and conditions attaching to each Trust Unit are summarized in “Description of the Securities Distributed – The Trust”.*
- (5) *Sunstone has made a capital contribution of \$10 to the Trust, which comprises the initial property of the Trust. Sunstone has no further obligation to contribute capital to the Trust. Sunstone is entitled to receive the return of its \$10 capital contributions upon the first closing of Trust Units.*
- (6) *Sunstone Realty Advisors (Delaware) Inc. (the Investment GP) is a Delaware corporation, the shareholder of which is Sunstone Advisors (U.S.) Inc. and the directors and officers of which are Steve Evans and Bryan Kerns.*
- (7) *The Trust will invest the gross proceeds received from the issuance of Trust Units in the acquisition of an equal number of Investment LP Units at a price of \$1,250 per Investment LP Unit. The terms and conditions attaching to each Investment LP Unit are summarized in “Description of the Securities Distributed – The Investment LP”.*
- (8) *Sunstone U.S. Opportunity (2008) LLC (Sunstone LLC) is a Nevada limited liability corporation, the sole member of which is Sunstone Advisors ULC. The manager of Sunstone U.S. Opportunity (2008) LLC is Suntip Management Inc., a Nevada corporation, the directors of which are Steve Evans and Bryan Kerns.*
- (9) *Sunstone LLC has made a capital contribution of \$10 to the Property LP, and has no further obligation to contribute capital. Sunstone LLC is entitled to receive its Incentive Management Interest (refer to “Description of the Securities Distributed – The Property LP”). Sunstone LLC has also agreed to provide certain services to the Property LP pursuant to the General Partner Services Agreement, as described in more detail under the heading “Management Agreement”.*
- (10) *The Investment LP will invest the gross proceeds received from the issuance of Investment LP Units in the acquisition of an equal number of Property LP Units at a price of \$1,250 per Property LP Unit. The terms and conditions attaching to each Property LP Unit are summarized in “Description of the Securities Distributed – The Property LP”.*

2. BUSINESS AND INVESTMENT STRATEGY

Sunstone has established the Trust for the purposes of investing exclusively in the U.S. multifamily apartment property sector. The U.S. subprime mortgage crisis, overall tightening of the credit markets and economic slowdown have resulted in an erosion in home prices and had a significant impact on the real estate market generally. Sunstone believes that these factors have created a unique buying opportunity for Sunstone to use its expertise to purchase, upgrade and reposition multifamily apartment property real estate assets, thereby increasing their underlying value

Sunstone has identified the multifamily apartment property sector in a number of regions in the U.S. as a sector in which it can take advantage of these opportunities and has created the Trust to do so. Sunstone believes that by acquiring interests in underperforming properties and enhancing value through refurbishment, repositioning and re-tenanting, the Trust can earn superior investment returns in the form of income and capital appreciation over a period of five to seven years.

The Multifamily Apartment Property Market in the United States

The Trust will target multifamily apartment properties in select cities within the Southwestern and Southeastern regions of the U.S. Sunstone plans to focus on the multifamily apartment property sector because it has historically generated stable returns on investment, with stable vacancy rates. In addition, Sunstone expects current weakness in the U.S. housing market combined with the uncertainty of a potential U.S. economic recession to result in continued

lower demand for U.S. real estate among traditional investors, providing attractive acquisition opportunities to investors such as Sunstone.

Over the past two years, the sale of existing housing in the United States has leveled off and the sale of new housing fallen dramatically. During the same period, the U.S. Home Foreclosure Index issued by Realty Trac has increased dramatically. Both factors evidence a housing market experiencing very challenging conditions.

U.S. Housing Sales Index

Source: National Association of Realtors

U.S. Home Foreclosure Index

Source: Realty Trac

As a result, Sunstone expects there to be an increasing demand for rental housing, limited construction of new housing supply, an increase in the number of multifamily apartment properties becoming available for sale and a reduction in the number of qualified potential buyers. Many of the states which Sunstone is targeting have relatively high concentrations of sub-prime mortgages and an excess condominium supply which Sunstone believes will offer opportunities to acquire assets at attractive capitalization rates that are higher than the national multifamily apartment property average. Over the next five to seven years, Sunstone believes that the positive long-term economic fundamentals of these geographic areas will result in strong job growth and positive net migration which will (1) result in the absorption of any current excess supply; (2) generate above-average growth in net operating income; and (3) result in modest capitalization rate compression over the term of ownership, as market conditions recover. As a result, Sunstone expects that it will generate higher than average yields and capital appreciation for investors over the next five to seven years.

Historical Stable Return

Sunstone believes that nationwide demand for multifamily apartment properties will be more resilient relative to other asset classes, given its historic stability. Since 1984, the U.S. multifamily apartment property sector has generated very attractive risk-adjusted returns on investment. According to the U.S. National Council of Real Estate Investment Fiduciaries (NCREIF), the sector has returned a 10.3% average annual total return since 1984 (see chart below). The sector is also considered by many investors and analysts to be the most defensive real estate asset class. Unlike other real estate asset classes, multifamily apartment investment returns can increase during an economic slowdown, when lower income growth and higher unemployment can erode housing affordability and, as a result, cause more people to seek rental accommodations. This is also one of the main reasons that the vacancy rate for US multifamily apartment properties has and is expected to continue to be very stable.

U.S. Total Returns

Source: National Council of Real Estate Investment Fiduciaries

U.S. multifamily apartment properties have also enjoyed very stable vacancy rates since 1994, ranging between 4% and 6% in each year. The vacancy rate is expected to remain fairly constant in the next few years at approximately 5.25%.

U.S. National Multi-Residential Vacancy Rate

Source: Torto Wheaton Research

In economic downturns, demand for rental housing can actually increase as home affordability erodes and homebuyers postpone their purchases. As well, multifamily apartment properties have short-term leases that provide the landlords with the opportunity to quickly adjust rents upward to rising market rates (subject to any applicable local rent control laws) and leasing costs are minimal when compared to commercial properties.

U.S. Multifamily Apartment Property Valuation and Transaction Volume Trends

Despite significant capitalization rate compression and volatility of other classes of U.S. real estate in recent years, capitalization rates for U.S. multifamily apartment assets over the same period have remained fairly flat. In the declining interest rate environment of the past six to nine months, the U.S. multi-residential capitalization rate spread over the 10 Year Treasury Bond has widened significantly as the chart below illustrates.

U.S. Multi-Residential Cap Rates versus 10 Year U.S. Treasury Bond Yields

Source: National Council of Real Estate Investment Fiduciaries and Bloomberg

Focus on Newer Properties

Sunstone will focus on the acquisition of existing multifamily apartment properties which were constructed in 1980 or later, in order to reduce capital expenditures on replacement and repairs of the Properties. Given the size and scope of the U.S. real estate market and the multifamily apartment property sector in particular, Sunstone believes limiting their focus to newer properties will not act to limit the investment opportunities which are available. Due to the challenging economic conditions in the U.S. currently, Sunstone expects there will be a decrease in new construction of multifamily apartment properties, fuelling an increasing demand for existing rental properties. Furthermore, Sunstone’s target will be towards REIT-eligible apartment properties.

Geographic Focus on the U.S. “Sunbelt” Regions

Sunstone will focus on the acquisition of Properties in the “Sunbelt” regions of the U.S., being in the southwestern and southeastern areas of the U.S. States such as California, Arizona, Texas, Georgia and Florida have experienced strong population growth rates (4%, 13%, 8%, 10% and 8% respectively) over the last five years that are well above the national average and this is expected to continue, creating additional demand for multifamily apartment properties. These same five states accounted for 52% of the nation’s population growth from 2004 to 2005. These same regions have relatively high concentrations of sub-prime mortgages which Sunstone believes enhances the environment for opportunistic investments in multifamily apartment properties. Increased levels of “forced selling” by current owners will result in opportunistic valuations being obtained by Sunstone on purchased properties.

“Shadow” Rental Housing Supply

Sunstone believes that many individual units in multifamily apartment properties have been acquired in recent years by owners who speculated that they would be able to re-sell those units within the short term for a profit. Current economic conditions have forced these owners to temporarily convert their units into rental housing, creating an artificial rental housing supply. However, as the resale market improves, Sunstone expects that these units will eventually be sold, thereby reducing this “shadow” rental housing supply and increasing the demand for traditional rental housing properties

Favourable Mortgage Financing Environment for Multifamily Apartment Properties

Multifamily apartment properties have a distinct advantage with respect to mortgage financing over other real estate asset classes. In order to facilitate quality and accessible housing and rental accommodation for Americans, the U.S. Federal Housing Administration (FHA) provides mortgage insurance on loans made by FHA-approved lenders throughout the U.S. and its territories. FHA insures mortgages on single family, multifamily, manufactured homes and hospitals. It is the largest insurer of mortgages in the world; insuring over 34 million properties since its inception in 1934. The benefits of FHA-insured mortgages relative to traditional mortgages available to other asset classes include lower interest rates and higher financial leverage, both of which help enhance the potential return on invested equity for property owners, as well as lowering refinancing risk.

In addition, 10-Year U.S. Treasury bond yields are currently at their lowest levels in the past 45 years. This, combined with FHA-insured mortgage eligibility, creates a very favourable financing environment for U.S. multifamily apartment properties buyers relative to other asset classes.

The current real estate debt financing market offers long-term debt financing at attractive interest rates which the Property LP intends to fully utilize in order to increase its return on equity. Sunstone expects that Properties will be available for acquisition at prices which provide an initial annual return on the unlevered purchase price of approximately 7%, while long-term mortgage financing will be available at annual interest rates of between 5.0% and 5.5%, providing positive financial leverage upon acquisition. As well, the Sunstone LLC will target the overall loan to value ratio of the Mortgage Loans at not more than 75% of the purchase price of the Properties as a whole, plus the amount of any property improvement reserve account approved by the Lenders. Further, the Lender’s recourse under each Mortgage Loan is expected to be limited to the Property secured in respect of the Mortgage Loan, thereby insulating other Properties from recourse in the event that one Property suffers financial distress.

Attractive U.S. Dollar Based Investment

The Offering Price for Trust Units is denominated in U.S. dollars. With the Canadian dollar trading near to its 40 year high in relation to the U.S. dollar, Sunstone believes that this is an opportune time for Canadian investors to invest in a U.S. dollar denominated security. In September 2007, the Canadian dollar reached parity with the U.S. dollar for the first time since November 1976. As of April 30, 2008, the Canadian dollar was trading at US\$0.9906. In contrast, on January 18, 2002, the Canadian dollar was trading at US\$0.6202. The appreciation in the Canadian dollar has resulted in U.S.-based properties becoming very favourably priced for Canadian investors.

3. DESCRIPTION OF THE BUSINESSES OF THE ISSUERS

The Trust will invest the proceeds from the issuance of Trust Units in the acquisition of an equal number of Investment LP Units. The Investment LP will invest the proceeds from the issuance of Investment LP Units in the acquisition of an equal number of Property LP Units. The Property LP will invest the proceeds from the issuance of the Property LP Units in the Properties. As a result, an investment in Trust Units will be an indirect investment in the acquisition, ownership and operation of the Properties and the Minimum Return and other returns on and of capital payable to limited partners holding Property LP Units will ultimately flow through to Trust Unitholders.

3.1 Business of the Trust

The Trust has been established for the purposes of issuing Trust Units and investing in the Investment LP Units. The Trust will also temporarily hold cash for the purposes of paying the expenses and liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Trust Units, and making distributions to Trust Unitholders. The principal business of the Trust will be to issue Trust Units and to invest in the Investment LP Units.

The Trust's long-term objective is to earn income and gains from the Trust's indirect interest in the Properties held through the Investment LP Units and owned by the Property LP, being a portfolio of high quality multifamily apartment properties in the U.S. An investment in Trust Units is intended to provide Purchasers with the opportunity to receive cash distributions originating from the ongoing operation of the Properties and the opportunity to receive, in certain circumstances, the proceeds from a refinancing of a Mortgage Loan or a sale of a Property.

3.2 Business of the Investment LP

The Investment LP has been established for the purposes of issuing Investment LP Units and investing in the Property LP Units. The Investment LP will also temporarily hold cash for the purposes of paying the expenses and liabilities of the Investment LP and make distributions to the holders of Investment LP Units. The principal business of the Investment LP will be to issue Investment LP Units and to invest in the Property LP Units.

The Investment LP's long-term objective is to earn returns from the Investment LP's indirect interest in the Properties held through the Property LP Units and owned by the Property LP, being a portfolio of high quality, REIT-eligible multifamily apartment properties in the U.S., and to make distributions to the holders of Investment LP Units.

3.3 Business of the Property LP

The Property LP has been established for the purposes of owning and operating a diversified portfolio of high quality, income-producing REIT-eligible multifamily apartment properties in the U.S. (or interests in such properties). The principal business of the Property LP will be to issue Property LP Units and to acquire and hold the Properties.

The Property LP's long-term objective is to earn income from its investment in the Properties and to distribute such income to holders of the Property LP Units in accordance with the terms of the Property LP Agreement.

3.4 The Properties

The Property LP intends to invest the proceeds realized from the issuance of Property LP Units and from Mortgage Loans in high quality, income-producing REIT-eligible multifamily apartment properties in the U.S. The Property LP intends to concentrate on identifying properties for possible acquisition, primarily in states such as California, Arizona, Texas, Georgia and Florida, which have experienced strong population growth, and to manage and reposition the Properties with the view to preserving capital and providing quarterly cash returns. The Property LP will focus on purchasing Properties which, in the opinion of Sunstone LLC, are currently operating below their full income-producing potential.

All Properties will be purchased at prices and on terms negotiated with arm's length third party vendors. In some cases, the Properties will be acquired pursuant to agreements of purchase and sale entered into by Sunstone or its subsidiaries with arm's length third party vendors, which will be assigned by Sunstone and such subsidiaries to the Property LP at no cost other than reimbursement of any deposits (some of which may be refundable to the Property LP) and due diligence and/or financing expenses paid by Sunstone prior to such assignment.

Sunstone LLC will have a detailed inspection report prepared by an independent inspection firm for each property that is proposed for acquisition through the Property LP, and will have any such property appraised by a qualified appraiser.

Investment Objectives

The Property LP's primary investment objectives are as follows:

- (a) to own a diversified portfolio of high quality, income-producing REIT-eligible multifamily apartment properties in the U.S., with positive cash flow;
- (b) to provide quarterly cash flow distributions upon full investment of the net proceeds allocated to the purchase price of Properties; and
- (c) to enhance the potential for long-term growth of capital through organic growth in rental rates, combined with an overall reduction in capitalization rates.

Guidelines for Property Acquisitions

The net proceeds of the offering of Trust Units will be used by the Property LP in the acquisition of Properties in accordance with the following general guidelines:

- (a) assuming all 40,000 Trust Units offered under this Prospectus are issued, not more than 40% of the net proceeds from such issuance (being the gross proceeds less the amount paid by the Property LP pursuant to the Cost Sharing and Recovery Agreements on account of the Agents' Commission and the expenses of this Offering) will be applied to the acquisition by the Property LP of any one Property;
- (b) in the event that less than 40,000 Trust Units are issued, it may be necessary for the Property LP to apply more than 40% of the net proceeds to the acquisition of any one Property, given the guideline discussed in paragraph (c) below, including applying up to 100% of the net proceeds to the acquisition of as little as one Property (after the creation of a reasonable reserve for renovation and upgrading of the Property, and the creation of a reasonable working capital reserve for the Property);
- (c) upon purchase, each Property would be expected to generate a positive return on the Property LP's invested capital in the Property of not less than 6% per annum, with a target range of 8% per annum. Sunstone LLC will be able to waive this minimum requirement for Properties which Sunstone LLC believes provide unique value added opportunities through replacement of management, re-leasing or similar initiatives; and
- (d) the Property LP intends to acquire properties which are eligible for investment by a REIT and which produce REIT-eligible income. To the extent that the Property LP intends to acquire an interest in a property which is not eligible for investment by a REIT, a taxable subsidiary of the Property LP will be established to acquire such property.

Alignment of Interests

Sunstone LLC believes that individual investors should have the same opportunities as institutions, pension funds and high net worth individuals. With this goal in mind, an investment in Trust Units has been structured to align the interests of Sunstone LLC with those of the Trust Unitholders. Accordingly, Trust Unitholders are entitled, by way of the Trust's interests in the Investment LP and the Property LP, to the cumulative Minimum Return in the Distributable Cash of the Property LP before any amount is paid to Sunstone LLC on account of the Incentive Management Interest. In addition, in the event of any capital transaction in respect of the Properties, including a sale or a refinancing of the Properties, Sunstone LLC will be entitled to receive any unpaid Incentive Management

Interest only after all of the Net Equity has been returned to the limited partners holding Property LP Units, and the limited partners have received full payment of the Minimum Return (refer to “Description of the Securities Distributed – The Property LP”).

Mortgage Loans

Sunstone LLC intends to have the Property LP finance a part of the purchase price of the Properties by way of Mortgage Loans from third party Lenders. Sunstone LLC will target an overall loan to value ratio (of mortgage loans) of not more than 75% of the purchase price of the Properties, plus the amount of any property improvement reserve account approved by the Lenders. However, if deemed appropriate by Sunstone LLC, having regard to all of the circumstances including the potential value of the Properties identified for investment, Sunstone LLC may cause the overall loan to value ratio of the Mortgage Loans to exceed this threshold.

Property Cash Flows

The operating cash flows and revenues from the Properties will be applied by the Property LP to the payment of Operating Expenses, the provision of reasonable reserves for working capital, renovations and upgrades, and the payment of interest and annual principal payments on the Mortgage Loans. After payment of such amounts, subject to the right of the limited partners holding Property LP Units to receive the Minimum Return and Sunstone LLC’s right to receive the Incentive Management Interest, cash distributions and income of the Property LP will be allocated 80% to the limited partners holding Property LP Units and 20% to Sunstone LLC.

Title to the Properties

In order to accommodate the expected requirements of Lenders and to segregate any risks of ownership between Properties, Sunstone LLC intends to have each of the Properties owned by a single purpose entity. These entities are expected to be limited partnerships established in the United States, the sole limited partner of which will be the Property LP, and which will be controlled by Sunstone LLC.

Management of Properties

In certain cases, Sunstone LLC intends to engage third party property managers for the ongoing day-to-day management of the operation of the Properties and intends to structure each third party property management contract with a performance bonus, such that the manager will be rewarded for increases in operating income that the manager achieves from a Property, thereby aligning the interests of the manager with that of the Property LP. Sunstone LLC expects that the fee payable to a Property Manager will be between 3% and 5% of the gross revenue from the managed Property or Properties.

4. DEVELOPMENT OF THE BUSINESSES OF THE ISSUERS

4.1 Description and General Development Since Inception

The Trust was established on April 23, 2008 for the purpose of indirectly owning and operating interests in a diversified portfolio of high quality, income-producing REIT-eligible multifamily apartment properties in the U.S. (or proportionate interests in such properties). Its principal business will be to issue Trust Units and acquire, own and operate an interest in the Properties through the Property LP. The Trust does not have an operating history.

To date, Sunstone LLC has not identified any Properties for potential investment by the Property LP. Assuming that the maximum Offering of 40,000 Trust Units is sold, Sunstone LLC intends that up to \$45,600,000 of the net proceeds received by the Trust from the issuance of Trust Units will be applied to the purchase price of as yet unidentified Properties and applicable costs and fees. If only the minimum Offering of 4,000 Trust Units is sold, Sunstone LLC intends that up to \$4,375,000 of the net proceeds received by the Trust from the issuance of Trust Units will be applied to the purchase price of one or more as yet identified Properties and applicable costs and fees.

If the maximum Offering is sold, the general guidelines that Sunstone LLC has established for the Property LP provide that not more than 40% of the net proceeds (gross proceeds less the Agents' Commission and the expenses of this Offering) should be applied to the acquisition of any one Property. In the event that less than the maximum Offering is sold, it may be necessary for the Property LP to apply more than 40% of the net proceeds to the acquisition of any one Property, including applying up to 100% of the net proceeds to the acquisition of as little as one Property (after the creation of a reasonable reserve for renovation and upgrading of the Property, and the creation of a reasonable working capital reserve for the Property), if the number of Trust Units sold is at or close to the minimum Offering of 4,000 Trust Units.

4.2 Significant Acquisitions

None of the Trust, the Investment LP nor the Property LP has made any property acquisitions or dispositions to date.

4.3 Milestones

The Trust proposes to pursue the business objectives set forth under the heading "Development of the Businesses of the Issuers – Stated Business Objectives" in accordance with the following schedule:

Milestone	Target Date for Completion	Estimated Costs		
			Assuming Minimum Offering	Assuming Maximum Offering
Complete the Offering	June 30, 2008	Agents' Commission ⁽²⁾	\$400,000	\$4,000,000
		Agents' fees and expenses ⁽³⁾	\$75,000	\$75,000
		Expenses of this Offering (legal, accounting and audit, tax advice, printing, travel, securities filings)	\$150,000	\$325,000
		Subtotal	\$625,000	\$4,400,000

(1) All figures are in U.S. dollars.

(2) The Trust will pay to the Agents the Agents' Commission in an amount equal to 8% of the subscription price of Trust Units. Such amount ultimately will be borne entirely by the Property LP pursuant to the Cost Sharing and Recovery Agreements (as a cost of issuing the Property LP Units).

(3) The Trust has also agreed to bear all of the Agents' expenses (currently estimated to be \$75,000) of or incidental to the issue, sale and delivery of the Trust Units pursuant to this Offering, including, without limitation, the reasonable fees and disbursements of legal counsel for the Agents and the reasonable out-of-pocket expenses (including applicable taxes) of the Agents. Such amounts ultimately will be borne entirely by the Property LP pursuant to the Cost Sharing and Recovery Agreements (as a cost of issuing the Property LP Units).

Investment in Properties

The Property LP proposes to pursue the business objectives set forth under the heading "Development of the Businesses of the Issuers – Stated Business Objectives" in accordance with the following schedule:

Milestone	Target Date for Completion	Estimated Costs		
			Assuming Minimum Offering	Assuming Maximum Offering

Milestone	Target Date for Completion	Estimated Costs		
			Assuming Minimum Offering	Assuming Maximum Offering
Document and Complete Purchase Of Properties	December 31, 2009 ⁽²⁾	Purchase Price	\$14,830,508	\$154,576,272
		Due diligence, documentation and financing costs ⁽³⁾	\$222,458	\$2,318,644
		Reserve for renovations and upgrades	\$148,305	\$1,545,762
		Working capital reserve	\$74,152	\$772,881
		Financing Fee	\$222,458	\$2,318,644
		Subtotal	\$15,497,881	\$161,532,203

(1) All figures are in US Dollars.

(2) It is assumed that the minimum Offering or the maximum Offering, as the case may be, has closed prior to such date.

(3) Includes estimated closing costs for purchasing the Properties.

5. USE OF PROCEEDS

Trust and Investment LP

The Issuers intend to use the gross proceeds of this Offering as follows:

<i>Trust</i>	Assuming Minimum Offering ⁽²⁾	Assuming Maximum Offering ⁽²⁾⁽³⁾
Subscription price for Trust Units	\$5,000,000	\$50,000,000
Investment by Trust in Investment LP Units ⁽⁴⁾	\$5,000,000	\$50,000,000

<i>Investment LP</i>	Assuming Minimum Offering ⁽²⁾	Assuming Maximum Offering ⁽³⁾
Subscription price for Investment LP Units	\$5,000,000	\$50,000,000
Investment by Investment LP in Property LP Units ⁽⁵⁾	\$5,000,000	\$50,000,000

(1) All figures are in U.S. dollars.

(2) There will be no closing unless a minimum of 4,000 Trust Units are sold not more than 90 days after the date of the Receipt for the Final Prospectus.

(3) The maximum Offering is 40,000 Trust Units.

(4) The gross proceeds raised by the Trust from the issuance of the Trust Units will be invested in an equal number of Investment LP Units.

(5) The gross proceeds raised by the Investment LP from the issuance of Investment LP Units will be invested in an equal number of Property LP Units.

(6) Pursuant to the Cost Sharing and Recovery Agreements, the Property LP ultimately will bear all costs and expenses incurred in respect of the Offering, including the Agents' Commission, fees and expenses and the other expenses of the Offering.

The Issuers intend to spend the funds available to it as stated in this Prospectus. There may be circumstances, however, where, for sound business reasons, a reallocation of funds may be necessary.

The Property LP

The Property LP intends to use the gross proceeds from the issuance of Property LP Units and from the Mortgage Loans as follows:

		Assuming Minimum Offering ⁽²⁾	Assuming Maximum Offering ⁽²⁾
A.	Proceeds from issuance of Property LP Units	\$5,000,000	\$50,000,000
B	Mortgage Loans	11,122,881	115,932,203
C	Total Sources of Funds: C = A + B	\$16,122,881	\$165,932,203

Use of Funds			
Purchase Price of the Properties ⁽³⁾		\$14,830,508	\$154,576,272
Agents' Commission ⁽⁴⁾		400,000	4,000,000
Agents' fees and expenses ⁽⁵⁾		75,000	75,000
Expenses of this Offering (legal, accounting and audit, tax advice, printing, travel, securities filings) ⁽⁶⁾		150,000	325,000
Estimated closing costs for purchase of Properties (including transfer fees, legal, due diligence and financing costs) ⁽⁷⁾		222,458	2,318,644
Creation of reserve for renovation and upgrading of Properties ⁽⁸⁾		148,305	1,545,762
Creation of reasonable working capital reserves for the Properties ⁽⁹⁾		74,152	772,881
Financing Fee ⁽¹⁰⁾		222,458	2,318,644
Total		\$16,122,881	\$165,932,203

(1) All figures are in U.S. dollars.

(2) The minimum Offering is 4,000 Trust Units and the maximum Offering is 40,000 Trust Units.

(3) The purchase price of Properties shown is an estimate only, and may not be the actual aggregate price payable pursuant to the agreements of purchase and sale to be made between the Property LP and arm's-length third party vendors, or to be made between Sunstone (or its subsidiaries) and arm's-length third party vendors and assigned to the Property LP by Sunstone (or such subsidiaries).

(4) The Trust will pay to the Agents a commission and fee equal to 8% of the subscription price of Trust Units. Such amount ultimately will be borne by the Property LP pursuant to the Cost Sharing and Recovery Agreements.

(5) The Trust has also agreed to bear all of the Agents' expenses (currently estimated to be \$75,000) of or incidental to the issue, sale and delivery of the Trust Units pursuant to this Offering, including, without limitation, the reasonable fees and disbursements of legal counsel for the Agents and the reasonable out-of-pocket expenses (including applicable taxes) of the Agents. Such amounts ultimately will be borne by the Property LP pursuant to the Cost Sharing and Recovery Agreements.

(6) Pursuant to the Cost Sharing and Recovery Agreements, the Property LP has agreed to bear all costs and expenses incurred in respect of the Offering, including the Agents' Commission, fees and expenses and the other expenses of the Offering.

(7) The amount incurred in respect of the purchase of Properties by the Property LP will include, without limitation, all due diligence inspections and reviews of the Properties, third party consultant's fees, closing adjustments, legal and accounting fees, financing fees paid to third party mortgage Lenders, insurers and brokers, other closing costs and transfer fees and taxes.

- (8) Sunstone LLC may undertake a refurbishment program with respect to one or more of the Properties. The amount shown is an estimate of the amount which may be required to establish a reserve for the payment of the anticipated and unanticipated costs of such programs for all of the Properties.
- (9) Sunstone LLC will establish working capital reserves for the Property LP, to help ensure sufficient funds are on hand from time to time to pay anticipated and unanticipated operating and capital expenses of the Properties.
- (10) Sunstone LLC will be paid a Financing Fee equal to 1.5% of the gross purchase price of each Property for the provision of certain financial services to the Property LP.

The proceeds will also be used from time to time by the Property LP to make refundable and non-refundable deposits on account of the purchase price of Properties, to pay mortgage application fees and to pay property due diligence and inspection costs. These payments and costs will include amounts paid to arm's-length third parties and all out-of-pocket costs incurred by Sunstone LLC in the conduct of property inspection and due diligence. Some Properties in respect of which non-refundable deposits, mortgage application fees and property due diligence and inspection costs are paid may not be acquired by the Property LP, resulting in a possible loss of such deposits, fees and/or costs.

In determining what would constitute "reasonable reserves" for renovation and upgrading and working capital reserves for such Properties, Sunstone LLC will review a comprehensive third party due diligence report that will be produced for each Property. The amount of a renovation and upgrading reserve for a given Property will be assessed by Sunstone LLC having regard to, among other things, the Property's age, general state of repair, and an assessment of whether anticipated revenues would be sufficient to cover all or a portion of the repairs or upgrades identified as reasonably necessary through the due diligence process. For the purposes of this Prospectus, the General Partner has estimated that a reasonable reserve for renovation and upgrading of the Properties is 1% of the purchase price of the Properties.

In determining how much of a working capital reserve would be reasonable for a given Property, Sunstone LLC will generally target a working capital reserve of $\frac{1}{2}\%$ of the purchase price of the Property. In the event that the maximum Offering of 40,000 Trust Units is sold, the estimated aggregate purchase price of, as yet unidentified Properties is \$154,576,272; if the minimum Offering of 4,000 Trust Units is sold, the estimated aggregate purchase price of, as yet unidentified, Properties is \$14,830,508. Accordingly, the targeted working capital reserves in the event of a maximum Offering is \$772,881, and the targeted working capital reserves in the event of a minimum Offering is \$74,152. However, for any given Property, Sunstone LLC could allocate a larger or smaller amount to working capital reserves than the targeted amount of $\frac{1}{2}\%$ of the purchase price of the Property, based on Property-specific considerations such as the anticipated revenues from the Property.

6. SELECTED FINANCIAL INFORMATION

Trust

The audited financial statements of the Trust for the period from the date of its formation to May 1, 2008 are included in this Prospectus. The Trust was only recently formed and capitalized with nominal capital. As the Trust has not carried on any business to date, it has no material assets, or cash flow from financing or from operations.

Investment LP

The audited financial statements of the Investment LP for the period from the date of its formation to May 1, 2008 are included in this Prospectus. The Investment LP was only recently formed and capitalized with nominal capital. As the Investment LP has not carried on any business to date, it has no material assets, or cash flow from financing or from operations.

7. EARNINGS COVERAGE RATIOS

Neither the Trust nor the Investment LP has had any earnings to date, and neither currently has any outstanding long-term debt. The Property LP has not had any earnings to date, and currently has no outstanding long-term debt. It is anticipated that upon the acquisition of the Properties, the Property LP will incur Mortgage Loans in the aggregate principal amount of up to \$115,932,203.

8. DESCRIPTION OF THE SECURITIES DISTRIBUTED

The Issuers are offering a minimum of 4,000 Trust Units and a maximum of 40,000 Trust Units, at a purchase price of \$1,250 per Trust Unit. Purchasers are required to acquire a minimum of ten Trust Units.

8.1 Trust Units

The rights and obligations of the Trust Unitholders are governed by the Declaration of Trust for the Trust made April 23, 2008 among the Trustee, Sunstone as settlor, and all persons who become holders of Trust Units as provided therein. The following is a summary of certain material provisions of the Trust Declaration. **This summary does not purport to be complete and reference should be to the Trust Declaration itself, a copy of which is available from the Trustee.**

Capitalized terms in this summary which are not defined in this Prospectus are defined in the Trust Declaration.

Trust Units

The Trust is authorized to issue an unlimited number of redeemable units of beneficial interest. Each Trust Unit entitles the Trust Unitholder to the same rights and obligations as any other Trust Unitholder and no Trust Unitholder is entitled to any privilege, priority or preference in relation to any other Trust Unitholders.

Each Trust Unitholder is entitled to participate equally with respect to any and all distributions made by the Trust to the Trust Unitholders, including distributions of net income and net realized capital gains, subject to an adjustment in a Trust Unit's proportionate share as a result of the date of first issue of a Trust Unit in the first fiscal year of the Trust. On termination, the Trust Unitholders of record are entitled to receive all of the assets of the Trust remaining after payment of all debts, liabilities and liquidation expenses of the Trust (refer to "Termination of the Trust").

Distributions

The Trust will distribute to each Trust Unitholder cash flow realized from its investment in Investment LP Units (being the distributable cash flow received by the Investment LP and generated by the Properties owned and operated through the Property LP) for each quarter in which such amounts are realized. Subject to the foregoing, the Trust intends to make quarterly distributions to Trust Unitholders of record on the last Business Day of each quarter. Distributions will be paid within 15 days following the end of each quarter for which a distribution is declared.

Each distribution declared pursuant to the Trust Declaration constitutes a binding obligation of the Trust on the date so declared. Consequently, a Trust Unitholder holding Trust Units can demand a payment of a declared distribution on the Declaration Date and upon receipt of such demand the Trust must pay that amount to the Trust Unitholder forthwith.

To the extent distributions are calculated in respect of a period and payable at the end of such period, if for any reason, including the termination of the Trust, such period is not completed or such amounts are no longer payable, then the distribution will be pro-rated to the end of the shortened period and be payable at the end of such shortened period.

On the last day of each taxation year, the following amount shall be automatically payable to Trust Unitholders of record at the close of business on such day (whether or not such day is a Business Day): an amount equal to the net income of the Trust for such taxation year, determined in accordance with the provisions of the Tax Act other than paragraph 82(1)(b) and subsection 104(6) thereof, including net realized capital gains plus the non-taxable portion of net realized capital gains realized by the Trust, other than:

- (a) income and taxable capital gains of the Trust arising on or in connection with an *in specie* redemption of Trust Units which are paid or payable by the Trust to redeeming Trust Unitholders;

- (b) capital gains, the tax on which may be offset by capital losses carried forward from prior years or is recoverable by the Trust;
- (c) income, the tax on which may be offset by non-capital losses, if any, carried forward from prior years; and
- (d) net income and net realized capital gains of the Trust for the taxation year otherwise distributed or made payable to the Trust Unitholders during such year.

The Trustee may designate for tax purposes any income or capital gains realized by the Trust as a result of the redemption of Trust Units (including any income or capital gains realized by the Trust on an *in specie* redemption of Trust Units) as being paid to the redeeming Trust Unitholders, with the result that the taxable portion of such gains and income may generally be deductible by the Trust.

Distributions payable to Trust Unitholders pursuant to the Trust Declaration shall be deemed to be distributions of income of the Trust (including dividends), net realized taxable capital gains of the Trust, foreign source income, Trust capital or other items in such amounts as the Trustee, in its absolute discretion determines and shall be allocated to the Trust Unitholders in the same proportions as distributions received by the Trust Unitholders, subject to the discretion of the Trustee to adopt an allocation method which the Trustee considers to be more reasonable in the circumstances. For greater certainty, any distribution of net realized capital gains of the Trust shall include the non-taxable portion of the capital gains of the Trust which are included in such distribution.

If, on a Distribution Payment Date, the Trust does not have cash in an amount sufficient to pay the cash distribution to be made on such Distribution Payment Date, the Trustee may, in its discretion, borrow sufficient funds on such terms as it deems appropriate to make such cash distributions. In the event that the Trustee is unable to, or determines that it is not in the best interests of, the Trust and the Trust Unitholders to borrow funds in order to make a distribution wholly in cash, the distribution payable to the Trust Unitholders on such Distribution Payment Date will, to the extent necessary to ensure that the Trust does not have an income tax liability under Part I of the Tax Act, be distributed to holders of Trust Units in the form of additional Trust Units, and will include a distribution of additional Trust Units (at \$1,250 per Trust Unit) having a value equal to the cash shortfall. If the Trustee determines that the value of a Trust Unit is materially different than \$1,250, each additional Trust Unit will be issued at such different value. Those additional Trust Units will be issued under exemptions under applicable securities laws, discretionary exemptions granted by applicable securities regulatory authorities or a prospectus or similar filing. The distribution of Trust Units will be subject to the requirements of the applicable securities authority and if not permitted, distributions will be made in cash. The Trustee will consolidate the number of outstanding Trust Units after a distribution of additional Trust Units, so that each Trust Unitholder holds the same number of Trust Units held before the distribution of additional Trust Units.

Distribution on Termination of the Trust

On the termination of the Trust, the assets of the Trust shall be liquidated and the proceeds distributed in the following order:

- (a) to pay the liabilities of the Trust and to establish reserves for the contingent liabilities of the Trust;
- (b) to pay unpaid fees and expenses of the Trustee; and
- (c) to redeem from the Trust Units, on a *pro rata* basis from the Trust Unitholders.

Meetings of Trust Unitholders and Resolutions

The Trustee may, at any time, convene a meeting of the Trust Unitholders and will be required to convene a meeting on receipt of a request in writing of Trust Unitholders holding, in aggregate, 15% or more of the Trust Units outstanding. Any matter to be considered at a meeting of Trust Unitholders, other than certain matters requiring the approval of Trust Unitholders by Special Resolution, will require the approval of Trust Unitholders by an Ordinary Resolution. A

quorum for any meeting convened to consider such matter will consist of two or more Trust Unitholders present in person or by proxy and representing not less than 10% of the Trust Units. If a quorum is not present at a meeting within 30 minutes after the time fixed for the meeting, the meeting, if convened pursuant to a request of Trust Unitholders, will be cancelled, but otherwise will be adjourned to another day, not less than 10 days later, selected by the Trustee and notice will be given to the Trust Unitholders of such adjourned meeting. The Trust Unitholders present at any adjourned meeting will constitute a quorum.

Each Trust Unitholder is entitled to one vote per Trust Unit held.

The following matters require approval by Ordinary Resolution and shall be deemed approved, consented to or confirmed, as the case may be, upon the adoption of such Ordinary Resolution:

- (a) matters relating to the administration of the Trust for which the approval of the Trust Unitholders is required by policies of the securities regulatory authorities or other applicable laws and regulations in effect from time to time, and such policies, laws or regulations do not require approval by Special Resolution;
- (b) subject to the requirements for a Special Resolution, any matter or thing stated in the trust declaration to be required to be consented to or approved by the Trust Unitholders; and
- (c) any matter which the Trustee considers appropriate to present to the Trust Unitholders for their confirmation or approval.

Each of the following actions requires approval by Special Resolution, the terms of which shall specify the date upon which the proposed action shall be undertaken and the party who shall undertake the action:

- (a) the amendment of the Trust Declaration (except as provided under “Amendments to the Trust Declaration” below) or changes to the Trust, including changes to the investment objectives of the Trust;
- (b) the removal of the Trustee;
- (c) the appointment of a new trustee;
- (d) the termination of the Trust;
- (e) a reduction in the amount payable on any outstanding Trust Units upon liquidation of the Trust;
- (f) an increase in the liability of any Trust Unitholders; or
- (g) the alteration or elimination of any voting rights pertaining to any outstanding Trust Units.

Notwithstanding the above or any other provision herein, no confirmation, consent or approval shall be sought or have any effect and no Trust Unitholders shall be permitted to effect, confirm, consent to or approve, in any manner whatsoever, where the same increases the obligations of or reduces the compensation payable to or protection provided to the Trustee, except with the prior written consent of the Trustee.

Termination of the Trust

The Trustee may at any time terminate and dissolve the Trust by giving written notice to each of the then Trust Unitholders of its intention to terminate the Trust at least ninety (90) days before the date on which the Trust is to be terminated. Upon termination, the net assets of the Trust will be distributed to the Trust Unitholders on a pro-rata basis. Prior to the termination date, the Trustee will convert the assets of the Trust to cash. After payment of the liabilities of the Trust, each Trust Unitholder registered as such at the close of business on the date fixed as the termination date will

be entitled to receive from the Trustee his proportionate share of the value of the Trust in accordance with the number of Trust Units which he then holds.

Amendments to the Trust Declaration

Subject to the restrictions described in “Meetings of Trust Unitholders and Resolutions”, any provision of the Trust Declaration may be amended, deleted, expanded or varied by the Trustee, if the amendment is, in the opinion of counsel, not a material change which adversely affects the pecuniary value of the interest of any Trust Unitholders and does not relate to:

- (a) any material change in the position, authority or responsibility of the Trustee;
- (b) any change in the investment policy of the Trust or to the Trust Declaration, if such change is material or is otherwise required by the Trust Declaration.

Information and Reports

After the end of each calendar quarter, the Trust’s accountant prepared and reviewed financial statements will be distributed in accordance with applicable securities legislation. After the close of each calendar year, the Trust’s audited financial statements and report will be forwarded to each Trust Unitholder on or before the following March 31. In addition, on or before March 31 in each calendar year, the Trust will forward to each person who received a distribution at any time during the previous calendar year, tax reporting information in such a manner as will enable such person to report the income tax consequences of investment in Trust Units in the Trust Unitholder’s annual Canadian income tax return.

Liability of Trust Unitholders

In circumstances where a material obligation of the Trust is created, it is provided in the Trust Declaration that the Trustee will have any such obligations modified so that there is no personal liability of Trust Unitholders. Further, the Trustee will cause the operations of the Trust to be conducted, with the advice of counsel, in such a way and in such jurisdictions as to avoid, as far as possible, any material risk of liability on the Trust Unitholders for claims against the Trust.

As a general rule, the Trustee making investments for the Trust contracts as principal and therefore, subject to contract, the Trustee is liable for all obligations incurred in carrying out such investments for the Trust. However, in cases where the Trustee is unable to obtain written agreement that a material obligation assumed by the Trust is not binding upon the Trust Unitholders personally there is a risk that if the claims made in respect thereof are to be satisfied by the Trust, a Trust Unitholder may be held personally liable for the obligations of the Trust, provided that pursuant to the Trust Declaration such liability is limited to the Trust Units held by such Trust Unitholders. In case of claims made against the Trust which do not arise out of contracts, for example, claims for taxes or claims in tort, personal liability may also arise against Trust Unitholders.

Redemption

A Trust Unitholder holding Trust Units wishing to redeem the whole or any part of his or her Trust Units (a “Redemption”) may deliver a notice of such desire (the “Redemption Notice”) to the Trustee at any time. Upon receipt by the Trust of the Redemption Notice, the Trust Unitholder shall thereafter cease to have any rights with respect to the Trust Units tendered for redemption (other than to receive the redemption payment therefor) including the right to receive any distributions thereon that are declared payable to the Trust Unitholders of record on a date that is subsequent to the day of receipt by the Trustee of the Redemption Notice. Trust Units shall be considered to be tendered for redemption on the date that the Trustee has, to the satisfaction of the Trustee, received the Redemption Notice and further documents or evidence the Trustee may reasonably require with respect to the identity, capacity or authority of the person giving such notice.

Subject to applicable laws and the conditions listed below, the Trust will redeem the Trust Units specified in such Redemption Notice. The price per Trust Unit payable upon redemption will be equal to either:

- (a) where the Trust Units are listed on a stock exchange or similar market, an amount equal to the lesser of (i) 95% of the market price of the Trust Units during the 10 trading day period after the redemption date; and (ii) 100% of the closing market price of the Trust Units on the redemption date; or
- (b) where the Trust Units are not listed on a stock exchange or similar market, 95% of:
 - (i) the aggregate Property LP Unit Value of the Property LP Units indirectly held by the Trust through the Investment LP on the last day of the most recent calendar quarter that ends prior to the redemption date; plus
 - (ii) the aggregate value of cash, working capital or other assets of the Investment LP on the redemption date, other than Property LP Units the value of which is accounted for under (b)(i) above; plus
 - (iii) the aggregate value of cash, working capital, or other assets of the Trust on the redemption date, other than Investment LP Units the value of which is accounted for under (b)(i) and (ii) above; less
 - (iv) the aggregate value of the liabilities of the Trust and the Investment LP on the redemption date; less
 - (v) the aggregate value on the redemption date of any interest in the Investment LP other than Investment LP Units held by the Trust,

divided by the number of outstanding Trust Units on the redemption date.

The redemption price per Trust Unit multiplied by the number of Trust Units tendered for Redemption will be paid to a Trust Unitholder by way of a cash payment no later than the last day of the calendar month following the calendar quarter in which the Trust Units were tendered for redemption, provided that:

- (a) the total amount payable by the Trust by cash payment in respect of the redemption of Trust Units for that calendar quarter will not exceed \$100,000;
- (b) the total amount payable by the Trust by cash payment in respect of the redemption of Trust Units in any twelve month period ending at the end of that calendar quarter will not exceed 3/4 of 1% of the aggregate subscription price of all Trust Units that were issued and outstanding at the start of such twelve month period; and
- (c) in the event that the Trust Units are listed on a stock exchange or similar market, the normal trading of the Trust Units is not suspended or halted on any stock exchange on which the Trust Units are listed for trading on the redemption date or for more than five trading days during the 10 day trading period commencing immediately after the redemption date.

If any of the conditions in paragraphs (a) to (c) above preclude the payment of the redemption price in cash (and the Trust does not, in its sole discretion, waive such limitation in respect of all Trust Units tendered for redemption in any particular calendar quarter), the redemption price shall be paid and satisfied by way of either of the following methods to be selected by the Trustee using its sole discretion:

- (a) the issuance and delivery of a number of Trust Notes, each in the principal amount of \$100, having an aggregate principal amount equal to the redemption price per Trust Unit multiplied by the number of Trust Units tendered for redemption; or

- (b) a distribution *in specie* to the Trust Unitholder of a number of Debt Securities (each in the principal amount of \$100), having an aggregate principal amount equal to the redemption price per unit multiplied by the number of Trust Units tendered for redemption; or
- (c) a distribution *in specie* to the Trust Unitholder of a number of Investment LP Units with an aggregate value (having regard to the Property LP Unit Value at that time) equal to the aggregate redemption price of the Trust Units tendered for redemption, which number of Investment LP Units is expected (in the event that the Trust's only property consists of Investment LP Units and the Trust has no liabilities) to be equal to the number of Trust Units tendered for redemption.

Trust Units will be redeemed according to the order in which Redemption Notices are received.

Trust Notes received as a result of redemptions of Trust Units may not be qualified investments for Plans, and this could give rise to adverse consequences to a Plan or the annuitant under a Plan, including the redeeming Trust Unitholder becoming subject to a penalty tax or having its tax exempt status revoked depending on the circumstances. Accordingly, Purchasers which are Plans should consult their own tax advisors before deciding to exercise the redemption rights attached to the Trust Units (refer to "Risk Factors").

Forced Redemption Upon Non-Residency

At no time may non-residents of Canada be the beneficial owners of Trust Units. If a Trust Unitholder becomes a non-resident of Canada or otherwise becomes a "designated beneficiary" as defined in section 210 of the Tax Act (and as defined in proposed subsection 210(1) of the Tax Act), the Trustee may in its discretion, either forthwith redeem all or a part of the Trust Units held by such Trust Unitholder, or by written notice require the Trust Unitholder to, within thirty (30) days, transfer the Trust Units to a transferee who is not a "designated beneficiary" as defined in section 210 of the Tax Act. The redemption proceeds payable for each Trust Unit to be redeemed will be equal to 85% of the lesser of the Subscription Price and the amount payable to a redeeming Trust Unitholder in the event of a Redemption of a Trust Unit, determined on the day on which the Trustee issues the redemption notice.

No Concentration of Ownership

Pursuant to the Trust Declaration, no one individual or his or her family may directly or indirectly acquire more than five percent (5%) of the Trust Units.

Powers and Responsibilities of the Trustee

The Trustee has exclusive authority to manage the operations and affairs of the Trust and to make all decisions regarding the business of the Trust, and has authority to bind the Trust. The powers, authorities and responsibilities of the Trustee are limited to those expressly set forth in the Trust Declaration. The Trustee is responsible for managing the business and administration of the Trust and the conduct of the affairs of the Trust, including without limitation:

- (a) holding Trust Property in safekeeping; retaining moneys, securities, property, assets or investments; investing moneys from time to time forming part of the Trust Property (as such term is defined in the Trust Declaration);
- (b) ensuring that the gross subscription proceeds are invested in Investment LP Units;
- (c) borrowing money as necessary to pay distributions to Trust Unitholders, and encumbering Trust Property in respect thereof;
- (d) paying properly incurred expenses out of Trust Property;
- (e) depositing monies from time to time forming part of the Trust Property in accounts;

- (f) possessing and exercising rights, powers and privileges appertaining to ownership of or interest in Trust Property;
- (g) holding legal title to Trust Property;
- (h) reinvesting income and gains of the Trust and to take other actions besides the mere protection and preservation of the Trust Property;
- (i) appointing the accountants of the Trust;
- (j) appointing the bankers of the Trust;
- (k) ensuring compliance with applicable securities legislation;
- (l) preparing and filing or causing to be prepared and filed all requisite returns, reports and filings;
- (m) monitoring the listing or trading of the Trust Units on a stock exchange or other market;
- (n) monitoring the Trust's tax status as a "mutual fund trust" and, if applicable, a "real estate investment trust" within the meaning of the Tax Act;
- (o) providing all requisite office accommodation and associated facilities;
- (p) providing or causing to be provided to the Trust all other administrative and other services and facilities required by the Trust; and maintaining or causing to be maintained complete records of all transactions in respect of the investment portfolio of the Trust;
- (q) prescribing any instrument provided for or contemplated by the Trust Declaration; and
- (r) remitting distributions,

all subject to the terms and conditions set out in the Trust Declaration. The Trust Declaration provides that the Trustee may engage or employ persons in connection with the Trust and pay to them compensation out of Trust Property and may delegate its powers, authorities and duties.

The Trustee or any successor trustee may resign upon 60 days' notice to Trust Unitholders, or may be removed by a Special Resolution of the Trust Unitholders by notice to the Trustee not less than sixty (60) days prior to the date that such removal is to take effect, provided a successor trustee is appointed or the Trust is terminated. In the event that the Trustee resigns or is removed or becomes incapable of acting or if for any cause a vacancy shall occur in the office of the Trustee, a successor trustee shall forthwith be appointed by the Trust Unitholders by Special Resolution to fill such vacancy. Forthwith following such appointment of a successor trustee, the Trustee shall execute and deliver such documents as such successor trustee may require for the conveyance of any property of the Trust held in the Trustee's name, shall account to the successor trustee for all property of the Trust which the Trustee holds as trustee and shall thereupon be discharged as trustee.

The Trust Declaration provides that the Trustee will be indemnified out of the Trust Property in respect of any civil, criminal or administrative action or proceeding to which it, any of its officers or directors, or any officer or director of any of its affiliates, is made a party by reason of being or having been a Trustee or officer or director of the Trustee, and/or in respect of any and all taxes, penalties or interest in respect of unpaid taxes or other governmental charges imposed upon such parties as a result of the exercise of his or her powers or duties under the Trust Declaration. However, any such party will not be indemnified in respect of unpaid taxes or other governmental charges that result from his or her failure to act honestly and in good faith with a view to the best interests of the Trust, or as a result of his or her failure to exercise that degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, or, in the case of a criminal or administrative action or

proceeding that is enforced by a monetary penalty, where such party did not have reasonable grounds for believing that his or her conduct was lawful.

In addition, the Trust Declaration contains other customary provisions limiting the liability of the Trustee and indemnifying the Trustee in respect of certain liabilities incurred by it in carrying out its duties.

The Trustee will not receive fees from the Trust for acting as trustee of the Trust, and will be reimbursed by the Trust for all expenses and liabilities which are properly incurred by the Trustee in connection with the activities of the Trust. The Trustee may dispose of any Trust Property on such terms as the Trustee may in its sole discretion determine for the purpose of paying any obligations imposed on the Trust or for repaying any loan hereby authorized.

The Trustee is required to exercise its powers and discharge its duties honestly, in good faith and in the best interests of the Trust and to exercise the degree of care, diligence and skill that a reasonably prudent professional manager would exercise in comparable circumstances.

Rights of Trust Unitholders

A Trust Unitholder has substantially all of the same protections, rights and remedies as a shareholder would have under the CBCA, except as described herein. Many of the provisions of the CBCA respecting the governance and management of a corporation have been incorporated in the Trust Declaration. For example, Trust Unitholders are entitled to exercise voting rights in respect of their Trust Units in a manner comparable to shareholders of a CBCA corporation, and provisions relating to the calling and holding of meetings of Trust Unitholders included in the Trust Declaration are comparable to those of the CBCA. Unlike shareholders of a CBCA corporation, Trust Unitholders do not have a comparable right of a shareholder to make a proposal at a general meeting of the Trust. The matters in respect of which Trust Unitholder approval is required under the Trust Declaration are generally less extensive than the rights conferred on the shareholders of a CBCA corporation. The appointment of auditors is reserved to the Trustee rather than the Trust Unitholders. Trust Unitholders do not have recourse to a dissent right under which shareholders of a CBCA corporation are entitled to receive the fair value of their shares where certain fundamental changes affecting the corporation are undertaken (such as an amalgamation, the sale of all or substantially or of its property, or a going private transaction). As an alternative, Trust Unitholders seeking to terminate their investment in the Trust are entitled to receive, subject to certain conditions and limitations, their *pro rata* share of the Trust's net assets through the exercise of the redemption rights described above under "Redemption". Trust Unitholders similarly do not have recourse to the statutory oppression remedy that is available to shareholders of a CBCA corporation where the corporation undertakes actions that are oppressive, unfairly prejudicial or disregard the interests of security holders and certain other parties.

Shareholders of a CBCA corporation may apply to a court to order the liquidation and dissolution of the corporation in certain circumstances, whereas Trust Unitholders may rely only on the general provisions of the Trust Declaration which permit the winding up of the Trust with the approval of a Special Resolution of the Trust Unitholders. Shareholders of a CBCA corporation may also apply to a court for the appointment of an inspector to investigate the manner in which the business of the corporation and its affiliates is being carried on where there is reason to believe that fraudulent, dishonest or oppressive conduct has occurred. The CBCA also permits shareholders to bring or intervene in derivative actions in the name of the corporation or any of its subsidiaries, with the leave of a court. The Trust Declaration does not include comparable rights.

The foregoing is a summary only of certain of the material provisions of the Trust Declaration. For a complete understanding of all of the provisions of the Trust Declaration Agreement, reference should be made to the Trust Declaration itself, a copy of which is available from the Trustee.

8.2 The Investment LP

The rights and obligations of the Investment GP and the parties holding Investment LP Units are governed by the limited partnership agreement made April 28 2008 establishing the Investment LP among the Investment GP, the Trust as the initial limited partner and all persons who subsequently become limited partners of the Investment LP

holding Investment LP Units. The following is a summary of certain material provisions of the Investment LP Agreement. **This summary does not purport to be complete and reference should be to the Investment LP Agreement itself, a copy of which is available from the Investment GP.**

Capitalized terms in this summary which are not defined in this Prospectus are defined in the Investment LP Agreement.

Capital in the Investment LP

The capital of the Investment LP consists of an unlimited number of Class A units, 1,000 Class B units, and the interest held by the Investment GP. The Investment GP has made a capital contribution of \$10 to the Investment LP and has no further obligation to contribute capital. As the initial limited partner, the Trust has made a capital contribution of \$10 to the Investment LP, which contribution will be repaid upon the subscription for the first Investment LP Units. The Trust will contribute to the Investment LP \$1,250 in capital per Investment LP Unit purchased. Limited partners holding Class B units of the Investment LP will contribute \$1,000 in capital per Class B unit purchased.

Pursuant to the Code, in order to qualify as a REIT the Investment LP must be beneficially owned by at least 100 persons. In order to meet this test, the Investment LP, on or before January 31, 2009, will issue Class B Units to at least 100 persons, for a subscription price of \$1,000 per Class B Unit. Limited partners holding Class B Units of the Investment LP will earn an annual percentage return, cumulative but not compounded, calculated on their net equity in the Investment LP (the "Class B Minimum Return"), which annual rate will be established by the Investment GP upon the issuance of the Class B Units. Such annual return will be paid to the holders of the Class B Units in priority to the distribution of cash flow to the Trust, as the holder of the Class A Units of the Investment LP, and the General Partner.

Proportionate Share

For the purposes of the Investment LP Agreement, the Proportionate Share of the Investment GP and the individual limited partners holding Class A Units is equal to the capital contributed by each divided by the aggregate capital received by the Investment LP from the Investment GP and such limited partners. The Proportionate Share of the individual limited partners holding Class B Units of the Investment LP is equal to the capital contributed by each such limited partner divided by the aggregate capital received by the Investment LP from the limited partners holding Class B Units.

Allocation of Net Income and Net Losses

Net income and net losses of the Investment LP will be allocated (except for U.S. federal income tax purposes) among the Investment GP and limited partners of the Investment LP on the following basis:

- (a) first, limited partners holding Class B Units of the Investment LP shall be allocated the Class B Minimum Return, calculated and accumulated on a non-compounded basis, in priority to any allocations or distributions to the limited partners holding Class A Units or the Investment GP. The annual percentage rate of the Class B Minimum Return shall be determined in the sole discretion of the Investment GP upon the issuance of the Class B Units;
- (b) secondly, 0.01% of the balance of net income or net losses will be allocated to the Investment GP to a maximum of \$100 per annum; and
- (c) thirdly, the balance of net income or net losses will be allocated to the limited partners holding Class A Units, *pro rata*.

Cash Flow Distributions

In each calendar quarter of the Investment LP, to the extent cash flow permits, the Investment LP will pay and distribute an amount equal to all cash flow from its investment in Property LP Units in that year after payment of all current obligations of the Investment LP. Cash flow will be distributed as follows:

- (a) first, to pay to the limited partners holding Class B units an amount equal to the accrued and unpaid Class B Minimum Return as of such date, *pro rata*, in proportion to each such limited partner's respective Proportionate Share; and
- (b) thereafter, the remainder to the limited partners holding Class A Units and the General Partner as a class, *pro rata*, in proportion to each such partner's respective Proportionate Share.

Distributions upon Wind-up, etc.

Upon the liquidation, dissolution or wind-up of the Investment LP, the assets of the Investment LP will be liquidated and the proceeds thereof will be distributed as follows:

- (a) first, to pay all expenses incurred in the winding-up of the Investment LP;
- (b) secondly, to pay all of the liabilities of the Investment LP, including any loans or advances made by its limited partners and any amounts owing to the Investment GP in respect of costs and expenses owing to it;
- (c) thirdly, to establish such reserves as the Investment GP considers necessary;
- (d) fourthly, to pay to the limited partners holding Class B units of the Investment LP, as a class, the sum of (i) any accrued and unpaid Class B Minimum Return, determined as of such date, and (ii) the net equity contributed by such limited partners, *pro rata*, in proportion to their respective Proportionate Shares; and
- (e) fifthly, the balance to the Investment GP and the limited partners holding Class A Units of the Investment LP as a class, *pro rata* in proportion to their respective Proportionate Shares.

Alternatively, the limited partners holding Class A Units may approve by Special Resolution distributions of all assets of the Investment LP *in specie* in which event the Investment GP and each limited partner holding Class A Units shall, subject to the provisions of the Investment LP Agreement, be entitled to receive an undivided interest in each and every asset of the Investment LP in accordance with such limited partner's Proportionate Share as of the date of dissolution or sale.

Additional Distributions

The Investment LP may also make additional distributions during the year, as the Investment GP may determine, if necessary to meet the REIT annual distribution requirements. Consent dividends, being distributions of taxable income without a corresponding payment of cash, may also be made, as the Investment GP may determine, if necessary to meet the REIT annual distribution requirements.

Additional Capital Contributions

No limited partner holding Investment LP Units is required to make additional capital contributions to the Investment LP over and above the purchase price paid for such limited partner's Investment LP Units.

Management and Control of the Investment LP

The Investment GP shall have continuing exclusive authority over the management of the Investment LP, the conduct of its affairs, and the management and disposition of the property of the Investment LP, except for certain limited matters being subject to votes of the limited partners holding Investment LP Units. No limited partner holding Investment LP Units nor any limited partner holding Class B units of the Investment LP is permitted to take part in the management of the business of the Investment LP. The Investment GP has unlimited liability for the debts, liabilities and obligations of the Investment LP. A limited partner holding Investment LP Units will not be liable for any debts, liabilities or obligations of the Investment LP in excess of such limited partner's paid capital contributions and any unpaid capital contributions agreed to be paid in respect of such limited partner's Investment LP Units, provided such limited partner does not take part in the control or management of the business of the Investment LP.

Removal of the Investment GP

The limited partners holding Investment LP Units may, by Special Resolution and upon 60 days written notice to the Investment GP, remove the Investment GP without cause, and may remove the Investment GP for cause, if such cause is not remedied after reasonable notice from the limited partners holding Investment LP Units. In either such case, the limited partners holding Investment LP Units will appoint, concurrently with the removal, a replacement general partner to assume all of the responsibilities and obligations of the removed General Partner, and the removed General Partner will be released of its liabilities under the Investment LP Agreement and indemnified for any damages and expenses with respect to events which occur in relation to the Investment LP after the appointment of the new General Partner.

The removal and replacement of the Investment GP will not dissolve the Investment LP, and the business of the Investment LP will be continued by the new General Partner.

Voting

Each Investment LP Unit has attached to it the right to exercise one vote at meetings of the Investment LP. Certain powers, relating generally to the existence and fundamental powers of the Investment LP, are specified in the Investment LP Agreement to be exercisable only by way of a Special Resolution passed by the limited partners holding Investment LP Units. Class B units of the Investment LP do not have the right to exercise any votes at meetings of the Investment LP.

Assignment of Units and Minimum Distribution Requirements

Investment LP Units may be assigned and transferred in writing without restriction and no such transfer or assignment shall require any approval or consent from the Investment GP or any other limited partner of the Investment LP. However, the transferor must comply with the applicable securities legislation. Further, the transferee must agree to assume the obligations of the transferor that pertain to the Investment LP Units transferred and to paid such costs, expenses and disbursements, including legal fees, as are reasonably incurred by the Investment LP by reason of the transfer. A transferee of an Investment LP Unit will not become a limited partner in respect of that Investment LP Unit until all filings and recordings required by law to validly effect a transfer have been duly made.

Notwithstanding the foregoing, if any assignment or transfer of an Investment LP Unit results in: (1) the outstanding Investment LP Units being beneficially owned (as provided in Section 856(a) of the Code) by less than 100 persons (determined without reference to any rules of attribution); (2) the Investment LP being "closely held" within the meaning of Section 856(h) of the Code; or (3) the Investment LP otherwise failing to qualify as a REIT under the Code, such assignment or transfer will be void *ab initio*, and the intended assignee or transferee shall acquire no rights in such Investment LP Units. The Investment GP shall not admit any such assignee or transferee of an Investment LP Unit as a limited partner in the Investment LP.

Further, the Investment LP Agreement contains so-called “excess share” provisions pursuant to which Investment LP Units, the existing ownership or transfer of which causes or will cause the Investment LP to violate certain ownership restrictions set out in the Code, will be transferred by operation of law to a charitable trust established for such purpose, retroactive to the date of such ownership or transfer.

The foregoing is a summary only of certain of the material provisions of the Investment LP Agreement. For a complete understanding of all of the provisions of the Investment LP Agreement, reference should be made to the Investment LP Agreement itself, a copy of which is available from the Investment GP.

8.3 The Property LP

The rights and obligations of Sunstone LLC and the limited partners holding Property LP Units are governed by the limited partnership agreement made April 30, 2008 among Sunstone LLC, the Investment LP as the initial limited partner and all persons who subscribe for Property LP Units establishing the Property LP. The following is a summary of certain material provisions of the Property LP Agreement. **This summary does not purport to be complete and reference should be to the Property LP Agreement itself, a copy of which is available from Sunstone LLC.**

Capitalized terms in this summary which are not defined in this Prospectus are defined in the Property LP Agreement.

Capital in the Property LP

The capital of the Property LP consists of an unlimited number of Property LP Units, plus the interest held by Sunstone LLC as general partner. Sunstone LLC has made a capital contribution of \$10 to the Property LP and has no further obligation to contribute capital. Limited partners will contribute to the Property LP \$1,250 in capital per Property LP Unit purchased.

Cash Flow from Operations

In each fiscal year of the Property LP, the Property LP will pay and distribute an amount equal to all cash flow from operations of the Properties in that year after payment of all current obligations relating to the Properties, including all current principal and interest payments under the Mortgage Loans and after the creation of reasonable working capital and capital improvement reserves as determined by Sunstone LLC. Cash flow arising from the ordinary course of operations of the Properties will be distributed as follows:

- (a) first, the limited partners will be paid the amount of the Minimum Return. Sunstone LLC will not be entitled to share in cash flow, proceeds of sale, and surplus proceeds from refinancing until the Minimum Return has been paid. The Minimum Return will be calculated on a non-compounded, cumulative basis such that in the years when the Minimum Return is not available from cash flow, it will accumulate and be paid from cash flow in subsequent years;
- (b) secondly, Sunstone LLC will be paid the Incentive Management Interest (being an amount equal to 20/80ths of the total to the date of such distribution of the total payments made to limited partners in respect of the Minimum Return to that date, thereby providing Sunstone LLC with a 20% share of the total amounts distributed by the Property LP to all partners up to that date); and
- (c) thirdly, the balance will be paid out as to 80% to the limited partners and 20% to Sunstone LLC.

Net Proceeds from Refinancings, Sale or other Capital Transactions

All net proceeds received by the Property LP from any capital transaction in respect of the Properties, after the payment of any Disposition Fee and the creation of a reasonable reserve as determined by Sunstone LLC, will be allocated and distributed on the following basis:

- (a) first,
 - (i) if the limited partners have not received repayment in full of their Net Equity, to the limited partners in the amount of their unpaid Net Equity;
 - (ii) if the limited partners have not received payment in full of the Minimum Return, to the limited partners in the amount of their unpaid Minimum Return;
- (b) secondly, if Sunstone LLC has not received payment in full of the Incentive Management Interest, to Sunstone LLC in the amount of its unpaid Incentive Management Interest plus, to the extent that the amount distributed to the limited partners (other than as a return of Net Equity) exceeds the Minimum Return, Sunstone LLC shall be paid an amount equal to 20/80ths of such excess; and
- (c) thirdly, the balance will be distributed 80% to the limited partners and 20% to Sunstone LLC.

Allocation of Income and Losses for Tax and Accounting Purposes

For tax and accounting purposes, losses for each fiscal year of the Property LP will be allocated first to the limited partners to the extent of their equity accounts (being their Net Equity less prior loss allocations and distributions plus prior income allocations and contributions). For tax and accounting purposes, net income for each fiscal year of the Property LP will be allocated to the limited partners and Sunstone LLC in the same manner and in the same priorities in which cash flow from operations and distributions of net proceeds from refinancings, sale or other capital transactions are ultimately distributed to such partners (excluding returns of capital and repayments of loans), subject to adjustments for prior loss allocations and such other adjustments as necessary to be made on a cumulative basis and subject to adjustments necessary to meet the U.S. federal income tax standards.

Additional Capital Contributions

No limited partner is required to make additional capital contributions to the Property LP over and above the purchase price paid for such limited partner's Property LP Units.

Partner Loans

If the Property LP requires additional funding, Sunstone LLC may request that one or more limited partners voluntarily loan funds to the Property LP. If a limited partner elects to make a loan to the Property LP, the Property LP will be required to repay such loan, together with interest thereon, in priority to any distributions of Distributable Cash or Extraordinary Distributions.

Distributions upon Wind-up, etc.

Upon the liquidation, dissolution or wind-up of the Property LP, Sunstone LLC will be entitled to receive any amounts due to it on account of costs and expenses incurred on behalf of the Property LP, and Sunstone LLC will be entitled to a return of its capital contribution of \$10. Thereafter:

- (a) the limited partners will be entitled to payment of (i) the amount, if any, of their cumulative Minimum Return which remains unpaid, and then (ii) the amount of Net Equity provided by the limited partners, to the extent that such Net Equity has not been repaid to them;
- (b) Sunstone LLC will be entitled to payment of the amount, if any, of the Incentive Management Interest which remains unpaid; and
- (c) the balance will be paid as to 80% to the limited partners and 20% to Sunstone LLC.

Management and Control of the Property LP

Under the terms of the Property LP Agreement, Sunstone LLC is given full power and authority to manage, control, administer and operate the business of the Property LP, except for certain matters being subject to votes of the limited partners. No limited partner is permitted to take part in the management of the business of the Property LP. Sunstone LLC has unlimited liability for the debts, liabilities and obligations of the Property LP. A limited partner will not be liable for any debts, liabilities or obligations of the Property LP in excess of such limited partner's paid capital contributions and any unpaid capital contributions agreed to be paid in respect of such limited partner's Property LP Units, provided such limited partner does not take part in the control or management of the business of the Property LP.

Removal of the General Partner

The limited partners may, by Special Resolution and upon 60 days written notice to Sunstone LLC, remove Sunstone LLC as general partner of the Property LP without cause, and may remove Sunstone LLC as general partner of the Property LP for cause, if such cause is not remedied after reasonable notice from the limited partners. In either such case, the limited partners will appoint, concurrently with the removal, a replacement general partner to assume all of the responsibilities and obligations of Sunstone LLC, and Sunstone LLC will be released of its liabilities under the Property LP Agreement and indemnified for any damages and expenses with respect to events which occur in relation to the Property LP after the appointment of the new general partner.

In the event of the removal of Sunstone LLC as general partner of the Property LP, the Property LP may terminate the General Partner Services Agreement and any other agreements made between the Property LP and Sunstone LLC or a Related Party, upon the payment by the Property LP to Sunstone LLC or such Related Party of the amount stated in such agreement to be payable upon termination or, in the absence thereof, a reasonable termination compensation. Upon termination of the General Partner Services Agreement, the Property LP will be responsible for the payment to Sunstone LLC of any and all fees payable under that Agreement, and all expenses incurred and paid by Sunstone LLC, up to the date immediately prior to the date of termination. As well, the Property LP will purchase from the former General Partner its interest in the Property LP for a price equal to the fair market value thereof.

The removal and replacement of Sunstone LLC will not dissolve the Property LP, and the business of the Property LP will be continued by the new General Partner.

Voting

Each Property LP Unit has attached to it the right to exercise one vote at meetings of the Property LP. Certain powers, relating generally to the existence and fundamental powers of the Property LP, are specified in the Property LP Agreement to be exercisable only by way of a Special Resolution passed by the limited partners.

Financial Information

Sunstone LLC has agreed under the Property LP Agreement to distribute a copy of audited annual financial statements to each limited partner within ninety (90) days after the end of each fiscal year of the Property LP, and to provide each limited partner with annual income tax information for each fiscal year by March 31 of the following year to facilitate the declaration by each limited partner of his, her or its share of the Property LP's income. All financial statements will be prepared in accordance with U.S. generally accepted accounting principles applied on a consistent basis, and will contain a breakdown of any expenses for which Related Parties have been reimbursed. Sunstone LLC will also provide interim financial and management reports regarding the affairs of the Property LP on a semi-annual basis.

The foregoing is a summary only of certain of the material provisions of the Property LP Agreement. For a complete understanding of all of the provisions of the Property LP Agreement, reference should be made to the Property LP Agreement itself, a copy of which is available from Sunstone LLC.

8.4 Subscription

The acceptance by the Trust of an offer to purchase, whether by allotment in whole or in part, shall constitute a subscription agreement between the Purchaser and the Trust upon the terms and conditions set out in this Prospectus and the Trust Declaration, whereby the Purchaser, among other things:

- (a) irrevocably authorizes and directs the Agents to provide certain information to the Trustee, including such Purchaser's full name, residential address, telephone number, social insurance, business or corporation account number, as the case may be, and the name and registered representative number of the Agents, and covenants to provide such information to the Agents;
- (b) acknowledges that he, she or it, as the case may be, is bound by the terms of the Trust Declaration and is liable for all obligations of a Trust Unitholder;
- (c) makes representations and warranties, including without limitation, the respective representations and warranties set out in the Trust Declaration; and
- (d) irrevocably nominates, constitutes and appoints the Trustee as the Purchaser's true and lawful attorney and agent with the full power and authority as set out in the Trust Declaration.

The foregoing subscription agreement shall be evidenced by delivery of this Prospectus to the Purchaser, provided that the subscription has been accepted by the Issuers.

A Purchaser whose subscription is accepted by the Issuers will become a Trust Unitholder upon the amendment of the record of Trust Unitholders maintained by the Trustee. If a subscription is withdrawn, in the time permitted for rescission pursuant to applicable securities laws, or is not accepted, all documents will be returned to the Purchaser within 15 days following such withdrawal or rejection.

9. CAPITALIZATION

9.1 Existing and Proposed Capitalization

Trust

The following table summarizes information about the outstanding securities of the Trust:

Description of security	Number authorized to be issued	Number outstanding and carrying value as at May 2, 2008	Number outstanding and carrying value after Offering	
			Assuming Minimum Offering	Assuming Maximum Offering
Initial contribution by Sunstone as settlor	1	1 (\$10)	1 (\$10)	1 (\$10)
Trust Units	unlimited	Nil	4,000 (\$5,000,000) ⁽²⁾	40,000 (\$50,000,000) ⁽²⁾

⁽¹⁾ All figures are U.S. dollars.

⁽²⁾ Gross proceeds before issuance costs. Issuance costs will be borne by the Property LP pursuant to the Cost Sharing and Recovery Agreements. Assuming that all 40,000 Trust Units are sold pursuant to this Offering the issuance costs will be \$4,400,000. Assuming that the minimum Offering of 4,000 Trust Units is sold, the issuance costs will be \$625,000.

9.2 Long-Term Debt

Neither the Trust nor the Investment LP has had any earnings to date, and neither currently has any outstanding long-term debt. The Property LP has not had any earnings to date, and currently has no outstanding long-term debt. It is anticipated that upon the acquisition of the Properties, the Property LP will incur Mortgage Loans in the aggregate principal amount of up to \$115,932,203. Sunstone LLC will target an overall loan to value ratio (of mortgage loans) of not more than 75% of the purchase price of the Properties, plus the amount of any property improvement reserve account approved by the Lenders. However, if deemed appropriate by Sunstone LLC, having regard to all of the circumstances including the potential value of the Properties identified for investment, Sunstone LLC may cause the overall loan to value ratio of the Mortgage Loans to exceed this threshold. Such loans will generally be for terms of three to seven years, with fixed interest rates calculated with reference to the interest rate on a government bond with a similar term, plus an amount determined in accordance with market factors. The Mortgage Loans will be secured by mortgages registered on the Properties in respect of which the loans were advanced.

10. PRIOR SALES

There have been no prior sales of the Trust Units offered under this Prospectus.

11. PRINCIPAL SECURITYHOLDERS

After giving effect to the Offering, to the best of the knowledge of the directors and officers of the Trustee, no persons will own, directly or indirectly, or exercise control or direction over Trust Units carrying more than 10% of the votes attached to all of the issued and outstanding Trust Units.

12. DIRECTORS AND OFFICERS

12.1 Name, Address, Occupation and Security Holding

Trustee

The following are the names, ages and municipalities of residence of such directors and executive officers, their respective offices with the Trustee, their principal occupations during the past five (5) years and the number, class and kind of securities of the Trustee held by each of them.

(1) These shares are owned by King Pacific Capital Corporation, of which Mr. King is the sole director, officer and shareholder.

(2) These shares are owned by Redekop Holdings Inc., of which Mr. Redekop is the sole director, officer and shareholder.

(3) The audit committee of the Trustee will be comprised of Mr. King and Mr. Latoski.

Personal Profiles

Robert W. King – Mr. King is President of King Pacific Capital Corporation, a financial services company involved in mortgage finance and real estate investment. Mr. King is also a principal of Westbridge Capital Group, a full-service commercial mortgage brokerage company. Mr. King has served on the Board of Directors of Wall Financial Corporation, a real estate investment and development company whose shares are listed for trading on the

Toronto Stock Exchange, since March, 2005. Mr. King earned his M.B.A. from Dalhousie University in 1992 and a Bachelor of Arts from the University of British Columbia in 1989.

James Redekop - Since leaving the single family home construction industry in 1986, Mr. Redekop has been involved in multi-family housing and commercial construction and development in British Columbia, primarily through special-purpose private companies held through Redekop Holdings Inc., Mr. Redekop's holding company. His primary focus has been with residential wood-frame condominium and townhouse projects. Over the past eighteen years, he has acted as General Contractor or Project Manager on numerous multi-family developments.

Darren Latoski – Mr. Latoski's profile is set out below under the heading "Previous Real Estate Experience of Messrs Latoski and Evans".

The Investment GP

The following are the names, ages and municipalities of residence of the directors and executive officers of the Investment GP, their respective offices with the Investment GP, their principal occupations during the past five (5) years and the number, class and kind of securities of the Investment GP held by each of them.

Name, Age, Municipality of Residence and Position Held	Principal Occupation	Periods Served as a Director	Securities of Investment GP Beneficially Owned or Directly or Indirectly Controlled	Percentage of Class Outstanding	Percentage of Class Outstanding After Giving Effect to this Offering
Steve Evans Age 44 North Vancouver, BC President and Director	Director and Secretary of Sunstone Realty Advisors Inc.; Director and Secretary of Sunstone Realty Advisors (Canada) Inc.; Director and Secretary of Churchill Property Group Inc., from January 2002 to present; President of Triple E Ventures Inc., a personal holding and investment company from June 1997 to present; Vice President of England Securities Ltd., a real estate investment, development and management company from June 1987 to September 2001; Director of WesternOne Equity GP Inc., June 2006 to present; Trustee of Pure Industrial Real Estate Trust, June 2007 to present.	President and Director of the Investment GP since April 24, 2008.	50 common shares ⁽¹⁾	50%	50%

Name, Age, Municipality of Residence and Position Held	Principal Occupation	Periods Served as a Director	Securities of Investment GP Beneficially Owned or Directly or Indirectly Controlled	Percentage of Class Outstanding	Percentage of Class Outstanding After Giving Effect to this Offering
Bryan Kerns Age 47 Dallas, Texas Secretary and Director	President and owner, Tipton Group, Inc. 1997 to present	Secretary and Director of the Investment GP since April 24, 2008.	Nil	Nil	Nil

- (1) These shares are owned by Sunstone Advisors (U.S.) Inc., of which Mr. Evans is a director and officer. The shares of Sunstone Advisors (U.S.) Inc. are owned by Sunstone, in which Mr. Evans and his family have an indirect 50% interest.

Steve Evans – Mr. Evans’ profile is set out below under the heading “Previous Real Estate Experience of Messrs Latoski and Evans”.

Bryan Kerns – Mr. Kerns is the President of Tipton Group, Inc., a Dallas, Texas based property management firm which manages a portfolio of over 50 properties in Texas and Oklahoma, comprising over 10,500 apartment units and 549,225 square feet of commercial space. Mr. Kerns has been active in the field of property management since 1977, and has been employed by Tipton Group, Inc. in senior executive positions since 1989. In 1997, Mr. Kerns purchased Tipton Group, Inc. and has served as its President since such time. As such, his responsibilities include personnel recruiting and supervision, resident and tenant relations, construction management, lease negotiations and the preparation of long-range plans for owners and asset managers. He has extensive experience in the acquisition and management of multifamily and commercial properties in Texas and Oklahoma.

Mr. Kerns holds the designation Certified Property Manager from the Institute of Real Estate Management (IREM). He has earned Certified Instructor Status for the National Apartment Association (NAA) and has taught various Certified Apartment Manager (CAM) and Certified Apartment Property Supervisor (CAPS) courses.

Previous Real Estate Experience of Messrs Latoski and Evans

As disclosed below, the principals of Sunstone, Messrs. Evans and Latoski, have a wide range of experience in the real estate business, including a history of identifying real estate investment opportunities that are not being operated to their full potential, either as a result of inefficient management or the need for asset refurbishment.

Sunstone LP

Sunstone organized Sunstone LP, which in March and April 2004 raised total cash proceeds from its joint offering with SRAI Capital Corp. of \$15,425,000. The proceeds from that offering were invested in the acquisition, ownership, operation and disposition of the following properties:

Property	Location	Area	Purchase Price	Purchase Date	Major Tenants	Sale Price	Sale Date
Langley Crossing	Langley, BC	128,719	\$21,300,000	Apr-04	Rona, Earls, Chuck-E-Cheese, BDO Dunwoody	\$29,000,000	Sep-05
Cascade Plaza - 50% interest	Banff, AB	107,848	\$19,850,000	Aug-04	The Gap, United Colors of Benetton, Second Cup, Alberta Treasury Branches, Old Spaghetti Factory	\$25,500,000	Sep-05
Westhill Centre	Nanaimo, BC	34,294	\$3,040,000	Sep-04	Tim Hortons	\$3,500,000	Sep-05
Total Purchase Price			\$44,190,000		Total Sale Price	\$58,000,000	

Having sold all of its assets and distributed all income and gains to its partners, Sunstone LP was dissolved on July 25, 2006.

Sunstone (2004) LP

Sunstone organized Sunstone (2004) LP, which in November and December 2004 raised total cash proceeds from its joint offering with SRAI Capital Corp., of \$13,075,000. The proceeds from that offering were invested in the acquisition, ownership, operation and disposition of the following properties:

Property	Location	Area	Purchase Price	Purchase Date	Major Tenants	Sale Price	Sale Date
1425 Kebet Way	Port Coquitlam, BC	47,693	\$3,765,187	Jan-05	Single industrial tenant	\$4,570,000	May-05
WestWillow Shopping Centre	Langley, BC	70,074	\$9,750,000	Mar-05	Fairway Market, Fanny's Fabrics, Baskin Robins, Mail Boxes Etc.	\$14,200,000	Jul-06
Scott Town Plaza	Surrey, BC	56,781	\$8,000,000	May-05	Pharmasave, Buy-Rite Foods	\$9,710,000	Nov-07
Halton Hills Shopping Plaza	Halton Hills, ON	70,228	\$8,650,000	May-05	Food Basics, TD Canada Trust, Dollarama	N/A	N/A
Drumheller Shopping Centre	Drumheller, AB	10,537	\$2,335,000	Jul-05	A&W, Alberta Treasury Branches, VHQ Entertainment	\$2,930,000	Sep-07
Torquay Village	Victoria, BC	14,634	\$3,350,000	Jul-05	Edward Jones, Dominos Pizza, General Paint	\$4,850,000	Aug-07
Northland Building	Calgary, AB	54,581	\$4,925,000	Oct-05	Multiple office tenants	\$8,533,500	Aug-07
Total Purchase Price			\$40,775,187				

Sunstone (2005) LP

Sunstone also organized Sunstone (2005) LP, which in October and November 2005 raised total cash proceeds from its joint offering with SRAI Capital Corp. of \$45,000,000. The proceeds from that offering have been invested in the acquisition, ownership, operation and in some cases disposition of the following properties:

Property	Location	Area	Purchase Price	Purchase Date	Major Tenants	Sale Price	Sale Date
Westview Building	Calgary, AB	34,453	\$3,300,000	Dec-05	Multiple office tenants	\$5,800,000	Jun-07
Camco Distribution Centre	Montreal, QC	164,308	\$11,900,000	Mar-06	Mabe Canada Inc.	\$13,375,000	Aug-07
Pickering Ridge – 50% interest	Pickering, ON	237,000	\$17,675,000	Mar-06	Coast/Interhome Furniture, Kitchen Stuff, Pennington's, Extreme Fitness	N/A	N/A
DeBoers (Pickering) – 50% interest	Pickering, ON	34,543	\$2,150,000	Sep-06	DeBoers	N/A	N/A
Pickering land – 50% interest	Pickering, ON	9 acres	\$2,400,000	Dec-06	N/A	N/A	N/A

Sunstone (2007) Co-Ownership

Sunstone also organized Sunstone Opportunity (2007) Realty Trust, which in October 2007 raised total cash proceeds from its joint offering with Sunstone Opportunity (2007) Mortgage Fund of \$55,000,000. Such funds have been contributed by Sunstone Opportunity (2007) Realty Trust to the Sunstone (2007) Co-Ownership and have been used in the acquisition of the following property:

Property	Location	Area	Purchase Price	Purchase Date	Major Tenants	Sale Price	Sale Date
Timmins Square - 35% interest	Chilliwack, BC	391,410	\$18,550,000	Dec-07	Sears, Zellers, Winners, SportChek, No Frills grocery store	N/A	N/A
Total Purchase Price			\$18,550,000				

Pure Industrial Real Estate Trust

Messrs. Evans and Latoski are two of the six trustees of Pure Industrial Real Estate Trust (“PIRET”), an unincorporated, open-ended investment trust established for the purposes of acquiring, owning and operating a diversified portfolio of income producing industrial properties in both primary and secondary markets across Canada. PIRET focuses exclusively on investing in industrial properties and as of the date hereof is the only publicly-traded vehicle in Canada that offers investors exclusive exposure to Canada’s industrial real property assets. Sunstone Industrial Advisors Inc., a private company controlled by Darren Developments Inc. and Triple E Ventures Inc., which are in turn private companies controlled by Darren Latoski and Steve Evans, is the asset manager of PIRET. In August and September, 2007, PIRET completed an initial public offering of units and the issuance of units pursuant to the exercise of an over-allotment option in favour of the selling agents, which resulted in aggregate gross proceeds to PIRET of \$22,315,789. In December, 2007 and January, 2008, PIRET completed a follow-on offering of its units and the issuance of units pursuant to the exercise of an over-allotment option in favour of the selling agents, which resulted in aggregate gross proceeds to PIRET of \$8,459,799.40. The net proceeds of such offerings were used to acquire an aggregate of 18 industrial properties.

Personal Profiles

Darren Latoski - As President and indirect 50% owner of the shares in Sunstone, Mr. Latoski participated in the negotiation and acquisition of property interests by Sunstone LP totaling \$44,190,000, by Sunstone (2004) LP totaling \$40,775,187, by Sunstone (2005) LP totaling \$122,250,000 by Sunstone (2006) LP totaling \$106,632,086, and by Sunstone (2007) Co-Ownership totaling to date \$18,550,000, all as detailed above. He continues his active role in the management of the business of Sunstone, with a focus on enhancing the value of the assets owned by such entities. As President and the indirect owner of one-third of the shares in Churchill Property Group Inc. (“CPGI”), Mr. Latoski participated in the negotiation and acquisition by Churchill Institutional Real Estate Limited Partnership of property interests totaling \$41,500,000. He continues an active role in the management of the business of CPGI.

Mr. Latoski was also involved as a principal in the Cambridge Grand, a 169 unit apartment condominium project located in Cambridge, Ontario. This property was acquired in 2000 at a purchase price of \$12,500,000 and was subsequently refurbished and resold to individual owners for total resale proceeds of \$16,965,000 over an 18 month period.

Between 1990 and 1997, Mr. Latoski was involved as a principal of a group of private companies in connection with the identification, refurbishment and sale of fifteen condominium projects located in British Columbia and Alberta, representing 2,073 residential units, for total gross sale proceeds of \$199,500,000, and the refurbishment and sale of a 41-unit rental building located in the State of Washington, for gross sale proceeds of US\$8,400,000. These projects ranged in size from 19 suites and \$1.5 million in value to 302 suites and \$28 million in value. Mr. Latoski was integrally involved in the due diligence leading to the placement of these projects under contract, including three projects that were at the turn-key construction project stage of development and in planning and implementing

the marketing and sales of the finished condominium units or, in the case of the rental building located in the State of Washington, the entire building. During this period, Mr. Latoski identified assets which were undervalued in relation to their best use as condominiums and worked as a principal to realize their full value.

Steve Evans – As Chief Operating Officer and indirect 50% owner of the shares in Sunstone, Mr. Evans participated in the negotiation and acquisition of Sunstone LP Sunstone LP totaling \$44,190,000, by Sunstone (2004) LP totaling \$40,775,187, by Sunstone (2005) LP totaling \$122,250,000 by Sunstone (2006) LP totaling \$106,632,086, and by Sunstone (2007) Co-Ownership totaling to date \$18,550,000, all as detailed above. He continues his active role in the management of the business of Sunstone, with a focus on enhancing the value of the assets owned by such entities. As Chief Operating Officer and the indirect owner of one-third of the shares in CPGI, Mr. Evans participated in the negotiation and acquisition by Churchill Institutional Real Estate Limited Partnership of property interests totaling \$41,500,000. He continues an active role in the management of the business of CPGI.

From June, 1987, to September, 2001, Mr. Evans was Vice President of England Securities Ltd., a real estate investment, development and management company. In his capacity as Vice President, Mr. Evans actively participated in the negotiation, acquisition and management by England Securities Ltd. of a number of real estate assets totalling 4,500 residential units with an aggregate value in excess of \$280,000,000. Mr. Evans' experience in this regard encompassed assets in the following markets: Dallas, Texas (ten projects); Houston, Texas (three projects); Palm Desert, California (one project – converted to condominiums); Toronto and surrounding area (eight projects); Calgary, Alberta (one project); Vancouver and surrounding area (three projects). In addition to these initial acquisitions, Mr. Evans also participated in the successful mortgage refinancing of 19 projects in order to re-capitalize various limited partnerships totalling in excess of \$200,000,000.

12.2 Corporate Bankruptcies

Robert King, a director and officer of the Trustee, served as a director of Redekop Properties Inc. (“RPI”) from March 1997 to June 2001. RPI was formerly listed on the Toronto Stock Exchange. On December 4, 2000, RPI and certain affiliated companies applied for and were granted a protective order under the *Companies' Creditors Arrangement Act* (Canada). On February 9, 2001, RPI and an affiliated company, applied for, and received a stay order under the *Companies' Creditors Arrangement Act* (Canada). A monitor was appointed to monitor the business and financial affairs of RPI while the stay order remained in effect.

On March 2, 2001, the British Columbia Supreme Court dismissed an application by RPI and its affiliates for an order entitling RPI to file a plan of arrangement under the *Companies' Creditors Arrangement Act* (Canada). In dismissing the application, the Court withdrew the protective order previously granted to RPI and its affiliates.

On or about March 5, 2001, Montreal Trust Company of Canada filed a Notice of Intention to Enforce Security against RPI under the *Bankruptcy and Insolvency Act* (Canada). Mr. King resigned from the board of directors of RPI prior to the commencement of proceedings under the *Bankruptcy and Insolvency Act* (Canada).

12.3 Potential Conflicts of Interest (Directors and Officers)

Sunstone LLC is owned indirectly and controlled by Steve Evans and Darren Latoski. Sunstone LLC will earn the Incentive Management Interest from the Property LP. As well, pursuant to the General Partner Services Agreement, Sunstone LLC will be receiving various fees and payments from the Property LP in respect of the acquisition and disposition of Properties and will be participating in the profits of the Property LP.

Neither of Steve Evans and Darren Latoski is in any way limited or affected in their ability to carry on other business ventures for their own accounts and for the accounts of others, and are now, and intend in the future to be, engaged in the development of, investment in and management of other real estate properties. None of these persons will have any obligation to account to the Trust or the Unitholders for profits made in such other activities. The Trustee will engage in no activities other than acting as trustee of the Trust.

12.4 Insurance Coverage for Directors and Officers and Indemnification

The Trust, Investment GP and Sunstone LLC will obtain or cause to be obtained a policy or policies of insurance for the directors and officers of the Trustee, the Investment GP and Sunstone LLC, respectively. The initial aggregate limit of liability applicable to the insured directors and officers will be \$10,000,000. Under such policy or policies, each entity will have reimbursement coverage to the extent that it has indemnified the directors and officers. The policy or policies will include securities claims coverage, insuring against any legal obligation to pay on account of any securities claims brought against the Trustee, Investment GP and Sunstone LLC, and their directors and officers. In addition, the Trustee, Investment GP and Sunstone LLC will each indemnify its directors and officers from and against liability and costs in respect of any action or suit brought against them in connection with the execution of their duties of office.

13. EXECUTIVE COMPENSATION

13.1 Compensation

Trust and Trustee

For the period from formation on April 23, 2008 to May 2, 2008, no compensation was paid by the Trust to the Trustee or by the Trustee to its sole executive officer, Darren Latoski. The Trustee does not intend to pay any compensation to its executive officers in the future.

Investment LP and Investment GP

For the period from formation on April 28, 2008 to May 2, 2008, no compensation was paid by the Investment LP to the Investment GP or by the Investment GP to its executive officer, Steve Evans, President. The Investment GP does not intend to pay any compensation to its executive officers in the future.

13.2 Management Agreement

General Partner Services Agreement

Under the General Partner Services Agreement, Sunstone LLC has agreed to provide the following services to the Property LP, for which it will be paid the fees set out below:

- (a) structure the Trust, Investment LP and Property LP and this Offering, liaise with legal and tax counsel, and oversee the preparation and filing of this Prospectus the offering and sale of Trust Units and the completion of all matters related to the closing of subscriptions on behalf of the Issuers;
- (b) provide overall management, financial and business planning for the Property LP;
- (c) establish appropriate legal and accounting systems for the proper control of the Properties;
- (d) maintain ongoing liaison with the Lenders of the Mortgage Loans and using best efforts to arrange a refinancing of the Mortgage Loans at the expiration of their terms and any subsequent refinancings;
- (e) conduct ongoing analysis of market conditions to monitor the Property LP's investment in the Properties;
- (f) when necessary or advisable, negotiate and complete the sale of a Property on such terms and conditions and at such time as Sunstone LLC may determine;

- (g) oversee and supervise property management of the Properties, establish appropriate legal and accounting systems for the Property LP, report to the Property LP on an ongoing basis, liaise with the Lenders of the Mortgage Loans, and provide overall management, financial and business planning;
- (h) preparing annual financial reports on the Properties and arrange for an audit of such annual financial reports, together with financial reports;
- (i) performing such other administrative duties as a reasonably prudent administrative manager would provide in the same or comparable circumstances and such other administrative duties as the Trust may reasonably request from time to time.

In consideration of such services, the Property LP will pay Sunstone LLC the Financing Fee, in an amount equal to 1.5% of the gross purchase price of each Property (or interest in a Property), the Asset Management Fee equal to 1.5% of the Net Asset Value and the Disposition Fee equal to 1.5% of the gross sales price of each Property sold. In addition, Sunstone LLC will be entitled to be reimbursed for any deposits paid and for all out-of-pocket expenses incurred by Sunstone LLC in completing any of the above duties.

13.3 Long-Term Incentive Plans - Awards

The Trust does not have a long-term incentive plan and has made no awards under any such plan in the period from the date of its formation to the date of this Prospectus. The Investment LP does not have a long-term incentive plan and has made no awards under any such plan in the period from the date of its formation to the date of this Prospectus.

13.4 Option/SAR Grants

The Trust has not issued and does not intend to issue options to purchase securities. The Investment LP has not issued and does not intend to issue options to purchase securities.

13.5 Compensation Committee

Neither the Trust nor the Investment LP has a compensation committee.

13.6 Indebtedness of Directors and Executive Officers

None of the directors or executive officers of the Trustee, the Investment GP or Sunstone LLC is indebted to any of the Trustee, the Investment GP or Sunstone LLC.

14. PLAN OF DISTRIBUTION

14.1 Maximum Offering

Sunstone will co-ordinate through the Agents, by this Prospectus, the offer to sell to the public in each of the provinces of Canada on a continuing basis, up to a maximum of 40,000 Trust Units at a price of \$1,250 per Trust Unit until ♦, 2008. Purchasers are required to acquire a minimum of ten Trust Units.

14.2 Minimum Offering

There will be no closing unless a minimum of 4,000 Trust Units are sold pursuant to this Offering. The distribution under this Offering will not continue for a period of more than 90 days after the date of the Receipt for the Final Prospectus if subscriptions representing the minimum number of Trust Units are not obtained within that period, unless each of the persons or companies who subscribed within that period consents to the continuation. During such 90 day period, funds received from subscriptions will be held by the Agents, in trust; if the minimum number of Trust Units are not sold during the 90 day period, these funds will be returned to the subscribers unless the subscribers have otherwise instructed the Agents.

14.3 Agency Agreement

Pursuant to an Agency Agreement made as of ♦, 2008 between the Trust, Sunstone and the Agents, the Agents have agreed to offer the Trust Units for sale on a “commercially reasonable best efforts” basis until ♦, 2008 or such later date as may be agreed by the Agents, in consideration of the Agents’ Commission equal to 8% of the aggregate purchase price of Trust Units sold under the Offering.

The Agents reserve the right to offer selling group participation, in the normal course of the brokerage business, to selling groups of other licensed dealers, brokers and investment dealers (“sub-agents”), who may or may not be offered part of the commissions to be received by the Agents pursuant to the Agency Agreement.

As a further incentive to the Agents or sub-agents, Sunstone LLC has agreed to pay to the Agents an amount equal to 25% of any amounts realized by Sunstone LLC in respect of its Incentive Management Interest. The Agents may assign all or part of their entitlements to sub-agents effecting sales of Trust Units, such assignment to be made on a basis determined by Sunstone LLC. As well, Sunstone LLC has agreed to pay to the Agents, on an annual basis in arrears, a trailer fee equal to 1/6th of the Asset Management Fee paid to Sunstone LLC pursuant to the General Partner Services Agreement. However, such trailer fee will only be paid by Sunstone LLC to the Agents, if it is collected by Sunstone LLC. The Agents may assign all or part of the trailer fee to sub-agents effecting sales of Trust Units.

The Issuers and Sunstone have also agreed to bear all expenses of or incidental to the issue, sale and delivery of the Trust Units, including, without limitation, the reasonable fees and disbursements of legal counsel for the Agents and the reasonable out-of-pocket expenses (including applicable taxes) of the Agents. The Property LP ultimately will bear all of these expenses pursuant to the Cost Sharing and Recovery Agreements.

The obligations of the Agents under the Agency Agreement may be terminated at any time at the Lead Agent’s discretion on the basis of its assessment of the state of the financial markets and may also be terminated at any time on the occurrence of certain stated events.

The Issuers have granted the Lead Agent a right of first refusal to provide future equity financing to the Issuers for a period of 12 months from the final closing date of the sale of the Trust Units.

Currently, the Agents do not beneficially own, directly or indirectly, any securities of the Issuers.

Other than as disclosed in this section, there are no payments in cash, securities or other consideration being made, or to be made, to a promoter, finder, or any other person or company in connection with this Offering.

The price to the public of Trust Units was determined by negotiation between the Lead Agent and the Trust. No third-party valuation was obtained.

Registration and transfers of Trust Units will be effected only through the book entry only system administered by The Canadian Depository for Securities Limited (“CDS”). A book entry only certificate representing Trust Units will be issued in registered form only to CDS or its nominee, and will be deposited with CDS on the closing of the Offering. A purchaser of Trust Units will receive only customer confirmation from the registered dealer which is a CDS participant and from or through which Trust Units are purchased. Beneficial owners of Trust Units will not have the right to receive physical certificates evidencing their ownership of such securities.

Registration and transfers of Trust Units will be effected by Trust as transfer agent.

15. CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

You should consult your own professional advisors to obtain advice on the tax consequences that apply to you.

15.1 Introduction

In the view of KPMG LLP (“KPMG”), in its capacity as tax advisor to the Trust, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a Trust Unitholder who acquires Trust Units pursuant to this Offering and who, for purposes of the *Income Tax Act* (Canada) (the “Tax Act”) and at all relevant times, is resident in Canada for the purposes of the Tax Act, deals at arm’s length and is not affiliated with the Issuers and holds the Trust Units as capital property. Generally, the Trust Units will be considered to be capital property to a Trust Unitholder provided such Trust Units are not held in the course of carrying on a business and have not been acquired in one or more transactions considered to be an adventure in the nature of trade. Certain Trust Unitholders who might not otherwise be considered to hold their Trust Units as capital property may, in certain circumstances, be entitled to have them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. Such Trust Unitholders should consult their own tax advisors regarding their particular circumstances.

This summary is not applicable to a Trust Unitholder that is a “financial institution” for purposes of the “mark-to-market” rules or a “specified financial institution”, or a Trust Unitholder an interest in which is a “tax shelter investment” (all as defined in the Tax Act). This summary does not address the tax considerations of Trust Unitholders borrowing money to acquire Trust Units. All such Trust Unitholders should consult their own tax advisors to determine the tax consequences to them of the acquisition, holding and disposition of the Trust Units acquired pursuant to this Offering. This summary describes certain principal Canadian federal income tax considerations based on the application of specific provisions of the Tax Act to the transactions described in the Prospectus, and does not address any tax consequences which could arise as a result of any potential application of the general anti-avoidance rule in subsection 245(2) of the Tax Act to any particular transaction or series of transactions.

This summary is based on the facts set out in this Prospectus and in a certificate provided to KPMG by the Issuers and Sunstone. This summary is also based upon the provisions of the Tax Act and the regulations thereunder (the “Regulations”) in force as of the date hereof and on KPMG’s understanding of the current published administrative policies and assessing practices of the Canada Revenue Agency (the “CRA”). This summary takes into account all specific proposals to amend the Tax Act and the Regulations thereunder which have been publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof. There can be no assurance that these proposals will be enacted in their current form or at all, or that the CRA will not change its administrative and assessing practices.

This summary does not otherwise take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action. There can be no assurances that such changes, if made, might not be retroactive. **This summary also does not take into account provincial, territorial, U.S., State, or other foreign tax legislation or considerations, which may differ significantly from those discussed in this summary.**

This summary is not exhaustive of all possible Canadian federal tax considerations applicable to an investment in Trust Units. The income and other tax consequences of acquiring, holding or disposing of Trust Units will vary depending on the particular circumstances applicable to each Trust Unitholder. Accordingly, this summary is of a general nature only and is not intended to be legal or tax advice to any prospective purchaser of Trust Units. The Trust has not obtained, nor sought, an advance tax ruling from the CRA in respect of this Offering. Prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences of an investment in Trust Units based on their particular circumstances.

15.2 Summary

Tax Status of the Trust

Qualification as a “Mutual Fund Trust”

This summary assumes that the Trust will qualify as a “mutual fund trust” as defined in the Tax Act on completion of the Offering of Trust Units hereunder, and will thereafter continuously qualify as mutual fund trusts at all relevant

times. This summary assumes that the Trust will elect to be deemed to be a mutual fund trust from the date it is established. If the Trust does not qualify or ceases to qualify as a mutual fund trust, the income tax considerations described below would be materially different from those described in this summary, and in particular adverse consequences may arise including that (i) the Trust may become subject to certain additional tax liabilities (with the result that the amount of cash available for distribution by the Trust would be reduced and Trust Unitholders may otherwise be adversely affected), and, (ii) unless at such time the Trust Units are listed on a prescribed stock exchange, the Trust Units will not be qualified investments for Plans (with the result that a Plan or its annuitants may become subject to additional tax or penalties or may be otherwise adversely affected).

To qualify as a mutual fund trust at any particular time: (i) the Trust must be a unit trust (as defined in the Tax Act) resident in Canada; (ii) the Trust must not reasonably be considered to be established or maintained primarily for the benefit of non-residents of Canada; (iii) the Trust Units must have conditions requiring the Trust, to accept at the demand of a Trust Unitholder and at prices determined and payable in accordance with the conditions, the surrender of the Trust Units that are fully paid (or alternatively the Trust Units must be listed on a prescribed stock exchange and the Trust must meet certain income and asset tests under the Tax Act applicable to unit trusts having non-redeemable Trust Units); (iv) the only undertaking of the Trust must be the investing of its funds in property (other than real property or an interest in real property), or the acquiring, holding, maintaining, improving, leasing or managing of real property (or an interest in real property) that is capital property of the Trust, or any combination of such activities; and (v) the Trust must comply with certain prescribed requirements (the “minimum distribution requirements”) including that the Trust Units be qualified for distribution to the public and that at all relevant times there must be no fewer than 150 beneficiaries of the Trust, each of whom holds at least one block of Trust Units having an aggregate fair market value of not less than \$500 each (for these purposes, if the fair market value of a unit is more than \$100, a block of Trust Units means 10 Trust Units).

Qualification as a “Real Estate Investment Trust”

Bill C-52, which became law on June 22, 2007 (being deemed to come into force on October 31, 2006), implements certain amendments to the Tax Act (the “SIFT Rules”) that change the federal income taxation of publicly-listed or traded trusts (such as income trusts and real estate investment trusts) and partnerships, and their investors. More recently, the Minister of Finance announced proposed technical amendments (the “SIFT Amendments”) on December 20, 2007 to clarify the SIFT Rules (the SIFT Rules and SIFT Amendments are collectively referred to as the “SIFT Measures”).

The SIFT Measures and the REIT Exception

The SIFT Measures apply to any “specified investment flow-through” (a “SIFT”) and its investors, a SIFT being generally a Canadian resident trust or partnership investments in which are listed or traded on a stock exchange or other public market, and which holds “non-portfolio properties” (as defined in the Tax Act). Certain distributions attributable to a SIFT’s “non-portfolio earnings” will not be deductible in computing the SIFT’s income (the “non-deductible distributions amount”), and the SIFT will be subject to tax on such distributions at a rate that is substantially equivalent to the general tax rate applicable to Canadian corporations. For those purposes, “non-portfolio earnings” generally includes income (other than certain dividends) from, or capital gains realized on, “non-portfolio properties”. Generally, distributions paid by a SIFT as returns of capital will not be subject to this tax. The non-deductible distributions amount will also be included in computing income of the Trust Unitholder for purposes of the Tax Act as though it were a taxable dividend from a taxable Canadian corporation, subject to the detailed provisions of the Tax Act.

The SIFT Measures do not, however, apply to a trust that qualifies as a “real estate investment trust” (“REIT”) (this exception is referred to as the “REIT Exception”). To qualify for the REIT Exception in a particular taxation year under the REIT Rules:

- a) the REIT must not, at any time in the taxation year, hold any “non-portfolio property” other than “qualified REIT property”;

- b) not less than 95% of the REIT's revenues for the taxation year must be derived from (i) rent from real or immovable properties, (ii) interest, (iii) capital gains from dispositions of real or immovable properties, (iv) dividends, and (v) royalties;
- c) not less than 75% of the REIT's revenues for the taxation year must be derived from (i) rent from real or immovable properties situated in Canada, (ii) interest from mortgages or hypothecs on real or immovable properties situated in Canada, and (iii) capital gains from dispositions of real or immovable properties situated in Canada; and
- d) the REIT must, at all times throughout the taxation year, hold real or immovable properties situated in Canada, cash and certain debt or other obligations of governments in Canada having a total fair market value that is not less than 75% of the REIT's equity value.

The SIFT Amendments propose to remove the geographic restrictions to real or immovable property situated in Canada reflected in (c) and (d) above.

For purposes of the REIT Exception, "real or immovable property" does not include depreciable property, other than certain real estate assets, property ancillary to the ownership or utilization of such real estate assets or leases in or leasehold interests in respect of land or such real estate assets. Also for these purposes, "rent from real or immovable properties" includes payment for services ancillary to, and customarily rendered or supplied with, the rental of real or immovable properties, but excludes certain other payments or receipts that would otherwise be considered rent. The REIT Exception also includes as "real or immovable property" or as "qualified REIT property" certain interests in subsidiaries or other entities that themselves satisfy the above noted conditions for the REIT Exception, or that, in general terms, either (i) hold only property that is ancillary to the REIT's rental activities or legal title to real property of the REIT, or (ii) derive substantially all of their revenues from certain management activities relating to real property of the REIT.

The SIFT Measures applied

The SIFT Measures implementing the new tax on SIFTs apply only to certain trusts or partnerships, the investments in which are listed or traded on a stock exchange or other public market. The Trust does not have immediate plans to list the Trust Units on any stock exchange for public trading. Should the Trust Units be in the future listed or traded on a stock exchange or other public market, the Trust expects to be able to satisfy the requirements to qualify for the REIT Exception to the SIFT Measures and the Trust intends to operate in such a manner so as to qualify as a REIT on a continuous basis in the future. The Trust's actual qualification as a REIT will depend upon meeting, through actual annual operating results, the various conditions imposed by the REIT Exception to the SIFT Measures.

Even if the Trust fails to meet the REIT Exception, the Trust should not have "non-portfolio earnings" that will be subject to tax under the SIFT Measures provided that the Investment LP and its subsidiary partnerships (the "Sunstone US Limited Partnerships") are not "Canadian resident partnerships". A "Canadian resident partnership" generally means a partnership (a) all of the members of which are resident in Canada (b) that is formed under the laws of a province in Canada, or (c) that would, if it were a corporation, be resident in Canada (including a partnership that has its "central management and control" in Canada). In this regard, the Sunstone US Limited Partnerships will not be formed under the laws of a province of Canada, nor will all the partners of such partnerships be residents of Canada (the general partners of the Sunstone US Limited Partnerships are, or are expected to be, resident in the US and not in Canada). Finally, Sunstone and the Sunstone US Limited Partnerships believe that the Sunstone US Limited Partnerships will be managed and operated in such a manner that their central management and control will be located in the U.S., such that if these partnerships were to be considered corporations they would not be considered resident in Canada. However, the actual status of the Sunstone US Limited Partnerships as partnerships that are not "Canadian resident partnerships" will depend upon maintaining central management and control outside of Canada.

The SIFT Measures may also apply directly to a Canadian resident partnership (subject to certain exceptions set out in the SIFT Amendments) where investments in the partnership are listed or traded on a stock exchange or other public market. The Sunstone US Limited Partnerships do not have immediate plans to list the Investment LP Units or any other partnership interests on any stock exchange for public trading. Should investments in the Investment LP or any other Sunstone US Limited Partnership be in the future listed or traded on a stock exchange or other public market, Sunstone and the Sunstone US Limited Partnerships expect that the Sunstone US Limited Partnerships will in any event be managed and operated so as to not be considered “Canadian resident partnerships” for purposes of the SIFT Measures, as described in the preceding paragraph.

The balance of this summary assumes that, in the event the Trust Units are listed or traded on a stock exchange or other public market, the Trust will nonetheless qualify for the REIT Exception at all times or the Sunstone US Limited Partnerships will not be Canadian resident partnerships for purposes of the SIFT Measures. The balance of this summary further assumes that, in the event any of the Investment LP Units or any other securities or investments in any Sunstone US Limited Partnership are listed or traded on a stock exchange or other public market, such partnerships will not be Canadian resident partnerships (including having and maintaining central management and control outside of Canada) for purposes of the SIFT Measures.

KPMG will not review the Trust’s compliance with conditions for the REIT Exception nor the Sunstone US Limited Partnership’s requirements to maintain residency, including central management and control, outside Canada. The Trust Declaration and the Investment LP Agreement provide that the Issuers will monitor compliance with such requirements. While the SIFT Rules and the REIT Exception are now law, there can be no assurances that the treatment of SIFTs and REITs under the Tax Act will not be changed, or that administrative or assessing practices of CRA will not develop, in a manner which adversely affects the Issuers or Trust Unitholders.

Should the Trust Units or the Investment LP Units be listed or traded on a stock exchange or public market, should the Trust not qualify or cease to qualify as a REIT under the REIT Exception, or should any of the Sunstone US Limited Partnerships cease to maintain residency, including central management and control, outside of Canada, the income tax considerations could be materially different from those described in this summary. In particular the non-deductible distributions amount, as previously described, could be taxable to the Trust, or to a Sunstone US Limited Partnership, as the case may be (with the result that the amount of cash available for distribution by the Trust would be reduced), and such amount could also, depending on the circumstances, be included in the income of Trust Unitholders for purposes of the Tax Act as taxable dividends.

Taxation of the Issuers

Taxation of the Trust

The taxation year of the Trust is the calendar year. In each taxation year, the Trust will be subject to tax under Part I of the Tax Act on its income for purposes of the Tax Act for the year, including net realized taxable capital gains, less the portion thereof that it deducts in respect of the amounts paid or payable in the year to Trust Unitholders. An amount will be considered to be payable to a Trust Unitholder in a taxation year if it is paid to the Trust Unitholder in the year by the Trust or if the Trust Unitholder is entitled in that year to enforce payment of the amount.

The Trust will generally be required to include in computing income for a particular taxation year its allocated share of the income or loss of the Investment LP for the fiscal period of the Investment LP ending on or before the year-end of the Trust. The Trust’s ability to deduct any losses allocated to it by the Investment LP will be limited by certain rules under the Tax Act. The Trust may also realize a capital gain or loss on the disposition or deemed disposition of Investment LP Units (including from any distribution *in specie* of Investment LP Units), from the disposition of foreign currency or upon the allocation of a capital gain or loss from the Investment LP, as described below under “Taxation of the Sunstone US Limited Partnerships”. Also, as described under “Taxation of the Sunstone US Limited Partnerships” below, cash flow distributed by the Investment LP to the Trust will be generally received free from tax, except to the extent that such distributions reduce the adjusted cost base of Investment LP Units held by the Trust to a negative amount at the end of a fiscal year of the Investment LP.

In computing its income for purposes of the Tax Act, the Trust may generally deduct reasonable administrative costs, interest and other expenses of a current nature incurred by it for the purpose of earning income. The Trust

will be entitled to deduct reasonable expenses incurred by it in the course of issuing Trust Units on a five-year straight line basis (subject to pro-ration for short taxation years), to the extent such costs are not reimbursed under the Cost Sharing and Recovery Agreements.

A distribution by the Trust of Debt Securities, Investment LP Units or other property upon redemption of Trust Units will be, for tax purposes, treated as a disposition by the Trust of the property so distributed for proceeds of disposition equal to its fair market value. The Trust will realize a capital gain (or a capital loss) on the property so distributed to the extent that the proceeds of disposition of such property exceed (or are less than) the adjusted cost base of the property and any reasonable costs of disposition. The Trust Declaration provides that the Trust may designate for tax purposes any income or capital gains arising on or in connection with an *in specie* redemption of Trust Units as being paid to the redeeming Trust Unitholder, with the result that the taxable portion of such gains and income may generally be deductible by the Trust. If Debt Securities with accrued interest thereon are distributed to a redeeming Trust Unitholder, the amount of accrued interest will in the first instance be included in income of the Trust; however, the amount thereof would then be treated as an amount paid to the Trust Unitholder and thereby generally be deductible by the Trust, resulting in no net inclusion in the income of the Trust.

Under the Trust Declaration, an amount equal to all of the income (including taxable capital gains) of the Trust (determined without reference to paragraph 82(1)(b) and subsection 104(6) of the Tax Act), plus the non-taxable portion of any net capital gain realized by the Trust, but excluding:

- (a) income and capital gains arising on or in connection with an *in specie* distribution on the redemption of Trust Units which are paid or payable and designated by the Trust to redeeming Trust Unitholders,
- (b) capital gains, which may be offset by capital losses, if any, carried forward from prior years or is recoverable by the Trust, and
- (c) income, which may be offset by non-capital losses, if any, carried forward from prior years,

will be payable in the year to Trust Unitholders, subject to the qualifications described below.

The Trust Declaration provides that to the extent cash of the Trust is unavailable for cash distributions, and the income of the Trust in a taxation year exceeds the cumulative cash distributions for that year, such excess income will be distributed to Trust Unitholders in the form of additional Trust Units or otherwise. Income of the Trust payable to Trust Unitholders, whether in cash, additional Trust Units or otherwise, will generally be deductible by the Trust in computing its taxable income provided that the Trust deducts such amount in computing its income.

Losses incurred by the Trust in a particular taxation year cannot be allocated to Trust Unitholders, but may be deducted by the Trust, in the case of non-capital losses in the particular year and in the ensuing twenty taxation years, and in the case of capital losses in the particular year and in any future taxation year to the extent of capital gains, in computing taxable income of the Trust in accordance with, and subject to, applicable provisions of the Tax Act.

The Trust will be entitled for each taxation year to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized taxable capital gains by an amount determined under the Tax Act based on the redemption of Trust Units during the year (the “capital gains refund”). In certain circumstances, the capital gains refund in a particular taxation year may not completely offset the Trust’s tax liability for that taxation year arising in connection with the distribution of its property on the redemption of Trust Units. The Trust Declaration provides that all or a portion of any income or taxable capital gain realized by the Trust as a result of that redemption may, at the discretion of the Trustee, be treated as income or taxable capital gain paid to, and designated as income or taxable capital gain of, the redeeming Trust Unitholders, and thus generally deductible by the Trust in computing its income.

Taxation of the Sunstone US Limited Partnerships

The Sunstone US Limited Partnerships are not subject to tax under the Tax Act. Each partner of the Investment LP (including the Trust) and each partner of the Property LP (including the Investment LP) is required to include in computing the partner's income for a particular taxation year the partner's share of the income or loss of underlying partnerships for their fiscal years ending in or on the partner's taxation year-end, whether or not any of that income or loss is distributed to the partner in the taxation year. For this purpose, the income or loss of Sunstone US Limited Partnerships must be computed for each fiscal year as if Sunstone US Limited Partnerships were each separate persons resident in Canada, and will be required to be allocated to partners on the basis of their respective shares of that income or loss as provided for in the respective limited partnership agreements, subject to certain provisions of the Tax Act in that regard.

Generally, cash distributions to a limited partner, including the Trust, in excess of the limited partner's share of the income and capital gains for a fiscal year will be treated for tax purposes as a return of capital, which is not required to be included in the limited partner's income but will reduce the limited partner's adjusted cost base of its partnership units. If, as a result, the limited partner's adjusted cost base of its partnership units at the end of a fiscal year of the Investment LP or Property LP would otherwise be a negative amount, the limited partner will be deemed to realize a capital gain equal to such amount, and the adjusted cost base of its partnership units will be nil immediately thereafter.

If the Investment LP or Property LP incur losses for tax purposes, a limited partner, including the Trust, will be entitled to deduct in the computation of its income for purposes of the Tax Act its share of any such losses for any fiscal year to the extent of that limited partner's "at-risk amount" in respect of the relevant partnership. In general, the "at-risk amount" of a limited partner in respect of a limited partnership for any taxation year will be the adjusted cost base of the limited partner's partnership interest at the end of the year, plus any undistributed income allocated to the limited partner for the year, less any amount owing by the limited partner (or a person with whom the limited partner does not deal at arm's length) to the limited partnership (or a person with whom it does not deal at arm's length), and less the amount of any benefit that the limited partner (or a person with whom the limited partner does not deal at arm's length) is entitled to receive or obtain for the purpose of reducing, in whole or in part, any loss of the limited partner from the investment.

The income for purposes of the Tax Act of the Investment LP must include its income or loss allocation from the Property LP calculated in accordance with the Tax Act. In computing its income or loss, the Investment LP may generally deduct administrative costs and other expenses of a current nature incurred by it for the purpose of earning income from its business or property, provided such expenses are reasonable and otherwise deductible, subject to applicable provisions of the Tax Act.

The income for purposes of the Tax Act of the Property LP must include its income realized from the rental of the Properties, any taxable capital gains or recapture of capital cost allowance arising from dispositions of the Properties that are capital property, as explained more fully below, and the entire amount of any gains from dispositions of Properties that are not considered capital property of the Property LP for purposes of the Tax Act. In computing its income or loss, the Property LP may generally deduct administrative costs and other expenses of a current nature incurred by it for the purpose of earning income from its business or property, provided such expenses are reasonable and otherwise deductible, subject to applicable provisions of the Tax Act. The Property LP may also deduct any expenses incurred by it in the course of the issuance of Property LP Units and arranging the Mortgage Loans on a five-year straight line basis (subject to pro-rata for short taxation years).

In computing its income or loss the Property LP may generally deduct a reasonable amount of interest paid in the year or (in the case of simple interest) payable in respect of the year pursuant to a legal obligation to pay interest on borrowed money used, and on amounts payable for property acquired, for the purpose of earning income from a business or property, including pursuant to the obligations to pay interest in respect of the Mortgage Loans. Compound interest is deductible only when actually paid. The Tax Act limits the deduction of interest expense and property taxes incurred in connection with vacant land and of interest expense and other soft costs attributable to the period of construction, renovation or alteration of a building, and instead requires such amounts to be added to the cost of the building for tax purposes.

This summary assumes that the Property LP will hold its interest in the Properties as capital property and accordingly, in computing the income or loss of the Property LP, deductions may also be claimed in respect of

“capital cost allowance” to the extent permitted under the Tax Act and the Regulations. Such deductions may not exceed the net income of the Property LP from the operation of the Properties. Further, the deductions in respect of a Property will be restricted in the Property LP’s fiscal period in which the Property is acquired to one-half of the amount otherwise allowable (and will be subject to pro-ration for short taxation years). Subject to such restrictions, annual deductions will be allowed on a declining balance basis at a rate of 4% per annum on the “undepreciated capital cost” (generally, initial capital cost less prior capital cost allowance deductions) of each class of property which includes the buildings and their component parts, and at other rates applicable to the other classes of depreciable property.

On the sale or other disposition of all or some of the Properties, the Property LP must allocate the net proceeds of disposition (gross proceeds less costs of disposition) on a reasonable basis among each separate asset which comprises the property sold. On dispositions of Properties that are capital properties for purposes of the Tax Act, a capital gain will be realized on the amount by which the net proceeds of disposition allocated to a particular depreciable property exceed the capital cost of that property (no capital loss can be realized on depreciable property). A capital gain (or capital loss) will be realized on the amount by which the net proceeds of disposition allocated to a non-depreciable capital property exceed (or are less than) its adjusted cost base. On such sale or other disposition, the lesser of the proceeds of disposition allocable to a particular class of depreciable capital property and the original cost of the property is deducted from the balance of the undepreciated capital cost of the respective class. If at the end of the taxation year of the Property LP the balance of any class is negative, the balance is included in the income of the Property LP resulting in a recapture of prior capital cost allowance deductions. Where the Property LP has disposed of the last property of a particular class and, at the end of the year, the balance of the undepreciated capital cost of the class is positive, the Property LP may, subject to detailed rules of the Tax Act, be entitled to deduct the remaining positive balance as a terminal loss in computing its income.

Taxation of Trust Unitholders

Distributions

A Trust Unitholder will generally be required to include in computing income for a particular taxation year the portion of the net income for purposes of the Tax Act of the Trust for a taxation year, including net realized taxable capital gains, that is paid or payable by the Trust to the Trust Unitholder in the particular taxation year, whether that amount is received in cash, additional Trust Units, or otherwise. Any loss of the Trust for purposes of the Tax Act cannot be allocated to Trust Unitholders.

The non-taxable portion of any net realized capital gains of the Trust that is paid or payable to a Trust Unitholder in a taxation year will not be required to be included in computing the Trust Unitholder’s income for the year and should not reduce the adjusted cost base of Trust Units held by the Trust Unitholder. Any other amount paid or payable by the Trust in that year (other than as proceeds of disposition) that is in excess of the Trust’s net income for that year will not generally be required to be included in the Trust Unitholder’s income for the year. However, where such an amount is paid or payable to a Trust Unitholder, the Trust Unitholder will be required to reduce the adjusted cost base of the Trust Units by that amount. To the extent that the adjusted cost base of a Trust Unit would otherwise be a negative amount, the negative amount will be deemed to be a capital gain and the adjusted cost base of the Trust Unit to the Trust Unitholder will immediately thereafter be nil.

The Trust Declaration provides that net income and net taxable capital gains of the trust for purposes of the Tax Act will be allocated among the Trust Unitholders in the same proportion as distributions received by them, unless the Trustee otherwise determines.

The Trust Declaration also provides that the Trust shall make the requisite designations permitted by the Tax Act such that the portion of net taxable capital gains of the Trust distributed to Trust Unitholders as may reasonably be considered to be part of the amount that was included in computing income of Trust Unitholders for purposes of the Tax Act will be deemed to be received by Trust Unitholders in the year as a taxable capital gain. Any such designated amount will be subject to the general rules relating to the taxation of capital gains described below. A Trust Unitholder which is a “Canadian-controlled private corporation” (as defined in the Tax Act) may also be liable to pay an additional refundable tax of 6 $\frac{2}{3}$ % on certain investment income, including taxable capital gains.

The Trust Declaration also provides that the Trust shall make the requisite designations permitted by the Tax Act such that the portion of the Trust's taxable income from a U.S. source distributed to Trust Unitholders as may reasonably be considered to be part of the amount that was included in computing the income of Trust Unitholders for purposes of the Tax Act will be deemed to be received by Trust Unitholders in the year as income from a U.S. source. For purposes of computing their entitlement to foreign tax credits under the Tax Act, Trust Unitholders shall also be deemed to have paid their proportionate share of any U.S. tax paid by the Trust on such U.S. source income (see "*Foreign Tax Credits and Deductions*" below).

Purchases of Trust Units

Since the net income of the Trust will be distributed on a quarterly basis, a purchaser of a Trust Unit may become taxable on a portion of the net income of the Trust that is accrued or realized by the Trust in a period before the time the Trust Unit was purchased but which was not paid or made payable to Trust Unitholders until the end of the period and after the time the Trust Unit was purchased. A similar result may apply on an annual basis in respect of a portion of capital gains accrued or realized by the Trust in a year before the time the Trust Unit was purchased but which is paid or made payable to Trust Unitholders at year end and after the time the Trust Unit was purchased.

Dispositions of Trust Units

On the disposition or deemed disposition of a particular Trust Unit, a Trust Unitholder will realize a capital gain (or capital loss) equal to the amount by which the Trust Unitholder's proceeds of disposition exceed (or are less than) the aggregate of the adjusted cost base of such particular Trust Unit and any reasonable costs of disposition. Proceeds of disposition will not include an amount payable by the Trust that is otherwise required to be included in the Trust Unitholder's income, including any capital gain realized by the Trust in connection with a redemption which has been designated by the Trust to the redeeming Trust Unitholder. The taxation of capital gains and capital losses is described below.

The adjusted cost base of a Trust Unit to a Trust Unitholder will include the amount paid by the Trust Unitholder for the Trust Unit, subject to certain adjustments. The cost to a Trust Unitholder of additional Trust Units received in lieu of a cash distribution of income (including net capital gains) will be the amount of income (including the applicable non-taxable portion of net capital gains) distributed by the issue of those respective Trust Units. For the purpose of determining the adjusted cost base to a Trust Unitholder of Trust Units, when a Trust Unit is acquired, the cost of the newly acquired Trust Unit must be averaged with the adjusted cost base of all of the Trust Units owned by the Trust Unitholder as capital property immediately before that acquisition. The non-taxable portion of distributions (other than the non-taxable portion of any net capital gains) received on a Trust Unit will generally reduce the adjusted cost base of the Trust Unit.

Where Trust Units are redeemed and the redemption price is paid by the delivery of Debt Securities or Investment LP Units to the redeeming Trust Unitholder, the proceeds of disposition to the Trust Unitholder of the Trust Units will be equal to the fair market value of the Debt Securities or Investment LP Units so distributed less any income or capital gain realized by the Trust in connection with the redemption of those Trust Units, and which has been designated by the Trust to the Trust Unitholder. Where any income or capital gain realized by the Trust in connection with the distribution of Debt Securities or Investment LP Units on the redemption of Trust Units has been designated by the Trust to a redeeming Trust Unitholder, the Trust Unitholder will be required to include in computing the Trust Unitholder's income the income or taxable portion of the capital gain so designated.

Where Trust Units are redeemed and the redemption price is paid by the delivery of Debt Securities as described above, the redeeming Trust Unitholder will be required to include in income any interest on Debt Securities acquired (including interest that accrued prior to the date of the acquisition of such Debt Securities by the Trust Unitholder that is designated as income to the Trust Unitholder by the Trust) in accordance with the provisions of the Tax Act. The cost of any Debt Securities distributed by the Trust to a Trust Unitholder upon redemption of Trust Units will be equal to the fair market value of those Debt Securities at the time of the distribution less any accrued interest on such Debt Securities. Similarly, where Trust Units are redeemed and the redemption price is paid by the delivery of Investment LP Units as described above, a redeeming Trust Unitholder will be required to include in income the Trust Unitholder's allocable share of income of the Investment LP for tax purposes for the year that includes the redemption (and the Trust Unitholder's allocable share of income or loss of the Investment LP for all years during

which the Trust Unitholder holds the Investment LP Units), in accordance with the provisions of the Investment LP Agreement and the detailed rules of in the Tax Act in that regard. The cost of any Investment LP Units distributed by the Trust to a Trust Unitholder upon a redemption of Trust Units will be equal to the fair market value of those Investment LP Units at the time of the distribution.

Where Trust Units are redeemed and the redemption price is paid by the issuance to the redeeming Trust Unitholder of Trust Notes, the proceeds of disposition to the Trust Unitholder of Trust Units will be equal to the fair market value of the Trust Notes issued. The cost of the Trust Notes issued to a Trust Unitholder by the Trust upon redemption of Trust Units will be equal to the fair market value of the Trust Units disposed in exchange. The Trust Unitholder will thereafter be required to include in computing income for purposes of the Tax Act interest on the Trust Notes, in accordance with the terms of such notes and the provisions of the Tax Act.

Taxation of Capital Gains and Capital Losses

One-half of any capital gain realized by a Trust Unitholder on a disposition or deemed disposition of Trust Units and the amount of any net taxable capital gains designated by the Trust in respect of a Trust Unitholder must generally be included in the Trust Unitholder's income as a taxable capital gain in the taxation year in which the disposition occurs or in respect of which a net taxable capital gains designation is made by the Trust. One-half of any capital loss realized by a Trust Unitholder on a disposition or deemed disposition of Trust Units generally may be deducted by the Trust Unitholder against taxable capital gains of the Trust Unitholder in the year of disposition, in the three preceding taxation years or in any subsequent taxation year in accordance with the provisions of the Tax Act.

A Trust Unitholder that is a “Canadian-controlled private corporation” (as defined in the Tax Act) may also be liable to pay an additional refundable tax of 6 $\frac{2}{3}$ % computed with reference to its “aggregate investment income” (as defined in the Tax Act) for the year, which includes amounts in respect of taxable capital gains.

Foreign Tax Credits and Deductions

To the extent the Investment LP withholds U.S. tax on distributions made for a year and the Trust pays (or makes payable) its income to Trust Unitholders for that year, an amount equal to the portion of the U.S. tax that is attributable for U.S. tax purposes to a particular Trust Unitholder may be deductible from such Trust Unitholder's Canadian income tax otherwise payable for that year (a “foreign tax credit”), or may be deductible in computing the Trust Unitholder's income for Canadian tax purposes for that year (a “foreign tax deduction”), as described in the ensuing paragraphs, provided however that in the case of U.S. tax withheld by the Investment LP on a “REIT capital gains dividend” distribution made by the Investment LP (or on any other distributions made by the Investment LP which result in U.S. effectively connected income to the Trust for U.S. federal tax purposes), the Trust Unitholder also files a U.S. federal income tax return to establish the Trust Unitholders' final U.S. income tax liability for the year.

The U.S. tax paid for a taxation year that is attributable for U.S. tax purposes to a particular Trust Unitholder described in the preceding paragraph and characterized as non-business income tax may be deductible as a foreign tax credit from the Trust Unitholder's Canadian tax otherwise payable for that year as relates to non-business income from U.S. sources. For purposes of calculating the foreign tax credit, non-business income from U.S. sources may include taxable income of the Trust for purposes of the Tax Act that is from U.S. sources, is paid or payable by the Trust to the Trust Unitholder, is included in computing income of the Trust Unitholder for purposes of the Tax Act, and is designated by the Trust as U.S.-source income by filing requisite designations as permitted by the Tax Act. Where such designations are made, then for purposes of calculating the foreign tax credit (but not for calculating a foreign tax deduction) U.S. tax paid by a Trust Unitholder is deemed to also include a share of any U.S. taxes attributable for U.S. tax purposes on the Trust or the Investment LP. The amount deductible from Canadian tax otherwise payable as a foreign tax credit is limited to the portion of the Trust Unitholder's Canadian income tax otherwise payable under the Tax Act which is attributable to income from U.S. non-business income sources. If the U.S. tax paid attributable to a Trust Unitholder exceeds the Trust Unitholder's Canadian tax otherwise payable on U.S. non-business income for the year, such part of the excess amount in respect of income from property (which should include for these purposes income of the Trust that is paid or payable by the Trust to the Trust Unitholder and included in computing income of the Trust Unitholder for purposes of the Tax Act) may be deducted as a foreign tax deduction in computing a Trust Unitholder's income from such source for purposes of the Tax Act. A Trust

Unitholder's ability to apply U.S. taxes in the foregoing manner may be affected where the Trust Unitholder has other U.S. source income or losses, has paid other U.S. taxes or has not filed a U.S. federal income tax return. Investors should consult their own tax advisors regarding their ability to claim foreign tax credits or foreign tax deductions.

The foregoing mechanism for recognition of U.S. taxes for purposes of the Tax Act through foreign tax credits or foreign tax deductions does not apply to Trust Unitholders that are Plans. To the extent that an annuitant of a Plan that is a Trust Unitholder files a U.S. federal income tax return and receives a U.S. tax refund of (or claims a foreign tax credit or a foreign tax deduction for an amount in respect of) all or a portion of the amounts withheld by the Investment LP, the annuitant may be required to include, in computing income for purposes of the Tax Act, an applicable portion of such amount of U.S. tax as a benefit received out of or under the Plan. Annuitants of Trust Unitholders that are Plans should consult their own tax advisors in this regard.

Alternative Minimum Tax

The Tax Act provides for a special "alternative minimum tax" applicable to certain taxpayers including individuals and certain trusts, depending on the amount of their "adjusted taxable income". In general terms, adjusted taxable income of a Trust Unitholder who is an individual or a trust (and therefore the exposure of such Trust Unitholder to liability for alternative minimum tax) must be increased by, among other things, any capital gains realized by such Trust Unitholder on the disposition of Trust Units and by any net income of the Trust that is paid or payable to such Trust Unitholder and that has been designated as a taxable dividend or as a taxable capital gain.

Eligibility for Investment

Provided that at a particular time the Trust qualifies as a mutual fund trust within the meaning of the Tax Act, the Trust Units will be "qualified investments" (as defined in the Tax Act and the Regulations) at that time for trusts governed by Plans. Where Trust Units are qualified investments, Plans should generally not be taxable on any distributions on such Trust Units or on any gains realized on the disposition of such Trust Units. However, funds withdrawn from a Plan will generally be taxable to annuitants in the year of withdrawal.

Generally, if at any time the Trust does not qualify or ceases to qualify as a mutual fund trust, the Trust Units will not be, or will cease to be, qualified investments for Plans at that time. Debt Securities, Investment LP Units or Trust Notes that may be issued by the Trust to holders of Trust Units, on or in connection with redemption of Trust Units, may not be qualified investments for Plans. Where a Plan acquires a Debt Security, Investment LP Unit or Trust Note that is not a qualified investment, or acquires or holds a Trust Unit that is not, or that ceases to be, a qualified investment, adverse tax consequences may arise to the Plan and the annuitant or beneficiary thereunder, including that the Plan may become subject to a penalty tax, the annuitant of such Plan may be deemed to have received income therefrom or, in the case of an RESP, the RESP may have its tax exempt status revoked. Accordingly, Plans that propose to invest in Trust Units should consult their own tax advisors before deciding to purchase Trust Units and again before deciding to exercise the redemption rights attached to such Trust Units.

16. U.S. FEDERAL INCOME TAX CONSIDERATIONS

You should consult your own professional advisors to obtain advice on the tax consequences that apply to you.

16.1 Introduction

The following is a general summary of the principal U.S. federal income tax considerations applicable to Non-U.S. Trust Unit holders (defined below) of the purchase, ownership and disposition of the Trust Units offered by the Prospectus. The principal U.S. federal income tax considerations to Investment LP concerning its qualification and taxation as a REIT for U.S. federal income tax purposes are also summarized in a general level below.

Whether Investment LP qualifies as a REIT is dependent on whether it satisfies the various REIT requirements for each taxable year, including but not limited to certain organizational, operational, gross income, asset and

distribution requirements (described generally below). The failure of Investment LP to qualify as a REIT without the benefits of certain REIT savings provisions in its first or in any subsequent taxable year may result in materially reduced distributions to Non-U.S. Trust Unit holders and U.S. federal income tax consequences that are not as described in this summary. Management intends that Investment LP will qualify as a REIT for each relevant taxable year. However, given the highly complex nature of the rules governing REITs and the possibility of future changes in its circumstances, no assurances can be given that Investment LP will qualify as a REIT for U.S. federal income tax purposes, whether in its first taxable year or in any subsequent year.

This summary is directed only to prospective purchasers who purchase the Trust Units offered by this Prospectus and who are not United States persons under the Code (i.e. Non-U.S. Trust Unitholders, defined below).

This summary assumes that there are no sales of real estate, Investment LP Units or the Trust Units within one year of the respective property acquisitions.

The summary which follows does not deal with all aspects of U.S. federal income taxation that may be relevant to the specific circumstances of a particular Non-U.S. Trust Unit holder. Likewise, this summary does not address the U.S. federal income tax consequences to Non-U.S. Trust Unit holders subject to special treatment, including but not limited to financial institutions, broker-dealers, insurance companies, tax-exempt organizations and trusts, except to the limited extent specifically provided. Finally, this summary does not address the U.S. federal income tax rules applicable to Unit holders who are United States persons under the Code, nor does it address state income tax rules.

For purposes of this summary, a “Non-U.S. Trust Unit holder” means any Unit holder that is not: (i) a U.S. citizen, U.S. permanent resident (green card holder) or individual resident in the United States; (ii) a corporation or other entity taxable as a corporation that is either created or organized under the laws of the United States or a political subdivision thereof or that is for other reasons treated as if were taxable as a corporation created or organized under the laws of the United States; (iii) an estate, the income of which is subject to United States federal income tax regardless of the source; or (iv) a trust, if a court within the United States is able to exercise primary supervision over the trust’s administration and one or more United States persons have the authority to control all of its substantial decisions. All Non-U.S. Trust Unit holders are assumed to be residents of Canada entitled to all relevant benefits of the 1980 U.S.-Canada Tax Convention, as amended (U.S.-Canada Treaty) and the pending Fifth Protocol to the U.S.-Canada Treaty (the 2007 Protocol).

For purpose of this summary references to “nonresident alien individuals” includes certain registered retirement savings plans (RRSPs), specifically those with Canadian resident annuitants which are organized as contractual arrangements or trusts and which are neither exempt from seizure by creditors of the annuitant nor spousal RRSPs. The U.S. tax treatment and classification of RRSPs is complex, is not free from doubt and is dependant upon the terms of the specific RRSP.

The commentary which follows treats RRSPs as either grantor trusts, or as an investment of the individual annuitant which is not a separate entity from the individual, for U.S. federal income tax purposes. As such, the commentary treats the individual annuitant as the owner of RRSP assets for U.S. federal income tax purposes. There is, however, a risk that the U.S. tax authorities might take a different position regarding the U.S. tax treatment and classification of RRSPs from that taken in the summary which follows, and in such event, the U.S. tax consequences may be different from those described below. Investors that are RRSPs should consult their own tax advisor as to the U.S. federal, state, and local income and other tax consequences to them as a result of their status as an RRSP.

This summary is of a general nature only and does not consider all possible United States federal income tax considerations of an investment in Trust Units. This summary does not constitute an opinion to prospective Trust Unit holders and is not intended to be legal or tax advice to any prospective purchasers of Trust Units.

No ruling has been sought from the U.S. Internal Revenue Service (IRS) on any aspect of this Offering.

This summary is based upon the relevant provisions of the Internal Revenue Code (the Code or IRC), the Regulations under the IRC, U.S.-Canada Treaty, as amended, the pending 2007 Protocol and the judicial and administrative interpretations and pronouncements thereof as currently in effect. These authorities are

subject to change retroactively and/or prospectively and any such changes could affect the accuracy of the summary below.

Each investor should consult its own tax advisor as to the U.S. federal, state, and local income and other tax consequences to it of the purchase, ownership and disposition of the Trust Units in its own particular circumstances.

16.2 Summary

The discussion which follows is a general overview of the principal U.S. federal income tax matters to Non-U.S. Trust Unit holders and to Investment LP and does not constitute tax advice to any particular Unit holder.

Taxation of Trust and Trust Unit holders

Taxation of Trust

A trust generally is defined for U.S. federal income tax purposes as an arrangement created either by will or by an inter vivos declaration whereby trustees take title to property for the purpose of protecting or conserving it for the beneficiaries under the ordinary rules applied in chancery or probate courts. Other arrangements, known as trusts for legal purposes, may not be classified as such for purposes of the Code if they are not limited to arrangements for protecting or conserving trust property for the trust's beneficiaries. For instance, a business or commercial trust that is created by the beneficiaries as a device to carry on a profit-making business which normally would have been carried on through a business organization generally is treated as a business entity that is either a corporation or a partnership under the Code.

A business entity that is not automatically classified as a corporation and that has at least two members may elect to be treated as either a partnership or as a corporation for U.S. federal income tax purposes. In general, a business entity that is organized in Canada is automatically classified as a corporation only: (1) if it is a corporation or a company; or (2) if it is a partnership and its units are publicly traded and certain other tests are also met.

The Trust is not publicly traded, it intends to be an eligible entity, and it intends to timely elect to be treated as a partnership for U.S. federal income tax purposes. The summary assumes the Trust will be so treated.

A business entity that is treated as a partnership for U.S. federal income tax purposes is not subject to U.S. federal income tax. Rather, the distributive share of a partnership's income, gains, losses, deductions, and credits is taken into account separately by each interest holder in the partnership.

The following discusses the principal U.S. federal income consequences of Trust distributions received by Non-U.S. Trust Unit holders, of dispositions by the Trust of interests in Investment LP and of dispositions by Non-U.S. Trust Unit holders of interests in the Trust. The summary assumes Investment LP qualifies as a REIT for U.S. federal income tax purposes.

U.S. Federal Income Taxation of Non-U.S. Trust Unit holders if Investment LP Qualifies as a REIT

This section describes, in general terms, the U.S. federal income taxation to Non-U.S. Trust Unit holders of an investment in the Trust if Investment LP qualifies as a REIT. The rules governing the U.S. federal income taxation of Non-U.S. Trust Unit holders are complex. The following discussion does not address or consider all aspects of U.S. federal income tax of an investment in the Trust and does not consider state, local, or non-U.S. tax consequences.

Prospective investors should consult their own tax advisors to determine the U.S. federal income tax consequences, reporting and any other requirements applicable to their particular situations.

A partner of a partnership generally takes into account separately, in determining its substantive U.S. tax liability, many items of income derived by the partnership as if such items were derived directly by the partner.

A nonresident alien individual and a foreign corporation are generally subject to U.S. federal income tax on fixed or determinable, annual or periodic income received from U.S. sources (FDAP), including U.S. source dividends, and income that is effectively connected with the conduct of a U.S. trade or business (ECI). U.S. source FDAP is generally subject to 30% U.S. withholding tax at source with no allowance for deductions (FDAP Tax) unless a lower rate applies under an applicable treaty or the FDAP is effectively connected with the conduct of a U.S. trade or business, in which case it is taxable at graduated rates as described below.

The taxable income of a nonresident alien individual or foreign corporation that is effectively connected with the conduct of a U.S. trade or business is subject to the same U.S. federal graduated rates of tax as apply to U.S. persons. Taxable income is computed by claiming deductions that are connected with the effectively connected gross income on a timely filed return. A nonresident alien individual or foreign corporation that derives ECI generally is required to make quarterly payments of estimated U.S. tax, and is required to file a U.S. income tax return.

Gain on the disposition of a U.S. real property interest (USRPI) (USRPI gain) recognized by a nonresident alien individual or foreign corporation is treated as ECI subject to U.S. federal income tax at graduated rates and is not eligible for reduced U.S. tax rates under the U.S.-Canada Treaty (FIRPTA Tax). A distribution by a REIT to a foreign shareholder, to the extent attributable to the REIT's USRPI gain, generally is treated as USRPI gain recognized directly by the shareholder.

A corporate Non-U.S. Trust Unit holder that receives income that is (or is treated as) ECI may also be subject to U.S. branch profits tax on that portion of the ECI that is not reinvested in U.S. business assets. U.S. branch profits tax is imposed in addition to regular federal income tax at a rate of 30%, subject to reduction under an applicable tax treaty. The rate of U.S. branch profits tax generally is reduced to 5% on earnings attributable to a permanent establishment over a Cdn\$500,000 cumulative exemption amount for a resident of Canada entitled to all the benefits of the U.S.-Canada Treaty. Under the literal language of the pending 2007 Protocol the reduced rate for the U.S. branch profits tax would not be available to a corporate Non-U.S. Trust Uniholder after the second year the 2007 Protocol enters into force. At this time, it is not clear how the 2007 Protocol will be applied when it enters into force.

The following discussion applies to Non-U.S. Trust Unit holders whose income from their investment in Investment LP through the Trust, other than gains that are (or are treated as) from the disposition of USRPI, is FDAP that is not effectively connected with the conduct of a U.S. trade or business.

Ordinary REIT Dividends

Distributions out of the Investment LP's current or accumulated earnings and profits that are not attributable to gain from the sale or exchange of USRPI are generally treated as FDAP (ordinary REIT dividends) and generally are subject to U.S. tax and withholding at a rate of 30% with no allowance for deductions. Ordinary REIT dividends paid to the Non-U.S. Trust Unit holders through a foreign trust that is not a "fiscally transparent" entity under the laws of Canada for U.S. federal income tax purposes are not generally entitled to treaty-reduced rates of tax and withholding that might apply if paid directly to the Non-U.S. Trust Unit holders. The 30% FDAP Tax generally applies to ordinary distributions made to nonresident alien individuals and foreign corporations.

A REIT, as a withholding agent, generally is required to withhold a 30% FDAP Tax on all ordinary REIT distributions not attributable to capital gains derived by the REIT made indirectly to Non-U.S. Trust Unit holders through the Trust, including distributions that may later be determined to have been in excess of current and accumulated earnings and profits, unless an exception applies.

A foreign person (including a nonresident alien individual and a foreign corporation) generally may recover excess withholdings by filing a U.S. income tax return for the year in which the distribution is received no later than two years after the tax is withheld.

REIT Distributions In Excess of Earnings and Profits

A distribution to the Trust in excess of a REIT's earnings and profits is treated for substantive U.S. income tax purposes first as a non-taxable return of capital that reduces the Trust's basis in its REIT units (but not below zero) and then as gain from the disposition by the Trust of a USRPI.

A REIT is generally required to withhold 10% federal income tax at graduated rates (FIRPTA Tax) on the amount of distribution to the Trust in excess of the amount of the distribution determined to be attributable to its earnings and profits. A U.S. REIT (unlike non-REIT U.S. corporations) may not be required to withhold under IRC §1445 on an amount designated by the REIT as a return of basis. The required withholding may be reduced or eliminated by a withholding certificate obtained from the IRS. No assurance can be given that the IRS will approve a withholding certificate application.

Trust intends to file with the IRS an application for withholding certificates to eliminate the withholdings at source that would otherwise be required on distributions to the Trust in excess of Investment LP's earnings and profits that are attributable to the Trust's adjusted tax basis in its Investment LP's units. If the application is not approved before the distribution is made, Investment LP generally may be required to withhold (but is not required to remit to the IRS) 10% of the distribution amount to the Trust. If the application is rejected, Investment LP will be required to remit to the IRS 10% of the distribution amount within 20 days. Any amount required to be withheld but not remitted to the IRS while an application for a withholding certificate is pending with the IRS will be distributed by Investment LP to the Trust upon receipt of an approved withholding certificate issued by the IRS.

With respect to a distribution from Investment LP to the Trust that is treated as gain from a disposition of a USRPI by the Trust, in addition to being subject to FIRPTA Tax withholding by the Investment LP, the Trust (as a partnership for U.S. federal income tax purposes) also generally is required under IRC §1446 to deduct and withhold tax (section 1446 withholding tax) quarterly with respect to the Non-U.S. Trust Unit holders' distributive shares of effectively connected taxable income of the Trust (including gain resulting from the Trust's disposition of Investment LP Units). Section 1446 withholding tax on effectively connected taxable income attributable to USRPI gains is generally 15% (or 25% in the case of depreciation recapture) for nonresident individuals and 35% for foreign corporations. A non-publicly traded partnership such as the Trust must remit quarterly deposits of this section 1446 withholding tax with respect to the partnership's effectively connected taxable income by using Form 8813. The Trust must file an annual return of section 1446 withholding tax using Form 8804 with a separate Form 8805 for each Non-U.S. Trust Unit holder in order to report the amount of section 1446 withholding tax allocable to that Non-U.S. Trust Unit holder.

The amount of FIRPTA Tax withheld by Investment LP with respect to a distribution by Investment LP to the Trust that is treated as a gain from the Trust's disposition of Investment LP Units may be credited against the Trust's liability to withhold section 1446 withholding tax on the Trust's effectively connected taxable income, if Investment LP properly completes and files with the IRS a Form 8288-A that contains the Trust's U.S. taxpayer identification number, and the Trust attaches to its annual return the copy of Form 8288-A that the IRS will stamp and send to the Trust. There is no guarantee that the FIRPTA Tax withheld will fully satisfy the Trust's liability to withhold section 1446 withholding tax.

The Trust will allocate among the Non-U.S. Trust Unit holders any FIRPTA Tax withholding imposed on Investment LP distributions it receives in computing the Trust's section 1446 withholding tax liability and will timely report to each Non-U.S. Trust Unit holder on Form 8805 the amount of section 1446 withholding tax withheld with respect to such Non-U.S. Trust Unit holder so that the Non-U.S. Trust Unit holder may determine its liability (if any) to pay U.S. estimated tax.

A Non-U.S. Trust Unit holder may, by filing a timely U.S. federal income tax return, claim as a credit against its U.S. federal income tax liability the amount of section 1446 withholding tax (including the allocable amount of any FIRPTA Tax credit claimed by the Trust) withheld and remitted by the Trust, and reported to it by the Trust on Form 8805. Non-U.S. Trust Unit holders are required to file a U.S. federal income tax return (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations) to report their USRPI gain, without regard to whether amounts are withheld. A foreign person subject to withholding of U.S. tax generally may recover excess withholdings by filing a U.S. income tax return for the year in which the distribution is made no later than two years after the tax is withheld. Non-U.S. Trust Unit holders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

Generally, if FIRPTA Tax has been withheld by Investment LP with respect to the Trust and remitted to the IRS before submission of an application for a withholding certificate or otherwise before the IRS issues a withholding certificate, and the IRS later issues a withholding certificate and an amount that was remitted to the IRS was greater than the amount required to be withheld under the withholding certificate issued by the IRS, the Trust as the relevant taxpayer may apply to the IRS for an early refund of the over-withheld amount. No assurance can be given that the IRS will approve a withholding certificate application.

A distribution by Investment LP in excess of the sum of its earnings and profits and the Trust's adjusted tax basis in its Investment LP units, generally is treated in a similar manner to a disposition by the Trust of its interest in Investment LP. The U.S. federal income tax treatment of gain from the disposition of an interest in Investment LP is discussed below.

REIT Capital Gain Dividends

A REIT can make capital gain dividends, which are generally limited to the amount of the REIT's net capital gain for the year. Capital gain dividends are taxed in the hands of the recipient as gain from the sale or exchange of a capital asset held for more than 1 year (see later discussion entitled Annual Distribution Requirements). There are generally two types of capital gain dividends: (1) capital gain dividends attributable to a REIT's USRPI gains; and (2) capital gain dividends attributable to a REIT's non-USRPI gains. Assuming that Investment LP qualifies as a REIT, it does not anticipate paying capital gain dividends attributable to non-USRPI gains. Therefore, this portion of the commentary only addresses capital gain dividends attributable to USRPI gains.

In general, a distribution by a REIT to a foreign person (including a nonresident alien individual or a foreign corporate shareholder) is generally treated as gain recognized by such foreign person on the disposition of a USRPI to the extent attributable to a gain recognized by the REIT on the disposition of a USRPI (USRPI Dividend). A USRPI Dividend generally is treated as ECI in the hands of the foreign shareholder from USRPI gain, and is subject to FIRPTA Tax. In general, the maximum FIRPTA Tax rate for USRPI gains for nonresident alien individuals is 15% (or 25% if attributable to certain depreciation recapture) of the net gain. In general, the maximum FIRPTA Tax rate for USRPI gains for foreign corporations is 35% of the net gain. A corporate Non-U.S. Trust Unit holder that receives a USRPI Dividend through the Trust may also be subject to U.S. branch profits tax. U.S. branch profits tax is imposed in addition to regular federal income tax at the rate of 30% on a calculated amount but is reduced to 5% of earnings attributable to a permanent establishment in excess of a Cdn\$500,000 cumulative exemption amount under the U.S.-Canada Treaty for certain residents of Canada. Under the literal language of the 2007 Protocol the reduced rate for the U.S. branch profits tax would not be available to a corporate Non-U.S. Trust Unit holder after the second year the 2007 Protocol enters into force. At this time, it is not clear how the 2007 Protocol will be applied when it becomes entered into force.

A REIT generally is required to withhold and remit to the IRS FIRPTA Tax withholding equal to 35% of the USRPI Dividend it pays to a foreign person.

With respect to a USRPI Dividend from a REIT to the Trust that is treated as gain from a disposition of a USRPI by the Trust, in addition to being subject to FIRPTA Tax withholding by the REIT, the Trust (as a partnership for U.S. federal income tax purposes) also generally is required under section 1446 to deduct and withhold tax (section 1446 withholding tax) quarterly with respect to the Non-U.S. Trust Unit holders' distributive shares of effectively connected taxable income of the Trust (including gain resulting from the Trust's disposition of a USRPI). Section 1446 withholding tax on effectively connected taxable income that is attributable to USRPI gains is generally 15% (or 25% in the case of depreciation recapture) for nonresident individuals and 35% for foreign corporations. A non-publicly traded partnership such as the Trust must remit quarterly deposits of this section 1446 withholding tax with respect to the partnership's effectively connected taxable income by using Form 8813. The Trust must file an annual return of section 1446 withholding tax using Form 8804 with a separate Form 8805 for each Non-U.S. Trust Unit holder in order to report the amount of section 1446 withholding tax allocable to that Non-U.S. Trust Unit holder.

The amount of FIRPTA Tax withheld by a REIT with respect to a USRPI Dividend by the REIT to the Trust that is treated as a gain from the Trust's disposition of a USRPI may be credited against the Trust's liability to withhold section 1446 withholding tax on the Trust's effectively connected taxable income, if the REIT properly completes and files with the IRS a Form 8288-A that contains the Trust's U.S. taxpayer identification number, and the Trust

attaches to its annual return the copy of Form 8288-A that the IRS will stamp and send to the Trust. There is no guarantee that the FIRPTA Tax withheld will fully satisfy the Trust's liability to withhold section 1446 withholding tax.

The Trust will allocate among the Non-U.S. Trust Unit holders any FIRPTA Tax withholding imposed on USRPI Dividends it receives in computing the Trust's section 1446 withholding tax liability and will timely report to each Non-U.S. Trust Unit holder on Form 8805 the amount of section 1446 withholding tax withheld with respect to such Non-U.S. Trust Unit holder so that the Non-U.S. Trust Unit holder may determine its liability (if any) to pay U.S. estimated tax.

A Non-U.S. Trust Unit holder may, by filing a timely U.S. federal income tax return, claim as a credit against its U.S. federal income tax liability the amount of section 1446 withholding tax (including the allocable amount of any FIRPTA Tax credit claimed by the Trust) withheld and remitted by the Trust, and reported to it by the Trust on Form 8805, and take quarterly section 1446 withholding tax by the Trust into account in determining the Non-U.S. Trust Unit holder's liability (if any) for U.S. estimated tax. Non-U.S. Trust Unit holders are required to file a U.S. federal income tax return (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations) to report their USRPI gain, without regard to whether amounts are withheld. A foreign person subject to withholding of U.S. tax generally may recover excess withholdings by filing a U.S. income tax return for the year in which the distribution is made no later than two years after the tax is withheld. Non-U.S. Trust Unit holders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

FIRPTA Tax withholding generally may be reduced by applying for and obtaining a withholding certificate from the IRS. A foreign person (such as the Trust) that generally is subject to FIRPTA Tax withholding must obtain a U.S. tax identification number in order to apply for a withholding certificate. It may be possible to reduce the rate of withholding on USRPI Dividends paid to the Trust to 15% (or 25% if attributable to depreciation recapture) with respect to USRPI Dividends received by the Trust and allocable to nonresident alien individuals that are Non-U.S. Trust Unit holders, if the Trust requests the IRS to issue a withholding certificate and such withholding certificate is issued by the IRS. No assurance can be given that the IRS will approve a withholding certificate application. A Non-U.S. Trust Unit holder of the Trust to which the Trust allocates a portion of a USRPI Dividend paid by a REIT to the Trust is required to file a U.S. federal income tax return (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations), with respect to such USRPI Dividend because it is considered to be effectively connected with the conduct of a U.S. trade or business, without regard to whether U.S. tax is withheld with respect to such amount. A foreign person subject to withholding of U.S. tax generally may recover excess withholdings by filing a U.S. income tax return for the year in which the distribution is made no later than two years after the tax is withheld. Non-U.S. Trust Unit holders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

Disposition of Investment LP Units

Gain recognized by a nonresident alien individual and foreign corporation on the sale or exchange of interest in a corporation is generally not subject to U.S. federal income taxation unless the interests sold are USRPIs. Stock of a U.S. corporation is generally presumed to be a USRPI unless a foreign shareholder establishes that stock is not a USRPI. It is expected that interests in Investment LP units will be USRPI's. Therefore, Non-U.S. Trust Unit holders will be subject to FIRPTA Tax on their distributive share of gain recognized by the Trust on its disposition of units in Investment LP. In general, the maximum FIRPTA Tax rate for USRPI gains for nonresident alien individuals and foreign corporations with respect to the disposition of a USRPI that is a capital asset is 15% (or 25% if related to certain depreciation recapture) and 35%, respectively, of the gain recognized.

U.S. federal income tax withholdings will generally be required under IRC §1445(a) on a disposition of units in Investment LP by the Trust or redemption of the Investment LP units by Investment LP. The transferee is generally required to withhold and remit to the IRS 10% of the amount realized on the disposition. Generally, the 10% FIRPTA Tax withholding may be reduced if an application withholding certificate is timely filed requesting a reduction in withholdings, for example, to the maximum applicable capital gains tax on the actual gain, and the IRS approves the application and issues such a withholding certificate. No assurance can be given that the IRS will approve a withholding certificate application. The maximum FIRPTA Tax rate of USRPI gains attributable to capital assets for nonresident alien individuals and foreign corporations is generally 15% (or 25% if related to

certain depreciation recapture) and 35%, respectively, of the net gain. Corporate Non-U.S. Trust Unit holders will not generally be subject to U.S. branch profits tax on their distributive share of gain from the sale or exchange by the Trust of Investment LP units or on a distribution in excess of the U.S. tax basis in the Investment LP units.

A Non-U.S. Trust Unit holder of the Trust to which the Trust allocates a portion of a gain on the Trust's disposition of Investment LP Units is required to file a U.S. federal income tax return (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations), with respect to such gain because it is considered to be effectively connected with the conduct of a U.S. trade or business, without regard to whether U.S. tax is withheld with respect to such amount. The U.S. federal income tax return must generally be filed no later than two years after the tax is withheld in order for any excess withholdings to be recovered. Non-U.S. Trust Unit holders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

In addition to any FIRPTA Tax withheld and remitted to the IRS with respect to the Trust's sale or exchange, or redemption, of Investment LP Units, the Trust as a partnership for U.S. federal income tax purposes, generally is required under IRC §1446 to deduct and withhold tax (section 1446 withholding tax) quarterly with respect to the Non-U.S. Trust Unit holders' distributive shares of effectively connected taxable income of the Trust (including gain resulting from the Trust's disposition of Investment LP Units). Section 1446 withholding tax on effectively connected taxable income attributable to USRPI gains is generally 15% (or 25% in the case of depreciation recapture) for nonresident individuals and 35% for foreign corporations. A non-publicly traded partnership such as the Trust must remit using Form 8813, quarterly deposits of this section 1446 withholding tax with respect to the partnership's effectively connected taxable income. The Trust must file an annual return of section 1446 withholding tax using Form 8804 with a separate Form 8805 for each Non-U.S. Trust Unit holder in order to report the amount of section 1446 withholding tax allocable to that Non-U.S. Trust Unit holder.

The amount of FIRPTA Tax withheld by the transferee on the Trust's disposition of Investment LP Units may be credited against the Trust's liability to withhold section 1446 withholding tax on the Trust's effectively connected taxable income, if the transferee properly completes and files with the IRS a Form 8288-A that contains the Trust's U.S. taxpayer identification number, and the Trust attaches to its annual return the copy of Form 8288-A that the IRS will stamp and send to the Trust. There is no guarantee that the FIRPTA Tax withheld will fully satisfy the Trust's liability to withhold section 1446 withholding tax.

The Trust will allocate among the Non-U.S. Trust Unit holders any FIRPTA Tax withholding imposed in computing the Trust's section 1446 withholding tax liability and will timely report to each Non-U.S. Trust Unit holder on Form 8805 the amount of section 1446 withholding tax withheld with respect to such Non-U.S. Trust Unit holder so that the Non-U.S. Trust Unit holder may determine its liability (if any) to pay U.S. estimated tax.

A Non-U.S. Trust Unit holder may, by timely filing a U.S. federal income tax return, claim as a credit against its U.S. federal income tax liability the amount of section 1446 withholding tax (including the allocable amount of any FIRPTA Tax credit claimed by the Trust) withheld and remitted by the Trust, and reported to it by the Trust on Form 8805. Non-U.S. Trust Unit holders are required to file a U.S. federal income tax return to report the gain (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations) to report their USRPI gain without regard to whether amounts are withheld. The U.S. federal income tax returns must generally be filed no later than two years after the tax is withheld in order for any excess withholdings to be recovered. Non-U.S. Trust Unit holders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

Disposition of Trust Units

The Trust Units generally will also be treated as USRPIs in determining the substantive U.S. tax liability of Non-U.S. Trust Unit holders to the extent the Trust's assets are attributable to the Investment LP units (assuming that the Investment LP units are the only USRPIs held directly or indirectly by the Trust). Consequently, gain of a Non-U.S. Trust Unit holder from a sale or exchange of the Trust Units or gain recognized on a distribution by the Trust in excess of the U.S. tax basis of the Trust Units will generally be subject to FIRPTA Tax as gain from the disposition of a USRPI in the manner described under the section entitled Disposition of Investment LP Units. An exception to gain recognition may apply to certain distributions.

U.S. federal income tax withholdings may be required on a sale or exchange of Trust Units by a Non-U.S. Trust Unit holder, and may be required on the redemption by the Trust of a Non-U.S. Trust Unit holder's interest in the Trust. On the sale or exchange of a Trust Unit by a non-U.S. person, the transferee generally is required to withhold and remit to the IRS 10% of the fair market value of the interest transferred, unless prior to the sale or exchange the transferee receives a certification signed by an officer of the Trust under penalties or perjury no earlier than 30 days before the transfer that 50% or more of the value of the Trust's gross assets does not consist of USRPIs, or that 90% or more of the value of the Trust's gross assets does not consist of USRPIs plus cash and cash equivalents. The 10% FIRPTA Tax withholding generally may be reduced if an application for a withholding certificate is timely filed with the IRS requesting a reduction in withholdings (e.g., to the maximum applicable capital gains tax rate on the actual gain) and such withholding certificate is received from the IRS. No assurance can be given that the IRS will approve a withholding certificate application. The maximum FIRPTA Tax rate of USRPI gains attributable to capital assets for nonresident alien individuals and foreign corporations is generally 15% (or 25% if related to depreciation recapture) and 35%, respectively, of the net gain. Corporate Non-U.S. Trust Unit holders will not generally be subject to U.S. branch profits tax on gain from the sale or exchange of Trust Units or on a distribution in excess of the U.S. tax basis in the Trust Units.

The amount withheld by the transferee may be credited against the Non-U.S. Trust Unit holder's U.S. federal income tax liability if the transferee properly completes and files with the IRS a Form 8288-A that contains the Non-U.S. Trust Unit holder's U.S. taxpayer identification number, and the Non-U.S. Trust Unit holder attaches to its annual return the copy of Form 8288-A that the IRS will stamp and send to the Non-U.S. Trust Unit holder. Non-U.S. Trust Unit holders are required to file a U.S. federal income tax return to report the any USRPI gain (i.e., Form 1040-NR for nonresident alien individuals and Form 1120-F for foreign corporations), without regard to whether amounts are withheld. The U.S. federal income tax returns must generally be filed no later than two years after the tax is withheld in order for any excess withholdings to be recovered.

Estate and Gift Tax

Non-domiciliary individuals are subject to U.S. gift tax on gifts of real property and tangible personal property located within the U.S. unless a deduction or exclusion is available. Gifts of intangible property are generally not subject to the gift tax even if the intangibles are located in the U.S. (e.g., U.S. stocks and bonds).

A non-domiciliary individual is taxed at death on the fair market value of his or her gross estate, less certain deductions and exclusions. The gross estate of a non-domiciliary is limited to certain tangible and intangible property situated in the U.S. For example, stocks and bonds of U.S. corporations or real property located in the U.S. are included in a non-domiciliary individual's U.S. estate.

As explained above, it is assumed that the Trust should be classified as a foreign partnership and Investment LP should be classified as a U.S. corporation for federal tax purposes (including federal gift and estate tax purposes).

Thus, a gratuitous transfer of a partnership interest by a non-domiciliary during life will not be subject to U.S. gift tax as long as is considered intangible personal property (regardless of where it is situated). The IRS has accepted (in at least one Private Letter Ruling) that an interest in a partnership should be treated as intangible personal property as long as the partnership is viewed as an entity separate from its owners (the entity theory) rather than merely a collection of underlying assets and businesses (the aggregate theory). Although there is no clear guidance on the aggregate versus entity characterization in the estate and gift tax arena and the IRS has placed this issue in the gift tax context on its "no-rule" list for a number of years, the IRS and the courts have historically applied the entity approach in various transfer tax decisions. Therefore, assuming the Non-U.S. Trust Unit holders (excluding RRSPs) are not domiciled in the U.S. for transfer tax purposes, it is likely (though far from certain) that their gratuitous transfers of Trust Units (which are assumed to be partnership interests for US federal tax purposes) during life will constitute gifts of intangible personal property not subject to U.S. gift tax. The gift tax rules relating to partnership interests are complex and unsettled, and each Trust Unit holder should consult his or her own tax advisor for more specific information and advice regarding his or her own individual gift tax exposure before making a gift of a Trust Unit.

The transfer of a partnership interest (considered an interest in an entity as discussed above) by a non-domiciliary at death will not be subject to U.S. estate tax as long as it is not U.S.-situated. The situs of a partnership interest for

transfer tax purposes has not been judicially determined. Nor is this issue addressed in the Code. Although the Treasury Regulations address the situs of intangible personal property in general, they do not address partnership interests specifically. Moreover, it is not clear whether the regulations are valid given the lack of a grant of power to the IRS to expand the Code's boundaries in such a manner. While arguments may be made that a partnership interest should be situated at the decedent's domicile, where the partnership's assets are located, where the partnership was created, or where the partnership's trade or business is located, the IRS has concluded that the situs of a partnership interest is generally determined according to "where the partnership business is carried on." As it is contemplated that substantially all of the Trust's activity will be holding an investment in Investment LP (which is assumed to be a U.S. corporation for US federal tax purposes and which invests in U.S. real estate), the IRS would likely view the Trust as carrying on its business in the U.S. and being U.S. situated. Thus, while the law in this area is far from clear, it is likely (though far from certain) that transfers of Trust Units (which are treated as partnership interests for U.S. federal tax purposes) at the death of the non-domiciliary Non-U.S. Trust Unit holders (excluding RRSPs) will constitute bequests of U.S. situated property subject to U.S. estate tax, with possible tax treaty relief. The estate tax rules relating to partnership interests are complex and unsettled, and each Trust Unit holder should consult his or her own tax advisor for more specific information and advice regarding his or her own individual estate tax exposure should such Trust Unit holder hold a Trust Unit until death.

Federal Income Taxation of Investment LP as a REIT

Investment LP intends to elect to be a REIT commencing with its first taxable year. However, qualifying as a REIT depends on an entity meeting various REIT requirements each taxable year. As such, there is no assurance that Investment LP will qualify as a REIT. The failure of Investment LP to qualify as a REIT without the benefits of certain savings provisions in its first or in any subsequent taxable year may result in materially reduced distributions to Non-U.S. Trust Unit holders and U.S. federal income tax consequences that are not described in this summary.

The following describes the general REIT qualification rules and the significant U.S. federal income tax consequences to a business entity of electing to be treated as a REIT.

The sections of the Code relating to qualification and operation as a REIT are highly technical and complex. The following discussion sets out, in very general terms, the material aspects of the Code sections that govern the U.S. federal income tax treatment of a REIT and its non-U.S. interest holders.

A business entity that qualifies and timely elects to be taxed as a REIT is not generally subject to U.S. federal income tax on its income and capital gains that it distributes to its interest holders each year. However, it would remain subject to U.S. federal income tax in certain circumstances.

For example:

- Undistributed taxable income (including undistributed net capital gains) will be taxed at the regular rates for corporations.
- A REIT may be subject to "alternative minimum tax" on items of tax preference.
- A REIT is subject to the highest corporate income tax rate on net income from a sale or other disposition of "foreclosure property" (i.e., generally property acquired through foreclosure or after default on a loan secured by the property or a lease of the property) held primarily for sale to customers in the ordinary course of business and on other non-qualifying income earned from foreclose property.
- A REIT is subject to a 100% tax on net income from "prohibited transactions". Prohibited transactions are generally sales or other dispositions of property, other than foreclosure property, held primarily for sale to customers in the ordinary course of business.
- A REIT is subject to a 100% tax on certain transactions with its taxable REIT subsidiaries if such transactions are not at "arm's-length", as defined.

- If a REIT fails to satisfy either the 75% or 95% gross income test (as discussed below) but has nonetheless maintained its qualification as a REIT because it has met certain other requirements, the REIT will be subject to a 100% tax on an amount equal to the greater of the amount by which it fails the 75% or 95% test multiplied by a fraction calculated to reflect the REIT's profitability.
- If a REIT (1) fails to satisfy the REIT asset tests (as discussed below) it may continue to qualify as a REIT if it meets certain other requirements and, for other than a "de minimis" failure, it pays a tax equal to the greater of \$50,000 or the highest corporate income tax rate multiplied by the net income from the non-qualifying assets for the period of time it failed to satisfy the asset tests; or (2) fails to satisfy REIT requirements other than the gross income and asset tests and meets certain other requirements, it will have to pay \$50,000 for each failure in order to remain a REIT.
- A REIT is subject to a 4% excise tax on the excess of the required distribution over the sum of amount distributed and amounts retained for which federal income tax was paid. The required distribution for this purpose is at least 85% of its ordinary income, 95% of its capital gain net income, and any undistributed amounts from prior periods.

Requirements for REIT Qualification

To qualify as a REIT, a business entity must timely elect to be treated as a REIT and must meet certain organizational, operational, income, asset and distribution requirements, discussed in very general terms below.

Organizational Requirements

The Internal Revenue Code (IRC) defines a REIT as a corporation, trust or association that:

1. Is managed by one or more trustees or directors;
2. Issues transferable stock or transferable certificates as evidence of beneficial ownership;
3. Would be taxed as a domestic corporation but for the REIT provisions of the Code;
4. Is neither a financial institution nor an insurance company;
5. Is beneficially owned by at least 100 persons (100 Shareholder Requirement);
6. Not more than 50% of the value of its outstanding equity interests is owned, directly, indirectly or by attribution, by five or fewer "individuals" (as defined in the Code to include certain entities), during the last half of the taxable year (Not-Closely Held Requirement); and
7. Satisfies the asset and income requirements, described below.

Conditions (1) to (4) described above must be met for the entire taxable year. The 100 Shareholder Requirement must be met for at least 335 days of a 12-month taxable year or for a proportionate number of days if the taxable year is less than 12 months. The Not-Closely Held Requirement is generally measured at the individual level through the application of constructive ownership rules. The 100 Shareholder Requirements, on the other hand, is generally measured at the actual shareholder level. Both the 100 Shareholder Requirements and the Not-Closely Held Requirements are waived for the first taxable year for which a REIT election is made.

Generally a partnership organized in the United States, which has an objective to carry on business and which otherwise satisfies all of the REIT requirements may be eligible to make a REIT election. In that regard, a partnership may satisfy the REIT requirement that it be managed by one or more trustees or directors if the partnership has the corporate characteristic of centralized management. Units in a partnership may also satisfy the transferability requirement if the Unit holder has the absolute right to assign his or her partnership interest to a new partner without the consent of another person and upon the assignment the new partner has all the rights and

obligations of the former limited partner. Investment LP does not intend to seek a ruling from the IRS to confirm that it is eligible to become a REIT. Accordingly, no assurances can be given that the IRS will not challenge Investment LP's status as a REIT and that such status will not ultimately be upheld by the courts.

A REIT's taxable year must be the calendar year. As well, a REIT cannot have earnings and profits from a non-REIT taxable year in which it was classified as a corporation at the end of any REIT taxable year.

REIT Subsidiaries

The separate existence of a qualified REIT subsidiary is disregarded for U.S. federal income tax purposes. All the assets, liabilities, income, deductions, and credits of a qualified REIT subsidiary are treated as though they are owned or earned directly by the REIT. A qualified REIT subsidiary is an entity that is treated as a corporation for U.S. federal income tax purposes if 100% of the stock of the entity is owned by the REIT. A "taxable REIT subsidiary" is not however, treated as a qualified REIT subsidiary.

A taxable REIT subsidiary is treated as a separate entity and is taxed as a regular corporation. A taxable REIT subsidiary is usually formed to earn nonqualified REIT income or to hold nonqualified REIT assets. A taxable REIT subsidiary is an entity that is owned directly or indirectly by the REIT and for which a joint election is timely made by the REIT and by the subsidiary. Subsidiaries of a taxable REIT subsidiary that are more than 35% owned by the taxable REIT subsidiary are treated as taxable REIT subsidiaries.

REIT Partnerships

A REIT that is a partner in a partnership that has not elected to be treated as a corporation (and is not otherwise treated as a corporation for U.S. federal income tax purposes) is deemed to own its proportionate share of the assets of the partnership and is deemed to earn its proportionate share of the income of the partnership. The character of a partnership's assets and its gross income is retained in the hands of the REIT.

A partnership is not subject to U.S. federal income tax; instead, its partners are liable for U.S. federal income tax on their respective shares of the partnership income.

Annual Income Requirements

A REIT must meet the following two gross income requirements annually:

1. At least 75% of the REIT's gross income must be derived principally from:
 - Rents from real property, as defined;
 - Interest on obligations secured by mortgages on real property;
 - Gain from the sale of real property that is not held primarily for sale;
 - Income and gain derived from "foreclosure property" (as previously described);
 - Income from certain temporary investments (described below); and
 - Certain other real estate-related income.
2. At least 95% of the REIT's gross income must be income of a passive-type, including:
 - Income described in the 75% test, above;
 - Dividends;

- Interest (whether or not secured by a mortgage); and
- Gain from the sale or disposition of stock or securities.

Certain Types of Income

Rents from Real Property: Generally, “rents from real property” is made up of the gross amounts received for the use of real property.

“Rents from real property” includes:

- Rents from interests in real property;
- Charges for services customarily furnished or rendered (i.e., services customarily provided in the geographic area in connection with the rental of space for occupancy) in connection with the rental of real property, whether or not those charges are separately stated;
- Rent attributable to personal property that is leased in connection with a lease of real property provided that the rent attributable to personal property does not exceed 15% of the total rental amount; and
- Rents received from a taxable REIT subsidiary (which would otherwise be disqualified as related party rents), provided that certain conditions are satisfied.

“Rents from real property” does not include, among other categories of real property-related rental income,

- Any amount received or accrued that is based upon profits of the tenant either in whole or in part, directly or indirectly;
- Any amounts received from a tenant that is directly or indirectly 10% owned (votes or value for a corporate entity or assets or net profits for a non-corporate entity) by the REIT, except in certain cases for amounts received from a taxable REIT subsidiary; and
- Non-customary and/or impermissible tenant service income.

Non-customary services and impermissible tenant services in excess of a de minimus amount can generally be provided only by: (1) an “independent contractor” (as defined) from which the REIT does not derive any income; or (2) by a taxable REIT subsidiary of the REIT without disqualifying the rents as “rents from real property”.

Property Held Primarily for Sale: A REIT is subject to a 100% tax on its income from “prohibited transactions”. A prohibited transaction includes the sale of property held primarily for sale to customers in the ordinary course of business. Whether property is held primarily for sale to customers in the ordinary course of business depends on the facts and circumstances. However, a prohibited transaction is deemed not to include the sale of certain property if:

- The REIT has owned the property (consisting of land and improvements) for four years or longer for the production of rental income;
- The aggregate expenditures of a capital nature made by the REIT or its partner on the property during the 4-year period prior to the sale do not exceed 30% of the property’s net selling price; and
- The REIT either makes no more than seven sales of property during the taxable year, or the aggregate tax bases of the properties sold during the year does not exceed 10% of the aggregate tax bases of all the REIT’s assets, determined as of the beginning of the tax year. If the REIT relies on the percentage of tax bases test to avoid prohibited transaction treatment, then substantially all the marketing and

development expenditures with respect to the property must be made through an independent contractor in prescribed manner.

Income from certain temporary investments: Interest income on obligations not secured by real property and certain other investment income may qualify under the 75% gross income test if it is “qualified temporary investment income”. Qualified temporary investment is limited to certain investment income that is attributable to the temporary investment of new capital and is received or accrued during the one year period beginning on the date the REIT receives such new capital. The same one year period also limits the time such temporary investments are treated as real estate assets for asset testing purposes.

Quarterly Asset Requirements

At the end of each quarter, a REIT must meet certain asset requirements, generally as follows:

- At least 75% of the value of the REIT’s gross assets must consist of real estate assets (which include qualified temporary investments, described above), cash, cash items, and government securities.
- Not more than 25% of value of its total assets may consist of securities, other than government securities (but including the value of taxable REIT subsidiaries).
- Not more than 20% of the value of its total assets consists of securities of taxable REIT subsidiaries (See below).
- Not more than 5% of its total assets consist of securities of one issuer (other than interests in taxable REIT subsidiaries).
- The REIT does not hold securities that make up more than 10% of total voting power or value of the outstanding securities of any one issuer (except for taxable REIT subsidiaries).

A REIT that meets the asset tests at the close of any quarter will not lose its REIT status if it fails to satisfy the asset tests at the end of a later quarter solely by reason of changes in asset values of assets owned in the immediately preceding quarter. If, on the other hand, a REIT fails the asset test because of the acquisition of an asset, the failure can be cured by disposing of non-qualifying assets within 30 days after the close of the quarter. Under certain circumstances, a REIT may avoid REIT disqualification after the 30-day cure period by disposing of sufficient non-qualifying assets within six months of the last day of the quarter in which the REIT first identifies the violation and by taking certain other steps.

A REIT that fails to satisfy the REIT requirements, other than the gross income tests and the asset tests, may avoid REIT disqualification if such a failure is due to reasonable cause and not due to willful neglect and the REIT pays \$50,000 for each such failure.

A REIT that is disqualified as a REIT cannot generally again elect to become a REIT prior to the fifth taxable year beginning after the first taxable year for which the termination is effective unless it can establish the disqualification was due to reasonable cause and not due to willful neglect. A partnership that elects REIT status and which is later disqualified as a REIT becomes subject to U.S. income tax as a U.S. corporation.

Annual Distribution Requirements

A REIT is required to distribute annually to holders of beneficial interests in the REIT the sum of (1) 90% of its taxable income (determined without regard to the deduction for dividend paid and by excluding any net capital gain); and (2) 90% of the excess of net income from foreclosure property over the tax imposed on such income, minus “excess non-cash income”.

A distribution is taken into account if it is made in the taxable year in which it is paid. However, distributions paid in the immediately subsequent year are treated as if distributed in the prior year if the distributions were declared in

October, November or December of the preceding year, the distributions were payable to “stockholders” of record on a specified date, and the distributions were actually distributed during January of the immediately subsequent year.

A distribution is also taken into account if it is declared before the REIT timely files its federal income tax return for such year, it is actually paid in the 12-month period following the close of the prior year, it is paid not later than the first regular distribution payment after such declaration, and the REIT timely files an election. Finally, a REIT and its interest holders may agree to deem a distribution to occur if certain conditions are met and an election is timely filed.

A REIT may choose to treat certain dividends to be treated as designated capital gain dividends. A REIT may designate prior distributions as capital gain dividends in a written notice mailed to shareholders within 30 days of the close of the taxable year, or in its annual report for the taxable year. Capital gain dividends are generally limited to the amount of the REIT’s net capital gain for the year. Capital gain dividends are taxed in the hands of the beneficiaries as a gain from the sale or exchange of a capital asset held for more than 1 year (see discussion entitled *Taxation of Trust and Trust Unit holders*).

A REIT is subject to 4% excise tax if it fails to make timely distributions above a certain threshold (see discussion above).

Records Maintenance

A REIT is required to keep such records as are required in order to disclose the actual ownership of its outstanding equity interests. The actual owner of a REIT’s outstanding equity interests is generally the person who is required to include the dividends received from the REIT in gross income for U.S. federal income tax purposes.

Other Applicable Rules

A REIT is generally subject to all other provisions of the Code that apply to corporations except to the extent those provisions are inconsistent with the REIT rules. For example, but for the dividends paid deduction and certain modifications to the normal operating rules applicable to corporations, a REIT generally computes its taxable income in the same way as a U.S. corporation. As such, a REIT is entitled to deduct ordinary and necessary expenses, including fees, interest, depreciation and amortization computed under the rules of the Code and other amounts that are not properly treated as being on capital account. However, to be deductible, expenses must also meet the clear reflection of income, economic performance and certain other standards.

17. RISK FACTORS

The purchase of securities hereunder involves a number of risk factors. The risks described below are not the only risks involved with an investment in the Trust Units. If any of the following risks occur, or if others occur, the Issuers’ business, operating results and financial condition could be seriously harmed and Purchasers may lose all of their investment. Risks affecting the Trust will affect the ability to make distributions on the Trust Units. In addition to the risk factors set forth elsewhere in this Prospectus, prospective purchasers should consider the following risks associated with a purchase of such securities:

This is a Blind Pool Offering; Reliance on Sunstone LLC and its Management – Although the Trustee expects that the net proceeds of this Offering will be applied to the purchase of one or more Properties, the specific Properties in which the Trust will invest have not yet been determined. In any event, if the maximum Offering of 40,000 Trust Units is sold, the Trust expects to apply approximately \$45,600,000 (i.e. approximately 91.2% of the gross proceeds of the Offering) to the purchase price and other acquisition costs of one or more Properties (including the Financing Fees payable to Sunstone LLC upon the closing of any Property acquisitions), and to the creation of working capital reserves and reserves for renovations and upgrades. If only the minimum Offering of 4,000 Trust Units is sold, the Trust expects to apply approximately \$4,375,000 (i.e. approximately 87.5% of the gross proceeds of the Offering) to the purchase price and other acquisition costs of one or more Properties (including the Financing Fees payable to Sunstone LLC), and to the creation of working capital reserves and reserves for renovations and upgrades.

Depending on the return on investment achieved on any Properties that may be acquired by the Trust, the Trust Unitholders' return on their respective investments in the Trust Units will vary.

Reliance on Management – Prospective purchasers assessing the risks and rewards of this investment should appreciate that they will, in large part, be relying on the good faith and expertise of Sunstone LLC and its principals, Darren Latoski and Steve Evans. In particular, prospective purchasers will have to rely on the discretion and ability of Sunstone LLC and its principals in determining the composition of the portfolio of Properties, and in negotiating the pricing and other terms of the agreements leading to the acquisition of Properties. The ability of Sunstone LLC to successfully implement the Issuers' investment strategy will depend in large part on the continued employment of Messrs. Latoski and Evans. Neither of the Trust nor Sunstone LLC maintains key person life insurance for any of these named individuals. If Sunstone LLC loses the services of one or more of these individuals, the business, financial condition and results of operations of the Issuers may be materially adversely affected.

No Market for Trust Units – There currently is no market whatsoever for the Trust Units and it is expected that there will be no market for the Trust Units. Consequently, holders of such securities may not be able to sell them readily, and Trust Units, Trust Units may not be readily accepted as collateral for a loan. Purchasers should be prepared to hold these securities indefinitely and cannot expect to be able to liquidate their investment even in the case of an emergency. Accordingly, an investment in Trust Units is suitable solely for persons able to make and bear the economic risk of a long-term investment.

Less than Full Offering – There can be no assurance that the maximum Offering will be sold. If less than all of the 40,000 Trust Units are sold pursuant to this Offering, then less than the maximum proceeds will be available to the Issuers and, consequently, their business development plans and prospects could be adversely affected, since fewer Properties will be purchased, owned and operated by the Property LP.

Risks of Real Estate Ownership – Investment in real estate is subject to numerous risks, including the factors listed below and other events and factors which are beyond the control of the Issuers:

- (a) *Financing Risks* – There is no assurance that the Trust will be able to obtain sufficient Mortgage Loans to finance the acquisition of Properties, or, if available, that the Trust will be able to obtain Mortgage Loans on commercially acceptable terms. Further, there is no assurance or guarantee that any Mortgage Loans, if obtained, will be renewed when they mature or, if renewed, renewed on the same terms and conditions (including the rate of interest). In the absence of mortgage financing, the number of Properties which the Trust is able to purchase will decrease and the projected return from the ownership of Properties will be reduced. Even if the Trust is successful in obtaining adequate Mortgage Loans, the Trust may not be able to generate sufficient funds through the operation of the Properties to service the Mortgage Loans. If a default occurs under any of the Mortgage Loans, one or more of the Lenders could exercise its rights including, without limitation, foreclosure or sale of the Properties.
- (b) *Interest Rate Fluctuations* - The Mortgage Loans may include indebtedness with interest rates based on variable lending rates that will result in fluctuations in the Trust's cost of borrowing.
- (c) *Potential Liability under Environmental Protection Legislation* – Environmental and ecological legislation and policies have become increasingly important in recent years. Under various laws, the Trust could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on, from or in one or more of the Properties or disposed of at other locations. The failure to remove or remediate such substances, if any, may adversely affect the Trust's ability to sell such Property or to borrow using the Property as collateral, and could potentially also result in claims against the Trust by private parties.
- (d) *Uninsured Losses* – Sunstone LLC will, under the terms of the Property LP Agreement, arrange for comprehensive insurance, including fire, liability and extended coverage, of the type and in the amounts customarily obtained for properties similar to those to be owned by the Trust and will endeavour to obtain coverage where warranted against earthquakes and floods. However, in many cases certain types of losses (generally of a catastrophic nature) are either uninsurable or not economically insurable. Should such a

disaster occur with respect to any of the Properties, the Trust could suffer a loss of capital invested and not realize any profits which might be anticipated from the disposition of such Properties.

- (e) *Reliance on Property Management* – In certain cases, Sunstone LLC will rely upon independent management companies to perform property management in respect of the Properties. The employees of the management companies will devote so much of their time to the management of the Properties as in their judgment is reasonably required and may have conflicts of interest in allocating management time, services and functions among the Properties and their other development, investment and/or management activities.
- (f) *Competition for Real Property Investments* – The Trust competes for suitable real property investments with individuals, corporations, real estate investment trusts and similar vehicles, and institutions (both Canadian and foreign) which are presently seeking or which may seek in the future real property investments similar to those sought by the Trust. An increased availability of investment funds allocated for investment in real estate would tend to increase competition for real property investments and increase purchase prices, reducing the yield on such investments.
- (g) *Revenue Shortfalls* – Revenues from the Properties may not increase sufficiently to meet increases in operating expenses or debt service payments under the Mortgage Loans or to fund changes in the variable rates of interest charged in respect of such loans.

Liability of Trust Unitholders – There is a risk that a Trust Unitholder could be held personally liable for obligations in connection with the Trust (to the extent that claims are not satisfied by the Trust). The Trust Declaration provides that no Trust Unitholder shall be held to have any personal liability as such for satisfaction of any obligation in respect of or claim arising out of or in connection with any contract or obligation of the Trust or the Trustee (to the extent that claims are not satisfied by the Trust). In any event, each of the Trust Declaration and the Property LP Agreement requires the Trustee and Sunstone LLC to ensure that any written contract or commitment of the Trust include an express limitation of liability except where not reasonably possible.

Risks Associated with Redemptions

- (a) *Use of Available Cash* - The payment in cash by the Trust of the redemption price of Trust Units will reduce the amount of cash available to the Trust for the payment of distributions to the holders of Trust Units, as the payment of the amount due in respect of redemptions will take priority over the payment of cash distributions.
- (b) *Limitation on Payment of Redemption Price in Cash* – The total cash amount available for the payment of the redemption price of Trust Units by the Trust is limited to \$100,000 in each calendar quarter and is limited in any twelve month period to 3/4 of 1% of the aggregate subscription price of all Trust Units that were issued and outstanding at the start of such twelve month period.
- (c) *Payment of Redemption Price in Kind* – As a result of the foregoing limitations, the redemption of Trust Units may be paid by way of a Trust Note, Debt Security or an Investment LP Unit. Trust Notes and Debt Securities are payable over a term of several years with annual interest at the Canada Five-Year Yield. Trust Notes, Debt Securities and Investment LP Units received as a result of redemptions of Trust Units may not be liquid. Further, they may not be qualified investments for Plans, and this could give rise to adverse consequences to a Plan or the annuitant under a Plan, including the redeeming Trust Unitholder becoming subject to a penalty tax, the Plan annuitant being deemed to receive income from the Plan, or, in the case of an RESP, having the Plan's tax exempt status revoked. Accordingly, Plans that propose to invest in Trust Units should consult their own tax advisors before doing so and before deciding to exercise the redemption rights attached to such Trust Units.

Currency Exchange Rate Risk – The Offering Price for Trust Units is denominated in U.S. dollars. The Canadian dollar is not maintained at a fixed exchange rate compared to foreign currencies but rather the value of the Canadian dollar has a floating exchange rate in relation to other currencies. Although investors are Canadian

residents, an investment in Trust Units is required to be made in U.S. dollars and the Property LP and its affiliates will conduct business in the U.S. Consequently, income and expense or any ultimate gain on sale will be earned or incurred in U.S. dollars. As a result of fluctuations in the Canada/U.S. dollar exchange rate, the value of an investment in Trust Units and the return on the original investment, when expressed in Canadian dollars, may be greater or less than that determined only with reference to U.S. dollars. Accordingly, investors are subject to currency exchange rate risk.

Risk Factors Relating to the Issuers' Canadian Tax Status

If either the Trust does not qualify or ceases to qualify as a “mutual fund trust” under the Tax Act, adverse consequences may arise including that: (i) the Trust may become liable to pay certain additional tax liabilities (with the result that the amount of cash available for distribution by the non-qualifying trust would be reduced and Trust Unitholders may otherwise be adversely affected), and (ii) the Trust Units may not be or may cease to be qualified investments for Plans (with the result that a Plan or its annuitants may become subject to additional tax or penalties or may be otherwise adversely affected).

The exposure of the Issuers to the new tax on SIFTs imposed by the SIFT Measures will depend in part on whether or not the Trust Units or Investment LP Units will be listed or traded on a stock exchange or other public market, and in such case on the Trusts' ability to qualify as “real estate investment trusts” under the REIT Exception and the Investment LP's ability to maintain central management and control outside of Canada. Where the Trust Units or the Investment LP Units are listed or traded on a stock exchange or public market, the Trust does not qualify or ceases to qualify as a REIT under the REIT Exception, or any of the Sunstone US Limited Partnerships cease to maintain residency, including central management and control, outside of Canada, adverse consequences could arise including that the non-deductible distributions amount, as previously described, could be taxable to the Trust, or to a Sunstone US Limited Partnership, as the case may be (with the result that the amount of cash available for distribution by the Trust would be reduced), and such amount would also, depending on the circumstances, be included in the income of Trust Unitholders for purposes of the Tax as taxable dividends.

There can be no assurances that Canadian federal income tax laws respecting the treatment of mutual fund trusts, SIFTs, and real estate investment trusts will not be changed, or that administrative and assessing practices of CRA will not develop, in a manner which adversely affects the Trust, the Investment LP or the Trust Unitholders.

Other Canadian Tax Related Risk Factors

The tax treatment of investment and real estate activities of the Issuers have a material effect on the advisability of an investment in the Trust Units (refer to “Canadian Federal Income Tax Considerations”).

The after-tax return from an investment in Trust Units to Trust Unitholders who are subject to Canadian income tax can be made up of both a return on and a return of capital, and will depend in part on the composition for tax purposes of distributions paid by the Trust (portions of which distributions may be fully or partially taxable or may be tax deferred). Subject to the SIFT Measures, income of the Trust distributed to a Trust Unitholder is generally taxed in the hands of the Trust Unitholder as ordinary income, capital gains, or dividends. Amounts in excess of the income of the Trust that are paid or payable by the Trust to a Trust Unitholder are generally non-taxable to a Trust Unitholder (but reduce the Trust Unitholder's adjusted cost base of the applicable Trust Unit for purposes of the Tax Act). The extent to which distributions will be tax deferred in the future will depend on the extent to which the Trust can reduce its taxable income by claiming available non-cash deductions such as capital cost allowances. Trust Unitholders are advised to consult their own tax advisers with respect to the implications of the foregoing in their own circumstances.

The after-tax return from an investment in Trust Units to Trust Unitholders who are subject to Canadian income tax will also depend in part on Trust Unitholders' ability to recognize for tax purposes U.S. taxes paid by the Trust or by the Trust Unitholder through foreign tax credits or foreign tax deductions under the Tax Act (refer to “Canadian Federal Income Tax Considerations”). A Trust Unitholder's ability to recognize U.S. taxes through foreign tax credits or foreign tax deductions may be affected where the Trust Unitholder has other U.S. source income or losses, has paid other U.S. taxes or, in certain circumstances, has not filed a U.S. federal income tax return. Furthermore, foreign tax credits or foreign tax deductions will be dependant upon the Canadian federal and provincial and U.S.

federal and state income tax rates that will prevail in future years to apply to applicable sources of income. Trust Unitholders are therefore advised to consult their own tax advisors in regards to foreign tax credits and foreign tax deductions.

The Trust Declaration provides that the Trust shall, subject to the Trustee resolving otherwise, distribute to Trust Unitholders in each year an amount of net income and net realized capital gains in order to eliminate the Trust's liability for tax under Part I of the Tax Act. Where the amount of net income and net realized capital gains of the Trust in a taxation year exceeds the cash available to the respective trust for distribution in the year, such excess net income and net realized capital gains may be distributed to Trust Unitholders in the form of additional Trust Units. Trust Unitholders will generally be required to include an amount equal to the fair market value of those Trust Units in their taxable income notwithstanding that they do not directly receive a cash distribution.

There can be no assurance that income tax laws (or the judicial interpretation thereof or the administrative and assessing practices of CRA) and/or the treatment of "mutual fund trusts", SIFTS, or REITs will not be changed in a manner which would adversely affect the Trust or the Trust Unitholders.

Investors should consult their own professional advisors as to the tax consequences to them of making an investment in, and of holding, Trust Units offered herein.

U.S. Tax Related Risk Factors

The tax treatment of investment and real estate activities and of the Trust has a material effect on the advisability of an investment in the Trust Units (refer to "U.S. Federal Income Tax Considerations").

For example, the Investment LP is not currently qualified as a REIT for U.S. federal income tax purposes and it may fail to meet the requirements to qualify as a REIT, which will require the Investment LP to pay additional taxes and which could reduce funds available to make distributions to the Trust Unit holders. A REIT that is disqualified as a REIT cannot generally again elect to become a REIT prior to the fifth taxable year beginning after the first taxable year for which the termination is effective. Even if the Investment LP becomes qualified as a REIT for U.S. federal income tax purposes, it may be subject to other tax liabilities that reduce its cash flow and its ability to make distributions to the Trust. For example, if the Investment LP (through the Property LP) sells property, other than foreclosure property, that it holds primarily for sale in the ordinary course of business, the gain recognized would be subject to a 100% "prohibited transaction" tax. Furthermore, future legislative, judicial or administrative changes to U.S. federal income tax laws could affect the tax implications to the Property LP, the Investment LP, the Trust and the Trust Unitholders.

Given the highly complex nature of the rules governing REITs and the possibility of future changes in its circumstances, no assurances can be given that Investment LP will qualify as a REIT for U.S. federal income tax purposes, whether in its first taxable year or in any subsequent year.

The Investment LP, the Trust and, in some cases, Trust Unitholders will be making withholding certificate applications to the IRS to request for a reduction in U.S. federal income tax withholdings that would otherwise apply to an amount that more closely resembles the actual tax liability. No assurance can be given that the IRS will approve a withholding certificate application.

Trust Unitholders to whom the Trust allocates U.S. effectively connected income are required to file a U.S. federal income tax return. Trust Unitholders must obtain a U.S. taxpayer identification number in order to file a U.S. federal income tax return.

A Trust Unitholder's investment in the Trust Units might have U.S. gift and estate tax implications. The gift and estate tax rules are complex, and each Trust Unitholder should consult his or her own tax advisor to determine the U.S. gift and estate tax implications.

The rules governing the U.S. federal income taxation of Trust Unitholders are complex. The summary in "U.S. Federal Income Tax Considerations" does not address or consider all aspects of U.S. federal income tax of an

investment in the Trust and does not consider state, local or non-U.S. tax consequences. Prospective investors should consult their own tax advisors to determine the U.S. federal income tax consequences, reporting and any other requirements applicable to their particular situations.

For all of the aforesaid reasons and others set forth herein, the Trust Units involve a certain degree of risk. Any person considering the purchase of Trust Units should be aware of these and other factors set forth in this Prospectus and should consult with his or her legal, tax and financial advisors prior to making an investment in the Trust Units. The Trust Units should only be purchased by persons who can afford to lose all of their investment.

18. PROMOTER

Sunstone may be considered to be the promoter of the Issuers by reason of its initiative in organizing the business of the Issuers and taking the steps necessary for the public distribution of the Trust Units. As at the date hereof, neither Sunstone nor any of its directors, officers or shareholders beneficially owns, controls or directs, directly or indirectly, any Trust Units. Sunstone Advisors (U.S.) Inc., a subsidiary of Sunstone, may receive payment from Sunstone LLC for services provided to Sunstone LLC in respect of the acquisition or disposition of Properties and the ongoing management of the Properties and the Property LP.

19. LEGAL PROCEEDINGS

There are no outstanding legal proceedings to which the Issuers are a party, nor are any such proceedings known to be contemplated.

20. INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

The Trust and the Investment LP were only recently formed and have not carried on any business to date. Neither Sunstone nor any of its directors, executive officers or shareholders, or any of their associates or affiliates has a material interest in any transaction carried out by the Trust, the Investment LP or their subsidiaries within the three years before the date of this Prospectus that has materially affected or is reasonably expected to materially affect the Trust or the Investment LP or any of their subsidiaries.

21. RELATIONSHIP BETWEEN THE TRUST AND INVESTMENT LP AND THE AGENTS

Sunstone may be considered to be a connected issuer of one of the Agents, Sora Group Wealth Advisors Inc. (“SGWA”), because Darren Latoski and Steve Evans own in aggregate 3.4% of the outstanding shares in the capital of SGWA. SGWA was not involved in the decision by the Issuers to offer the Trust Units pursuant to this Prospectus nor in the determination of the terms of the Offering. The Offering was not required, suggested or consented to by SGWA. Except to the extent that SGWA may receive a portion of the sales fees payable to Agents as a result of sales of Trust Units by SGWA, proceeds from the Offering will not be applied for the benefit of SGWA.

22. AUDITORS

The auditors of the Trust are KPMG LLP, of Vancouver, British Columbia.

23. REGISTRAR AND TRANSFER AGENT

Pursuant to the Trust Declaration, the Trustee acts as the registrar and transfer agent for the Trust Units. Registration and transfers of Trust Units will be effected only through the book-entry only system administered by The Canadian Depository for Securities Limited (“CDS”). A purchaser of Trust Units will receive only customer confirmation from the registered dealer which is a CDS participant and from or through which Trust Units are purchased (refer to “Plan of Distribution”).

24. MATERIAL CONTRACTS

The following are the only material agreements, other than contracts entered into in the ordinary course of business, which the Issuers have entered into during the last two years, and the material agreements to which Purchasers will be required to become a party. **Copies of these agreements are available for inspection during regular business hours at the offices of Sunstone, located at 910 – 925 West Georgia Street, Vancouver, British Columbia V6C 3L2.**

24.1 Particulars of Material Contracts

1. **Trust Declaration** – described in “Description of the Securities Distributed– The Trust”.
2. **Investment LP Agreement** - described in “Description of Businesses of the Issuers – The Properties”.
3. **Property LP Agreement** – described in “Description of Businesses of the Issuers – The Properties”.
4. **General Partner Services Agreement** – described in “Executive Compensation – Management Agreement”.
5. **Agency Agreement** – described in “Plan of Distribution – Agency Agreement”.
6. **Cost Sharing and Recovery Agreement – Investment LP**– an agreement dated as of May 1, 2008 between the Trust and the Investment LP pursuant to which the Investment LP has agreed to bear all of the costs of this Offering incurred by the Trust, as a cost of issuing Investment LP Units;
7. **Cost Sharing and Recovery Agreement – Property LP**– an agreement dated as of May 1, 2008 between the Investment LP and the Property LP pursuant to which the Property LP has agreed to bear all of the costs of this Offering incurred by the Trust, as a cost of issuing Property LP Units.

24.2 Inspection of Contracts and Reports

There are no material contracts except as disclosed in this Prospectus or entered into in the ordinary course of the Issuers’ business, all of which may be inspected at the registered office of the Trustee, 800 – 885 West Georgia Street, Vancouver, British Columbia, V6C 3H1, during normal business hours while the Offering under this Prospectus is in progress, and for a period of thirty days thereafter.

25. EXPERTS

No professional person providing an opinion in this Prospectus expects to be elected, appointed or employed as a director, senior officer or employee of the Issuers or of an associate of the Issuers, or is a promoter of the or of any associate of the Issuers.

Certain legal matters in connection with this Offering will be passed upon by Clark Wilson LLP, on behalf of the Issuers, and by Miller Thomson LLP, on behalf of the Agents. As at May 2, 2008, partners and associates of Clark Wilson LLP, as a group, beneficially owned, directly or indirectly, less than 1% of the outstanding securities of the Issuers and their respective associates and affiliates. As at May 2, 2008, partners and associates of Miller Thomson LLP, as a group, beneficially owned, directly or indirectly, less than 1% of the outstanding securities of the Issuers and their respective associates and affiliates.

KPMG LLP, in its capacity as tax advisor to the Trust, has prepared the summary of principal Canadian federal income tax considerations set out under the heading “Canadian Federal Income Tax Considerations”. As at May 2, 2008, KPMG LLP beneficially owned, directly or indirectly, less than 1% in the outstanding securities of the Issuers and their respective associates and affiliates.

26. PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides Purchasers with the right to withdraw from an agreement to purchase securities within two Business Days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, securities legislation further provides a Purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the Purchaser, provided that such remedies for rescission or damages are exercised by the Purchaser within the time limit prescribed by the securities legislation of the applicable province. The Purchaser should refer to the securities legislation in the province in which the Purchaser resides for the particulars of these rights or consult with a legal advisor.

27. FINANCIAL STATEMENTS

See next page.

AUDITORS' CONSENT

To the Trustee of Sunstone U.S Opportunity Realty Trust:

We have read the prospectus of Sunstone U.S. Opportunity Realty Trust (the Trust) dated May • , 2008 relating to the sale and issue of Units of the Trust. We have complied with Canadian generally accepted standards for an auditor's involvement with offering documents.

We consent to the use in the above-mentioned prospectus of our report to the Trustee of the Trust on the balance sheet of the Trust as at May 1, 2008 and our report to the General Partner of Sunstone U.S. (2008) L.P. (the Investment LP) on the balance sheet of the Investment LP as at May 1, 2008. Our reports are dated May • , 2008.

AUDITORS' REPORT

To the Directors of Sunstone U.S. Realty Services (2008) Inc.
in its capacity as Trustee of the Trust

We have audited the balance sheet of Sunstone U.S. Opportunity Realty Trust (the Trust) as at May 1, 2008. This financial statement is the responsibility of the Trust's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, this financial statement presents fairly, in all material respects, the financial position of the Trust as at May 1, 2008 in accordance with Canadian generally accepted accounting principles.

SUNSTONE U.S. OPPORTUNITY REALTY TRUST

Notes to Balance Sheet
(Expressed in United States dollars)

May 1, 2008

1. Incorporation and operations:

Sunstone U.S. Opportunity Realty Trust (the Trust) is an unincorporated, open-ended investment trust formed pursuant to the Declaration of Trust dated April 23, 2008 under, and governed by, the laws of the Province of British Columbia and resident in Canada.

The principal business of the Trust is to invest the proceeds from the issuance of Trust Units in the acquisition of Units of Sunstone U.S. (2008) L.P. (the Investment LP). The Investment LP is to invest the proceeds from the issuance of Investment LP Units in the acquisition of Units of Sunstone U.S. Opportunity L.P. (the Property LP). The Property LP is to invest the proceeds from the issuance of Property LP Units in acquiring, owning and operating a diversified portfolio of multifamily apartment properties in the United States.

There has been no activity in the Trust between its formation on April 23, 2008 and May 1, 2008, except for the receipt of a capital contribution. Accordingly, no statement of operations, or cash flows for the period have been presented.

2. Unitholder's equity:

Unitholder's equity represents the initial capital contribution to the Trust made by Sunstone Realty Advisors Inc. The Trust is authorized to issue an unlimited number of redeemable units of beneficial interest. Each Trust Unit entitles the Trust Unitholder to the same rights and obligations as any other Trust Unitholder and no Trust Unitholder is entitled to any privilege, priority or preference in relation to any other Trust Unitholders.

Each Trust Unitholder is entitled to participate equally with respect to any and all distributions of net income and net realized capital gains, subject to an adjustment in a Trust Unit's proportionate share as a result of the date of first issue of a Trust Unit in the first fiscal year of the Trust. On termination, the Trust Unitholders of records are entitled to receive all of the assets of the Trust remaining after payment of all debts, liabilities and liquidation expenses of the Trust.

The Trust intends to make quarterly distributions to Trust Unitholders.

3. Subsequent event:

The Trust, along with the Investment LP, entered into an agency agreement dated ●, 2008 pursuant to which it filed a prospectus dated May ●, 2008 in each of the Provinces of Canada in connection with its Initial Public Offering (the "Offering") of ● units of the Trust at a price of \$● per unit for total gross proceeds of \$●. Costs relating to the Offering including agency fees of \$◆ per Unit, are estimated to aggregate \$◆.

AUDITORS' REPORT

To the Directors of Sunstone U.S. Realty Services (2008) Inc.
in its capacity as General Partner of the Limited Partnership

We have audited the balance sheet of Sunstone U.S. (2008) L.P. (the Investment LP) as at May 1, 2008. This financial statement is the responsibility of the Investment LP's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, this financial statement presents fairly, in all material respects, the financial position of the Investment LP as at May 1, 2008 in accordance with Canadian generally accepted accounting principles.

SUNSTONE U.S. (2008) L.P.

Notes to Balance Sheet
(Expressed in United States dollars)

May 1, 2008

1. Incorporation and operations:

Sunstone U.S. (2008) L.P. (the Investment LP) is a limited partnership formed pursuant to and governed by the laws of Delaware and created by the Investment LP Agreement. It will make an election pursuant to the Internal Revenue Code (“Code”) to be taxed as a corporation for U.S. tax purposes and intends to make an election to be treated as a real estate investment trust (“REIT”) pursuant to the Code and to take the necessary steps to qualify as a REIT pursuant to the Code. The Investment LP was established, among other things, to:

- (a) acquire limited partnership units in Sunstone U.S. Opportunity Limited Partnership (“Sunstone U.S. LP”); and
- (b) temporarily hold cash and investments for the purposes of paying the expenses and liabilities of the Investment LP and make distributions to the holders of the Investment LP Units.

The general partner of the Investment LP is Sunstone Realty Advisors (Delaware) Inc. (the “General Partner”). The initial limited partner is Sunstone U.S. Opportunity Realty Trust (the “Initial Limited Partner”).

The principal business of the Investment LP will be to issue Investment LP Units and to acquire and hold Units of Sunstone U.S. Opportunity L.P. (the Property LP). The Property LP is to invest the proceeds from the issuance of Property LP Units in acquiring, owning and operating a diversified portfolio of multifamily apartment properties in the United States.

There has been no activity in the Investment LP between its formation on April 30, 2008 and May 1, 2008, except for issuance of one Investment LP Unit and one General Partner Unit. Accordingly, no statement of operations, or cash flows for the period have been presented.

2. Significant accounting policies:

The financial statement has been prepared in accordance with Canadian generally accepted accounting principles and includes the following significant accounting policies:

- (a) Basis of presentation:

The financial statement reflects the financial position of the Investment LP and does not include the assets, liabilities, revenues and expenses of the Partners.

- (b) Measurement uncertainty (use of estimates):

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

(c) Allocation of net income or net loss:

Net income or loss of the Investment LP will be allocated first to the Limited Partners holding Class B Units at a percentage to be determined by the General Partner in its sole discretion upon the issuance of the Class B Units. The balance of net income or loss will be allocated 0.01% to the General Partner to a maximum of \$100 per annum and 99.99% to the Limited Partners per annum.

3. Partners' equity:

The capital of the Investment LP consists of an unlimited number of Class A Units, 1,000 Class B Units, and the interest held by the General Partner. The General Partner has made a capital contribution of \$10 to the Investment LP. The Initial Limited Partner has made a capital contribution of \$10 to the Investment LP, which contribution will be repaid upon subscription for the first Investment LP Units. The Initial Limited Partner will contribute to the Investment LP \$1,250 in capital per Limited Partnership Unit purchased. Limited Partners holding Class B Units of the Investment LP will contribute \$1,000 in capital per Class B Unit purchased.

4. Subsequent events:

The Investment LP, along with Sunstone U.S. Opportunity Realty Trust (the Trust) entered into an agency agreement dated May ●, 2008 pursuant to which it filed a prospectus dated May ●, 2008 in each of the Provinces of Canada in connection with its Initial Public Offering (the "Offering") of ● Units of the Trust at a price of \$◆ unit for total gross proceeds of ●. Costs relating to the Offering, including agency fee of \$● per Unit, are estimated to aggregate \$●.
